Michael's Mate

Lynn Tyler

Michael's Mate Lynn Tyler

Michael and Justin have come to an understanding. They've admitted their love for each other but Michael still struggles with commitment issues.

As their mating date looms ever closer, Justin worries the man he loves might just run away. Or worse, trap himself in a mating he doesn't want.

But when it comes down to it, Declan knows exactly what they need.

Portia says

Short and sweet

It's been a while since I visited the Pack Mates world. But as always, it was a pleasure. Short, sweet, and sexy.

Debby says

Great fun quick read

This was a sweet follow up to Michael and Justin's book. The guys were so in love it made you smile. The plot was pretty basic but entertaining, there is a little tension and some cut fun as well.

Ramona says

Endlich haben die zwei es geschafft. Puh! Das war eine hartes Stück Arbeit.
Eine süße, kleine Fortsetzung.

Mary Newman says

Loved this sweet story and can't wait to see what else Lynn has to offer with the Smooth Rock Falls Pack.

Debfirpo says

Fantastic

This was just awesome. This was Michael and Justin's mating. It was sizzling hot. It was great to see all the other couples and get a small update into their lives.

Fran says

Ok so usually I do not like short stories because there is no time for the story line to develop but this one was good. We step into the story when a wolf and eagle shifter are about to go through a mating ceremony. michael (the wolf) is worried and jealous others will witness it. Justin (the eagle) tries to help his love through this. the story is set up before we enter but the connection the two have is so sweet and the way they resolve their problems and become 'married' so to speak is just plain sweet. it speaks of true love. would love

to read more on this couple sometime.

Coral Mitchell says

A wonderful conclusion to Michael and Justin's story. This picks up several months after Michael's Heart and details the days leading up to their mating ceremony. A wonderful pack with great characters.

Matthew says

I actually really enjoyed this mini-interlude. Although I don't know where it belongs chronologically. It skips into the future to give a conclusion to Michael's tale, but I think both the next two books take place before it. At least one does. But I don't think anyone is going to die in this world.

Jane says

It was good! A nice short book to help me get back into reading, plus it was fast paced but packed all the emotion and happy feelings I needed.

Morgan Skye says

This is a wonderful series if you haven't investigated it- you should!

This is book 4.5 and it is absolutely predicated on the idea that you've been following along as it is the couple from book 4, Michael's Mate.

Michael is a wolf shifter who is reluctant to mate with Eagle shifter Justin. In book 4 they work out most of their issues, but there is still a LOT of anxiety surrounding the actual act of mating for these guys. They love and are devoted to one another, but the mating itself is giving them ulcers.

Fortunately the super awesome duo that is Declan and his mate Quinn manage to manipulate the situation to give these guys not only what they want but what they need.

We get to see all the couples in this book – being cute – and lots and lots and lots of feels. Ooey gooey wonderfulness – that's what this book is.

I loved every word!

Highly recommended to fans of the series and if you're a shifter fan and haven't read these – go get 'em!

Meags says

[but I'm really glad they decided to make it a private event last minute (hide spoiler)]

Mike says

Nice short story for fans of the Packmates series (and Michael and Justin in particular).

Nancy Jones says

Gifted copy for honest review.

I really enjoyed reading Michael's Mate. This is about Justin and Michael and their love for each other.

Katy Beth Mckee says

Michael and Justin have been together and are settling in but Michael's tension is cropping up as the mating time draws near. but the name of the game is communication and once bonds are formed things can fall into place. It doesn't hurt to have some really great friends as well.

Claudia says

a nice addition
