The Deadlier Sex Randy Striker , Randy Wayne White

Dusty MacMorgan and his pal Westy O'Davis are fishing along South Florida's Ten Thousand Island coast when they make a most unusual catch-a naked woman. And no sooner do they get her on board than a nearby trawler explodes.

Even more remarkable is the story the waterborne beauty tells upon awakening. She is a member of a hard-core women's group secreted on a local key. And when Mac and Westy escort the lady home, they discover a tropical feminist utopia. But behind the faade lies a deadly secret that will make them wish they'd thrown their alluring catch back...

#4 in the Dusky MacMorgan series. MacMorgan is the hero of a quickie series of 7 thrillers written in 1981-2 by Randy Wayne White as Randy Striker.

Dusky MacMorgan and Westy O'Davis are on a fishing holiday in the Ten Thousand Islands when they encounter a naked woman and an exploding boat. They take the woman home to an island enclave of feminists and find out from the Coast Guard that the exploded trawler is one of a series of destroyed drug runners.

Jim Felton says

Another good book in the series. This is action oriented and follows somewhat of a formula. I will likely read more books from the series but may take a break and read something a little different first. Recommended if you like something action oriented and a quick read.

Kim Gaeth says

good twists and turns in this dusky m series

Laura Kirchhofer says

Easy read, kept my attention, lots of action and details about Florida

Florence Primrose says

MacMorgan becomes embroiled with those attempting to profit from drugrunning by an unlikely group of women. Interesting back ground of the Ten THousand Island area in southwest Florida.

Nita says

Not bad for a quick read and even enjoyable in small parts. I can see how this book could be adapted for a good B level action flick but other than that, it is a cliched story with a trite plot and familiar twists. The saving grace is the writing which flows and doesn't falter at critical juncture. At least the sex wasn't gratuitous which it could very well have been given that it features an island full of good looking women. One must laugh at the writer's naivete, though. All woman who need/seek shelter and end up there must be lesbians!!! I will give the author props for not apologizing for this book, which was written in the early part

of his career.:)

A pretty good one. The ending took me by surprise, and that's hard to do.
