Make Me Wet Lucia Jordan

Make Me Wet is the hottest new contemporary romance from bestselling author Lucia Jordan!

Angel James hasn't been home for a while, but when her father reveals that he's had a light stroke, she knows that she must return to take care of him. Not to mention to escape her cheating, lying fiancé, Daniel. No matter how she tries to put it, she is running from her problems. Running from heartache. Running from the betrayal. Running from a broken heart. Home seems to be the perfect place to run to.

But things back home have changed. More specifically, the help has changed. The minute the two men from her past step through the door of her father's study, Angel's blood begins to boil with resentment and anger. But also with buried desire. The two men in front of her are reminders of the past and the timid girl she'd once been in high school.

It is becoming painfully clear that Jasper and Court aren't going anywhere soon, which means Angel is going to have to play nice. Nice! Nice is not something the two of them bring out in her. They are dangerous and all too tempting.

Will Angel give in to her desires for Court and Jasper? Or do they remind her of too much pain, both old and new?

From Reader Review Make Me Wet for online ebook

Karen Wright says

Great start

Well this book is the first part in a series and I have to say it was a great start. You get a great understanding in this short part of the characters involved.

I don't like giving away story lines but my review...you would like this first part but if you like cliff hangers and want to continue the series pick this up.

Becky Hedge says

Make Me Wet

Excellent book. Highly recommend this book to everyone. Excellent story line kept your interest and attention making it hard to put down. Ready for the next book in this series.

Mindy says

Can you get over young betrayal?

After catching her fiancé cheating Angel runs home to keep an eye on her father who had suffered a stroke, wanting to get away from bad memories only to come face to face with another bad experience from her past. Can two good looking guys change from their younger selves? Will Angel regret following passion? Quite a cliffhanger.

Andrea Campbell says

Good book

Good book, I would have liked to read the rest of it a little short. I would want to know what happened to her father, and her, Court and Jasper.

Kathyrine Medina says

Engaging!

Love it. Its was hot steamy and engaging . short but would definitely leave u wanting for more. Good read.

Mike Narvaez says

It is a well-written amateur story. The sort of story you would share in a creative writing class and would get a B or even an A for it. However, it's not much of a literary masterpiece: it's unoriginal and to be an erotic story, it's really not that exciting – it's very difficult to make a sex-oriented story not exciting but the author does it well. There are a few spelling mistakes – at least one – which means that the story wasn't reviewed by an editor before it was published – or that perhaps the editor wasn't very good at its job – and there really isn't much to appreciate in this story. I don't really recommend it.

Amy says

This is a MUST read!!!

A must read. A love triangle like no other. Good suspense and a steamy love affair. Great book!! Can't wait to finish the series.

Beth Morris says

Wet yet?

Talking about making you wet.. This book will sure do it for you. This book was fast and hot. I couldn't wait to see what would happen next. Can't wait to read the rest of the series.

Sara Harper says

I loved it, but had to dock off a star because this book is part of a set and this first one ends on a cliffhanger that left me wanting more. Sure, there's some pretty explosive sex scenes but also a really good (and intriguing) plot line as Angel struggles to deal with the heartbreak of a cheating fiancé, Daniel, and her rising (literally) attraction to Court and Jasper. I really loved the love and affection she had for her dad, Arthur, as well. I thought this book had a really good balance between emotional and physical needs and desires between the main characters as well.

Ching-Yi says

Way too hot, and I am loving it!

I have to admit that this story is way too hot than I would expect. Really enjoyed it, and can't wait to find out more about what happened next because for once this one was not some drama between the main characters to keep us guessing. LOVE, LOVE, LOVE IT :) .

Happy Reading says

Eh

Not as good as the others. A slow read and dull start. I'm not giving up on the author... B

Jodi Cain says

I have to say Lucia Jordan does not disappoint one bit. This book had me from page one and I can't wait to read the entire series. The characters have intense chemistry and also a past history between the three of them. I can't wait to see what happens between these three, because I know it is going to be intense.

Ava Sinclair says

DAMN THIS BOOK!!!

Sally Dillen says

Wow!

I can't wait to read the rest of this series! I'm really looking forward to seeing what else these three can get into!

Laura (littlepiecesofbooks) says

I, uh....I think I might be speechless. I'm afraid that this book is going to be more about sex instead of a romance novel that I want it to be because Lucia Jordan's page says she likes to write about sex.
