Sheila Myers says

Another wonderful book by Max Lucado. As always, the author does a great job of discussing the topic and providing Scripture verses and passages to back up what he wrote.

Scott Ray says

Good book in regards to the state of your heart. When you have a dry heart it makes you realize how much it is really you moving away from Christ not the other way around. The info is good it makes you realize why you are feeling dry.

My only problem with the book is in the intro. Rather than just makeing an outline he puts it into a prayer. The prayer is said that if you say it every day you will not have a thirsty heart.

I have the same problem with this as I do with other "say a prayer book" it turns it basically into a mantra. There is no room for blindly saying mantra's putting your faith in a ritual as a follower of Christ.

If you take out that one part it is an excellent book.

Lucado has a way of writing about God and the life of faith that speaks to both the layperson and the high church theologian that helps the reader to immerse in the mystery and the revealed; making great points, asking thought provoking questions while entertaining and challenging the reader to find relevant content to apply to everyday life. Always a joy to read Lucado.

Max usually delivers and this was no different. I really needed a good word from someone who understands what it means to be in a dry patch. He had funny and poignant illustrations of people who believe but who are struggling. I recommend it if you need something more.

Stephanie says

Max Lucado is one of my favorite devotional authors. This is another awesome book. I can't read enough of them.

Wes Hunter says

this is pretty much a stock Christian book. Definitely well written, but not too challenging.

Olivia Jarmusch says

All of Max Lucado's books are wonderful, and this was no exception! So many great truths about God's love to remind ourselves of daily. All of the concepts covered were the basic, simple building blocks of our faith, but sometimes those 'simple' things are easy to forget. Max also adds a fun spin on things with this creative word-building, and I love the mental images he leaves you with. I'd recommend this book to anyone who's looking for an inspirational read that will draw them closer to the Lord.

Donna Mork says

Enjoyed this book very much. It contains a lot of interesting thoughts. One of my favorites is "Heaven enjoys a maternity-ward reaction to funerals. Angels watch body burials the same way grandparents monitor delivery-room doors." I just lost a friend and this was a good reminder that tears are for those of us left behind. The joy is on the other side. And thinking of the angels cheering as we cross over makes me smile. Someday there will be a grand reunion.

Truly Explains "Living Water"

The author really explains well a concept I have had trouble with in the Bible, that of "living water." He explains this clearly in layman's terms.

I was amused at this passage on p. 390, having substituted in middle schools and thoroughly enjoyed myself. "The sin-infected grant God the same respect middle-schoolers give a substitute teacher -- acknowledged, but not taken seriously."

And on p. 623 he writes "Less caffeine," as if caffeine were bad for us. I thought coffee was healthy.

Other than these amusing passages (and some others, more deliberate, I'm sure) this was a deeply reflective and meaningful book.

Megan says

I like Max Lucado. I really do. He's smart, in love with God but sometimes I find that I just don't enjoy his books.

I don't know if I can articulate it... but I just couldn't get through this book. Maybe one day I can figure out what it was that just didn't work for me.

Bella says

I love this book so much! It really spoke to me in the way that we are all in need of Jesus and we are not perfect. We may make a couple of mistakes in life, but, God will forgive us! In this book, Max Lucado talks about the living water and how it is different from regular water that we drink. The water that God offers is everlasting life and eternity with him!

Lizzytish says

Nothing new, but good reminders.
Some quotes I like:

Religion pacifies but never satisfies.

Most Christians find the cross of Christ easier to accept than the Spirit of Christ.

The Holy Spirit pours the love OF God in our hearts, not the love FOR God.

Are you afraid of a giant? Then recall the lion and the bear. Don't look forward in fear; look backward in appreciation. God's proof is God's past. Forgetfulness sires fearfulness, but a good memory makes for a good heart.

Cast all your care on Him. Not place, lay, offer. Cast as in casting out demons, as in don't come back.

You can not produce what you do not possess.

4.5. I've always admired his way with words. I especially love the tie-in stories. There was one chapter in which he talked about "bad things" that I thought was too simplistic. I think I knew what he meant given an earlier chapter, but it wasn't clear.

Steven Walle says

This is a program for hydrating your soul. The program describes four essential actions:

1. Accept God's work.
2. Rely on God's energy.
3. Trust God's leadership.
4. Receive God's love.

Enjoy and Be Blessed

Jay Wright says

The book is good with many good messages. It is a three because I am judging him as to his prior works. While this is good, it is perhaps not as good as some of his previous works.
