## A Cheyenne Christmas Caroline Lee

They need each other to survive... but their families need a reason to celebrate.

Ash Barker and his brother had just about built their ranch into a success when he busted his arm trying to tame a particularly nasty mustang. Now they're headed into Cheyenne's harsh winter with fewer hands and a very real danger of failure. They need someone else—anyone else—out there with them, to make it through this season.

Molly Murray's dream of owning her own bakery went up in flames with the Great Chicago Fire. She's been supporting her younger sisters for the last four years, and it seems like the Cheyenne wilderness might be her last chance to give them all a real home. But no one will hire her... until she meets the intimidatingly masculine, incredibly handsome, and very desperate Ash Barker.

Can their unique families blend in time to celebrate their first real Cheyenne Christmas?

## From Reader Review A Cheyenne Christmas for online ebook

### Corey Nicholson says

#### A breath of fresh air!!

I must admit that romance is a genre that I rarely read, but this wonderful novella was much more than that. The story of Ash and Molly had my eyes glued to my kindle. More Ash and Molly pleeeeaassssee!! I cannot wait to read more books from Caroline Lee in the future.

If you enjoy feel good, steamy romance then this book is for you.

---

### SheLove2Read says

A sweet romance set in the old West of Cheyenne, Wyoming. Nothing complicated about this little story but if you like heartwarming reads, this fits the bill nicely.

---

### Jo-Anne says

Ash Barker and his adopted brother, Nate, have worked hard and built a successful ranch in Wyoming. Just before winter, Ash broke his arm so he couldn't do all the work needed.

Molly Murray had been looking for a job to support her younger sisters for years when she decided to go to Cheyenne, Wyoming and look for work. She doesn't have any better luck there until she meets Ash who needs any help on his ranch he can get so hires Molly as his housekeeper. Molly was pleasantly surprised when Ash said her sisters could live at the ranch with her.

This is a wonderfully accurate historical romance. It's well written with likable characters. Molly is a strong woman who wants to care for her sisters and will take almost any kind of job to do that. Ash is a big, gruff man who's bark is worse than his bite. He's a hard worker but very kind to his brother, Molly and her sisters. The secondary characters, Wendy, Annie and Nate added to the story, especially with their thoughts of what was proper behavior in those times.

The romance that developed between Molly and Ash was enjoyable to see. Ash was behaving in ways totally foreign to him, which was a bit funny. Molly hid her feelings toward Ash - being the lady she was.

This is a wonderful frontier Christmas romance.

---

### Debbie says

3.5 stars. cute tale, nothing too complicated, just what you need to read when recovering. genuinely nice story.

## **Jennifer says**

### **A sweet story with great characters**

This Christmas story deserves the five stars I gave it. The characters are sweet and believable. Ms. Lee's writing has a wonderful flow to it, which drew me in and kept me turning the pages. Now I need to read the next story in this series!

---

## **Carol says**

This was just a beautiful story, made very special by the characters. Attention to detail, the setting, and character depth are all present. Final result: a very touching, romantic, and family-focused story that kept me engaged throughout. The pace was perfect. This is a story of hardship, struggle, prejudice, respect, overcoming difficulties, loving, and finding out what's most important. A great read for Christmastime or anytime. A stand-alone story, absolutely. But, a sequel to be published before Christmas 2014.

## **Joleen says**

A Cheyenne Christmas is my 22nd book Christmas book of the season,.

I wrote a scathing review, but felt bad about it, so I decided to rewrite it and not be so mean.

There are errors in this book that need addressing, and the author needs to be careful with simple things that were glaring to me. Like someone who spent any time on a farm would know you can't leave a ranch for a day or two without having someone to milk their cows or feed their chickens.

At one point Molly was eyeing a beautiful doll and said, "I wonder if Annie ever had anything that beautiful." She was talking about her little sister....someone she lived with every day since Annie was born. It was a time filler or something that needs rewording and should have been caught by an editor.

The writing style was lacking, simple, but some of the subject content would not have been appropriate for a young age level...like explanation of love making.

Well now, that sounds much less critical, but I get my point across..sort of.

.

## **Joan says**

A gentle sweet read, with a predictable plot. Not much really happens though. I would have liked some

---

tension, some drama. Instead we had Molly worrying about whether Ash loved her. Ad this was the man she had mad, passionate sex with every night, and she still thinks he doesn't love her?? And then we find out that Ash is also wondering if Molly loves him???

It didn't make much sense to me. It was as if the author suddenly realised that the story needed some drama (which it did)

The writing was okay, but I felt distanced from the characters, although Nathan was wonderful. There were some editing errors - Ash arriving in town with 'one arm tucked tightly against his side' but later we read that he is wearing a sling, and then later on, the arm is in a heavy plaster cast.

---

### **Kristin Larsen says**

#### **Ill reread this story. In the days before christmas**

this story is about what is right with the world.

love with its many manifestations simply a joy to savor.

---

### **Brandi says**

Free kindle book. Thought it was pretty good actually. Cute story. Moved quickly. Western romance.

---

### **Linda says**

It's a sweet Western romance novella. It was a "free" read but it's only .99 cents right now. This is the first book by Caroline Lee I have read and I will be checking out her other books.. I enjoyed reading this story and I'm looking forward to the 2nd book which will be coming out next Christmas.

---

### **Lisa C. says**

I haven't read a lot of short stories where the author is able to write well developed characters, have a decent plot and have it not end abruptly or lose out on a lot of details. This author was able to do all of this and have an entertaining story, as well.

I think the part I liked the best were that the characters were not perfect. There were no silly misunderstandings due to communication problems nor any unbelievable problems. The whole story was very realistic and had good descriptions of the people and where they lived. I really loved how Molly showed Nate the joy of decorating for Christmas. Overall, a warm story of family.

---

## Jeffrey says

Our heroine Molly lands in Cheyenne, straight from Chicago where the infamous fire has destroyed her dreams of opening a bakery. Desperate to find work so she can support her two younger sisters, who does she meet fresh off the train than Nate Barker, the adopted half-breed indian brother of our hero, Ash Barker. A mountain of a man, Ash appears frightening and intimidating as he comes to town to reign in his rebellious brother. Ash has a long mend from a badly broken arm and needs temporary help on his ranch while Molly desperately needs a place for herself and her sisters. So as to protect Molly's virtue out on the ranch, Ash weds Molly and the relationship begins as a marriage-in-name-only. Will Molly's dream of continuing out west to begin her bakery happen? Will Ash's growing fondness for Molly keep her at his ranch? This is a quiet story full of relational tension between these two. The arrival of Molly's sisters heightens this to another level. There is some love-making involved (well, they ARE married!) but the author spares the reader any graphic details so it remains a sweet, clean romance. Will these two be able to finally express their confused feelings openly? This reviewer enjoyed this story so much that the rest of the "Cheyenne Quartet" is now firmly on his to-read list.

---

## Ann says

A lovely story with a real Christmas miracle in it. I could almost believe I was in there in the cabin, almost smell the delicious cooking and see the lovely Christmas tree. But most of all I felt the growing love between Ash and Molly and the feeling of togetherness and family.

---

## Layla says

Molly is desperate to find a respectable job so that she can support her younger sisters and heads out to the unfamiliar west to seek that fortune. When she first sees Nate, she is taken aback as he clearly has Indian heritage and she has only read penny dreadful depictions. He stops her falling and she recognises that he is no threat. When she then sees a large man with a thunderous expression heading for Nate, she decides that she can't just stand by and rushes to intervene – meeting Ash, Nate's brother.

Fate brings Molly into Ash's life at the perfect time and he treasures everything about her. Molly is equally drawn and equally reticent to believe that the object of her affections could feel the same way.

A delightful, uncomplicated short read (about 124 pages) – a sweet romance with well-rounded characters. The addition of Molly's sisters sets the scene for a wonderful feel-good Christmas tale.
