SEAL of My Heart Sharon Hamilton

Kate Morgan is engaged to the most eligible bachelor in Sonoma County, the son of a wealthy wine family in Healdsburg, California. On a flight to visit her sister in Portland she is seated next to a young hard-bodied elite soldier who ignites her insides in a strange attraction she cannot deny.

Navy SEAL Tyler Gray plans to spend a weekend home before deploying to North Africa with the rest of his SEAL Team 3. But the conversation with Kate has him rethinking his future.

The encounter has both of them feeling fate has stepped into their lives and altered their course. Unable to just say goodbye as lovers, they agree to carry on a correspondence. Kate becomes the girl Tyler wants to come home to while she is pressured by her family to reconsider her broken marriage plans. Family secrets are revealed from the past regarding a young Marine and Kate's mother which brings both heartache and a sense of clarity as old loves are unearthed. From the grave, a Marine's love letters from the past affect the new love between Kate and Tyler in the present. And when Kate's life is endangered, will Tyler be the man to save her without sacrificing his own?

Sophia says

I'm still eagerly exploring the world of audio books as a newbie so I was willing to give this one a try when I was offered the chance. Add to that a new to me author I wanted to try and a military romantic suspense and it was an easy choice.

I ended up both listening and reading this one to try out Amazon's Whispersync for the first time since I already had an e-copy of the book. I know this is old news to others, but I thought it was pretty cool beans to have that flexibility with the book. I found it an uncomplicated process and made the switch a few times. I did have to be a little patient when I went back and forth because it took a few seconds to 'sync' to the furthest point, but other than that it was a snap.

This book is the seventh book in a series. It was the first one I listened to/read, but I had no trouble since it worked well out of order or as a standalone. Yes, there were mentions of characters that I surmise were the main characters in previous books, but the plot was self-contained and the world explained well enough for me to get along fine.

The story opens with Kate Morgan flying up to Portland to visit her sister. Kate is engaged to the son of a wine making family in Sonoma and he is everyone's idea of a catch. As the big wedding day approaches, Kate starts to harbor doubts. She knows that everyone else would just call it wedding jitters because she and Randy are 'perfect' for each other and yes, she liked him, too. It is sitting next to a total stranger that completely unsettles her and puts things in perspective. Her quick connection and attraction to Tyler is enough to make her realize that she is getting ready to make a huge mistake with Randy. Tyler is definitely interested, but he wants no part in breaking up her engagement nor does he want to be her rebound guy. His understanding and caring lead her to be willing to step out and take a different direction in her life even to exchanging letters with a Navy SEAL and giving him a chance from thousands of dangerous miles away.

Tyler Gray simply planned to fly up and spend some time with his folks before his next assignment. This assignment is hush hush like all of them, but there are hints that it will be hard and more dangerous than usual. His relaxing trip gets upended by a woman who takes his breath away. He always wanted a special love and chance for a family and he can't believe his bad luck to discover that she is taken. Or is she... Tyler spends time with Kate and they connect quickly and deeply. He tries to do the right thing, but he still can't keep away or break it off completely. He is thrilled when she agrees to let them write. The other guy doesn't seem to appreciate her qualities and takes her for granted. If the guy steps aside, Tyler will definitely take over from there. He only has a few days before he leaves and he is concerned about the situation Kate will be in, but he trusts that she has the strength and the heart to be there for him when he gets back.

This story situation was not exactly one that I was sure about. The scenario of a woman engaged to another guy was not setting well with me. I went ahead with the story anticipating that I might very well set it aside because of it. As it turned out, I didn't, but I won't go so far as to say that my concerns were unwarranted. Kate does indeed skate the line with Tyler. There is no actual cheating taking place and neither was there a love triangle. But yeah, I would be more comfortable with a different set up.

So the story started out slow as Kate and Tyler introduced, dealt with attraction, and Kate sorted out her situation with Randy and how she felt about Tyler. It wasn't utter drab-dom since Kate and Tyler really burned up the sheets. Oh yeah, girlfriend was a wildcat and shocked even her SEAL into realizing he'd hit jackpot. For three-fourths of the book, it was Contemporary Romance and a gentle slow developer at that. It wasn't until the last segment that both action and suspense kicked in with two different situations. I was only

mildly interested up until that point, but then howdy boy was I into it.

JD Hart as a narrator was a definite plus. He did a really great job with Tyler and pretty well with the other voices too including the gals. His timing and sense of storytelling were right on. In fact, the best compliment I can give is that I didn't even notice him, but only the story.

In summary, I enjoyed my first time reading/listening to this author and would definitely read more of the series. Romantic suspense lovers who like a lot of spice and don't mind the balance more toward romance should give it a go.

My thanks to Barclay Publicity for the opportunity to listen to this story in exchange for an honest review.

3 Accidental SEAL

I really liked Kyle the Navy Seal, I loved the first meeting between Kyle and Christy.

I am not really sure how I feel about the book as a whole, I liked the story. I was just not a big fan of Christy, I kind of felt like she was a little to immature. I wanted to like her but I just didn't I kept hoping she would redeem herself for me but she didn't.

I really did like Kyle like I said I think him wanting to find out what was going on with his friend was admirable for sure. I loved how he was always worried about Christy's safety and how he didn't want anything he was into to come back on her.

Over all a great story love story, trust and faith pulled them through. I did enjoy the narrator but I did find him to be a little robotic at times.

This Audiobook was given for an unbiased review via Audiobook Boom.

You don't have to like my review but its 100% my opinion, and I am allowed to have it.

Teresa says

Fantastic addition to the SEAL brotherhood!

Fantastic addition to the SEAL brotherhood!

Ms. Hamilton always exceeds on her stories with each and every one she writes for the brotherhood of her SEALS. This book doesn't disappoint as it's well worth everything you pay for Tyler and Kate's story of love, honor, family and of course, suspense on Tyler's brief deployment to Africa. I can't wait for the next book in the series to come out! Everyone please remember to thank the military whenever you see them for all their hard work they do to keep us all safe.

Dee says

Part of SEALS of Summer: Military Romance Superbundle

Two-haiku review:

She's re-thinking plans
Should she break her engagement?
Meets hot SEAL on plane

It felt incomplete
Too much thinking for my taste
Novella, not whole

It appears that a novella-length version of this full-length book was included in the SEALS bundle, since there was none of the suspense that other reviewers refer to. This doesn't make me happy. And what I read wasn't good enough that I would pay for the full story, although that doesn't mean I wouldn't try another book by this author. A whole book, not a partial.

Karen says

I adore Sharon's Seals with each book I just grow to love Team 3. Tyler & Kate make such a cute couple. Adored how Tyler had to come to rescue her even when he was hurt himself. The depth in each of these novels amaze me. Hope to see more of this couple in further books.

Jane says

SEAL of My Heart is the story of Tyler Gray and Kate that all started when they met on a plane ride between San Francisco and Portland, Oregon where they are seat mates. Tyler is a nice guy from the start and sees a girl he wants and is patient enough to wait for her to figure out what she wants.

She has a problem before Tyler came into the picture; she is engaged to a man that she realizes that she does not love and most likely doesn't love her. Family and friends have pushed them together and she finally realizes she has to call an end to the engagement. Randy, her now ex turns into an aggressive and obnoxious bully, which she refuses to let influence her further. She also realizes that Tyler is the her one and only. The romance develops quickly with lots of problems along the way but the SEAL comes through in the end making *SEAL of my Heart* a great romance.

Shannon says

Love Tyler and Kate! Tyler is sweet and you fall for him so easily! Kate is engaged but is having second thoughts! When she meets Tyler she realizes her engagement is not meant to be and that she is not in love with her fiance! What will happen when Kate calls off her engagement? Tyler and Kate explore possibilities of a future together but will their budding love survive his deployment and the danger Kate faces back home

from an unseen threat? Follow this sweet journey of finding your one true love! Seals Don't Back Down...Ever! Love Sharon's Seals!!

P.e. lolo says

This is a story in which Kate Morgan, is working at her fiancé's winery in charge of sales. They end up breaking up and over a weekend not wanting to meet anyone she ends up meeting Navy Seal Tyler Grey. They then continue to talk to one another and get together when he has days off leaving San Diego and going up North. As their relationship continues to grow there are problems at her job with missing money and some people think she might be responsible for it. He finds out that his Team is being deployed to North Africa realizing that he wants more than just a weekend romance he talks to her about wanting more in his life and wanting her to be part of it with him. She really does not know how to feel since ending her last relationship and also having problems with her best friend. But once he is gone she realizes that she cares for him more than she thought and then she finds out from her mother about her relationship with a marine years ago and reading the letters that she kept. She sees firsthand what lost love can be like. The ending has one more twist that deals with her job and discloses who was stealing the money which turned out to be a surprise. Overall this was a good book. I got this book from net galley.

Crystal says

Great continuation with the SEAL Brotherhood series.

Tyler and Kate meet while on a plane traveling to Portland. She's on her way there to spend time with her sister and nieces and to get away from the wedding planning to a man she doesn't really want to marry. He's on his way there to spend the weekend with family before he's deployed on another mission. The chemistry is immediate and hot!

I have truly enjoyed reading this series. The characters are well written and real. The story line continues to flow from one book to the next, keeping you intrigued and wanting more. I definitely recommend both this author and this series.

Alaina says

This is the seventh installment of the seal brotherhood series.. and I'm just kind of waiting until I reach the finish line. Am I close?

In <>SEAL of My Heart you will meet Christy and Tyler. They were an okay couple but not my favorite. It was probably just Christy's character because I just couldn't like her. She was annoying throughout the book and I was kind of hoping that she wasn't going to stay Tyler's love interest.. but unfortunately she did.

Tyler was adorable throughout the book. I feel like all the men from the Navy are. However, I just kept waiting for him to realize that Christy just wasn't worth it. It never happened but I still kept reading and hoping.

Overall, the romance was okay but it wasn't my favorite couple or book of the series.

Kimme says

Not my cup of tea.

I had a hard time getting into this book. I didn't feel anything for the lead characters. The story didn't hold my attention. I looked forward to the end of the book.

Karlee says

First off, I loved how the first part of this book took place in Portland, OR where the characters went to both VooDoo Donuts and Powell's bookstore, two highlights of the city. But maybe I'm bias since I'm a Portland native. Anyways, so both Kate and Tyler are on the flight to Portland, Kate to see her sister before the her own wedding and Tyler to see his parents before his deployment. Have you ever believed in love at first sight? Well that's kind of what happens to these two. But the problem is is Kate is already spoken for, though she realizes that she never really wanted to marry her fiancé. So after calling off the wedding and starting a new relationship with Tyler, Kate's reality back home is not what she thought it would be. Secrets are revealed and a situation that will put Kate's life in danger which is a twist that will keep you on the edge of your seat!
