The Baby Arrangement Samantha Chase

What do you do when a baby is dropped on your doorstep and you're not sure if the father is you or your wayward brother? If you're Derek Sloan you freak out as your perfectly organized world suddenly becomes filled with chaos. With his brother nowhere to be found and fatherhood is suddenly thrust upon him, Derek is desperate for any help he can get.

What do you do when the man you've been crushing on suddenly has a need and you are the only one he wants to fill it? You do a little happy dance and pinch yourself to make sure you're not dreaming! For five years Kayleigh Mitchell has longed for her boss to notice her and now that he has, she can only hope that he'll come to see her as more than a temporary solution to his problem, but someone that he wants around for the long haul.

This is a Valentine's Day SHORT STORY of approximately 27,000 words

Heather says

Cute quick unexpected romance that emerges when a baby is dropped off at his office and she comes to the babies rescue.

Doesn't hurt she's been attracted to him for years, however he never knew she was perfect for him and his new baby.

Fade to black bedroom action. Quick romance with a happy ending.

Great hoopla selection for me.

Alison Harper says

predictable from page 1

Allison Connors says

Samantha Chase does it again! Tugs at your heart strings and makes you feel warm inside. Great story...great characters! Love the transformation of the bad guy that turns good. Fell in love with him! Waiting very impatiently for what comes next by her! A feel good story that I don't have to hide from my boy's curious eyes!

Nicki - The Overflowing Bookcase says

When a baby is left at Derek's office, not only does he not know who's baby it is, but also how to care for it. Kaleigh enters his office and goes from one of his office staff to the baby's nanny in a blink of an eye. Through midnight feedings the sparks fly and a romance builds, but will it all fall apart when his brother and the baby's father returns and wants no part of the child? Or will Kaleigh get the baby and the man she wants too? Nothing better than a hot single man and a baby. This was a great book.

susan lovetro says

Shallow

not bad as a quick read I guess. but boring characters with no depth. silly plot line. Will avoid this series in the future. but if you enjoy quick mindless predictable romance give it a try

UniquelyMoi ~ BlithelyBookish says

The Baby Arrangement is a quick, fun read. It's a little predictable and felt a little rushed at times, but all in all it's a sweet, romantic, entertaining story!

A copy of this book was provided by the publisher.

Sherry says

2.5 stars

The Baby Arrangement, by Samantha Chase, came into my library so I decided to give it a whirl. It was okay. It suffered from the same thing so many novellas suffer from for me and that's a lack of depth. In the story, a baby girl is left at Derek Sloan's design firm with a note that she's his, only he's not sure whether the note is for him or his brother Brian. Kayleigh, a young woman who works in his customer service department, comes to the aid of the baby's cries. His brother is out of the country and unreachable, so Derek offers Kayleigh a generous deal to move into his place and care for the child while he sorts things out. Kayleigh has secretly been crushing on Derek for 5 years and can't find it in her to turn him down. Lines are blurred while they're living under the same roof, and as they get to know one another, they're both forming bonds that they shouldn't be.

Yes, nothing earth shattering here. I think you have to go in with the right intentions in order to really enjoy this story because it's pretty transparent. I liked Kayleigh. Derek was ok too. I didn't feel a ton of chemistry between them but it was there. I think the thing that bugged me the most was that Derek was a rich guy and could have had a DNA test run in no time. Why this was left out is beyond me, but that's fine. The end was super cheesy. If you like that kind of thing, you'll probably like the ending. It honestly left me rolling my eyes a little. I think the author took a complicated issue and oversimplified it. I would have liked to see a little more emotion in that part of the story. The characters felt too detached, or maybe too closed off. Too cold? Too accepting? It just didn't have the right emotional balance for me. Like I said, you have to read it with the right intentions. I hoped they'd be happy and they were, and with it being such a quick read, it was decent.

Erika says

The Baby Arrangement is one of the cutest stories I have read in awhile!

We all have unrequited relationships in our lives, and Kayleigh Mitchell has a major crush on her handsome boss, Derek Sloan, who doesn't even know who she is.

Enter adorable baby Emery, dropped off at their office building, with the question of paternity between Derek and his brother Brian, hanging in the air. Add the coos, screams and needs of a very young baby, and what do you need? Help! Kayleigh to the rescue!!

Kayleigh becomes Emery's nanny, and so much more as a surprise romance (that made my stomach flip flop at times) sparks to life between her and Derek! Of course there are obstacles to overcome, but navigating them together seems to be just right!

This is a wonderful short story! Thanks for another gem, Samantha Chase!

Vasso V. says

[So, love me and marry me after 2-3 weeks, and so easy to get the baby, like in 1 less than a week ? (hide spoiler)]

Kimberly says

A whirlwind...

A Baby is left at an office and they are given little information regarding the child. Derek's a complete jerk but Kayleigh seems to fall for him anyways. This book is not as good as some of her other books, but is a decent read.

Bette Hansen says

Excellent

When a baby gets dropped off in his office Derek Sloan knows his life will be changed forever. He has no idea how much.....

This was a cute fun story with great characters and great writing. I definitely recommend it.

Becca Moree says

Alright, I will admit it....

The Baby Arrangement is predictable...

it is an extremely quick read...

and yep...you got me...it is a bit cheesy!

Want to know something else that it is!?!

IT IS ABSO-FREAKING-LUTELY AWESOME!!

Hehe, this story had me giggling, ooohing, aaahhhing and crying! As I read I honestly didn't even care about any of the things I listed above! All I could do was focus on how wonderful the story was and how much I didn't want to put the book down.

For such a short story, Samantha really did an amazing job of character and plot development. Nothing felt

rushed or skimmed on.

While the story line has been done a dozen times at least, it hasn't been done quite like this. The crazy and unexpected occurrences were a welcome distraction from the slightly predictable plot line.

To put it mildly, The Baby Arrangement is short, sweet and an epic romance. I highly recommend it and cannot wait to dig into the next book in the series!!

?lkim says

K?sa ve sevimliydi. Biraz harlequinlerdeki gibi her ?ey gayet h?zl? oldu ama yine de okunur.

Cynthia says

This was a quick, a little cheesy read which will highly entertain you as the author takes you through the steps at times humorous read. Finding a baby placed in one's office. Not knowing who the daddy is and not knowing what to do with it. One lady comes to the rescue but said lady has had a long time crush on said man. You end up with the woman teaching one man a lot about love, life and happiness.

I really enjoyed this story. Derek has no clue how to take care of this baby doesn't even know if it is his. He can't find his brother or the baby's mother. With one screaming infant and not a clue he is so thrilled when a woman runs into his office to calm down the infant. He talks her into coming home and helping him take care of the little dear. Derek just wants his life to go back the way it was, he is a hard worker with little down time. He really is a sweetheart of a man who just needs to let loose a little. Kayleigh just might be the one to teach him what is important in his life. She is a kind sweet woman who falls not only for the man but the baby as well. It is a tug of war to keep her life separate from these two who she has fallen in love with.

This was well written is just a cute sweet read which will make you smile and laugh. At times it will break your heart but ends in a HEA. I got this in a box-set and have totally loved this author so far. If you are looking for a fast read which will entertain you this is the book for you. You are going to love these characters and this darling little girl. I promise it will leave you with a smile on your face.

◆?Kelly?◆ says

A baby left on the doorstep (in this case office) romance. Kayleigh is a designer working in customer service at Sloane's because she has a crush on the boss Derek Sloane. She ends up as his live-in nanny taking care of what might be his (or his playboy brother's) new-born infant daughter. A cute romance that I really enjoyed.
