Saving Savannah Kathy Ivan

Recovering from a horrific ordeal, Savannah Sloane feels she's finally moving forward with her life. But when reminders of the nightmare she survived begin arriving, her worst fears come crashing back.

Haunted by memories of the woman he rescued, computer expert Stefan Carlisle, drops everything when Savannah calls. Rushing to San Diego, he's intent on eliminating any threat to the woman he's been unable to forget.

To win a twisted game of cat and mouse orchestrated by a monster, Stefan enlists the help of the Riverton SEAL team. Will it be enough to save Savannah, or will she be lost forever to a madman bent on revenge?

From Reader Review Saving Savannah for online ebook

Doward Wilson says

Savannah had been held a prisoner by a father and son after witnessing the father kill his biggest competitor in the New Orleans underworld. After being rescued and watching the son being killed she has returned to her parents home in San Diego to recover. She is shattered and terrified to receive a package whose contents could have only come from one person, the father.

Stefan Carlisle is the only person she can turn to that knows all her background and was instrumental in her rescue from hell. Taking a vacation from his job with Carpenter Security Services in New Orleans, Stefan rushes to help her. With his computer skills, SEAL Team friends and help from his boss and friends at work, Stefan knows they can find the man terrorizing Savannah and put him behind bars permanently.

I like how the author has brought together characters from her different series and blended them into one very entertaining world. This was a fast paced adventure that kept me turning the pages. You could feel Savannah's terror and despair leap off the pages as the psycho father pursued her. The characters, settings, theme and romantic angle blend into must read stories that anyone will enjoy!

I voluntarily reviewed an Advanced Reader Copy of this book. This is my honest opinion and fair review.

Sue says

Action, suspense, and romance what more can you ask for. Great read.

S. R. Lewis says

Suspense and love

This is a very good story with enjoyable characters and suspense. The story moves along easily and has a happy ending. I will read more by this author.

Gail says

What an awesome book! I loved every minute of it and hated to see it end. It kept me wondering what would happen next. Great cast of characters and very well written. It is full of surprises and romance.

Charlene says

Almost too much drama.

Melissa says

Kindle Worlds Rock

Saving Savannah was amazing. I probably would never have discovered Kathy if it was for Susan Stoker introducing her in her Special Forces Kindle World. Forever a fan now.

Debra says

Saving Savannah

Savannah is an amazing woman! She has so much strength, just like all of the heroines in Susan Stoker's books. She found the love of an equally amazing man in Stefan! He has waited a year for her, slowly getting to know her, and now she needs him to keep her safe once again. He answers the call and they find their way to be together.

Shelly Blevins-Middleton says

I loved this book! I read it in in just a few hours . I was so caught up in the story of Stefan and Savannah I couldn't put it down. Savannah deeply scared by events in her past, once again becomes threatened by the past. Stefan comes to the rescue with the help of our favorite Seals. this book is definitely a page turner til the very end.

Deborah says

I'm so glad Savannah got her story. She is one strong lady. When Savannah starts receiving reminders of her horrific past, she calls the one person she can trust, Stefan Carlisle. Stefan drops everything to go be by her side. When he confirms it's Aristides who is sending her the reminders, it's up to him and his SEAL friends to stop him before it's too late.

Donna Flint says

Susan Stoker is one of my all time favorite authors, so when I heard that Kathy Ivan (another one of my favs) was writing a book in Susan's Kinde World, I was stoked! I loved getting a glimpse of other characters that I have already read about, and the way Kathy Ivan wove her story into the characters she used made it seem like the stories are continuing. Let's do this again in six months and continue the stories!

I highly recommend this book to anyone who loves romance, action, light mystery, Seals books, or just anyone who likes to read!

megan wykle says

This is one of my favorite series, and I've been waiting impatiently for Carlisle's book. He's the total package, hot and smart. I loved the tie with Sarah's book. Great characters and good storyline. I loved it. I voluntarily reviewed this book and was not compensated in any way.

Diane says

I haven't read any of the other books in Susan Stoker's Operation Alpha series but I enjoyed this abbreviated thriller written by Kathy Ivan. Buff computer geek extraordinaire Stefan Carlisle drops everything at home in New Orleans when Savannah Sloane calls, in desperate need of his help in San Diego. Months ago Stefan and his investigative team helped rescue Anna from the clutches of a madman and now she's being emotionally abused and Stefan will do anything he can for the wounded beauty he's become infatuated with. This storyline with a believable paranormal twist kept me on the edge of my seat but the overnight romance angle kept this from being a 5 star read for me. I know the novella length of this thriller tends to hurry the romantic aspects of the story but I thought the instant "love" was slightly premature in the case of this heroine and I give this review 4.5 stars. I read a complimentary copy of this book and all opinions expressed in this voluntary review are completely my own.

Jara Beaubien says

What can I say, great story with new characters and ones that I have come to love are in the story too, win win for me.

Savannah Sloane held against her will after witnessing murder, she was finally freed and is beginning to move on with her life. But her worst nightmare comes back to torment her.

Stefan Carlisle, drops everything when she calls him, she already was on his mind, but now her enemy has surfaced and Stefan is determined to protect her and get rid of her nightmare.

With the help of his friends and the Seals.

Sue says

Savannah is trying to move on with her life, years ago she was kidnapped, tortured and raped before she was rescued. the man who did it is dead, but his father escaped and left the country. She starts received strange things in the mail, like a piece of the same wallpaper from the room whe was held in. She calls the one person she know to help her, Stephan. Her sister and her husband were on their honeymoon and then they had a new baby and didn't want to bring them into this. Stephan has had a thing for her from day one when she was rescued and has kept in touch. Hopefully they can find out what is going on so she can get her life back. Great read.

Paula says

Great read

I highly recommend this book. So good ,action , suspense , romance, hot alpha man ,
A wonderful story. And a happily ever after.
