## **Love Found a Way: Hell Yeah!** Sable Hunter , Ryan O'Leary

At six-foot-six and two hundred-fifty pounds, T-Rex Beaumont covers the ground he walks on and men step aside when he passes by. Raised in an abusive family, T is convinced he's inherited his father's dangerous temper. He's resigned himself to being alone, so afraid he'll hurt someone he loves...until his world is turned upside down by a woman who won't take no for an answer.

Glory Bee Hudson has her own set of issues. She's a wanderer, a modern-day Gypsy who has made a habit of trying to outrun the things that threaten to conquer her. Childhood leukemia. An uncaring family. A heart that isn't nearly as strong as her spirit. But no matter how hard she tries, Glory can't escape her uncertain future.

When these two meet, sparks fly. T sees a temptation he must resist and Glory sees a man who doesn't know his own appeal. Determined to convince him he's worthy of love, she pursues T with unrelenting fervor.

After being hit by Hurricane Glory, he succumbs, unable to resist her beauty, sweet sexiness, and joy of life. Both agree their liaison is temporary. Neither see love and a future in their stars.

But fate has another idea. The impossible occurs. Love finds a way to give them exactly what they need – each other.

## From Reader Review Love Found a Way: Hell Yeah! for online ebook

### Chitra \*CJ\* says

Sable & Ryan do it again!

I started reading the hell yeah series a few years ago- it gave me one of my all time favorites (One Man's Treasure) and a couple of good books. Then came a series of average/cringy books in the middle, forcing me to postpone the rest of the series.

Aaaand I'm back!

Absolutely adored this beautiful story between T rex and Glory.

Both broken souls with bad childhood and terrible parents.

T-Rex comes from an abusive family and has paid for his deeds in abundance.

Glory has had childhood leukemia; even after whose treatment she's left with PAH & dealing with family abandonment.

When they meet, while Rex resists temptation, Glory relentlessly pursuits him despite him pushing her away. And there was a lottttt of pushing away.

Rex's character was a big meanie. So shadowed by his past, he always feared the future. And this led to him being verbally hurtful to Glory a lot of times (typical M&B hero..but I didnt hate him)

Glory on the other hand was such a strong fantastic heroine. A gypsy, a wanderer, a loving and caring woman. Her decisions, the way she loved life and eternal positivist made me totally fall for her.

The couple go through loads of roller coasters and take you on an angst filled ride..and i floved it!!!

Safe read

4.75/5

### Astraycat says

What an emotional read! Both H and h had their sorrowful past; however, H chose to live his life with caution while h chose to enjoy her daily life no matter how rough her life was.

Therefore, when they met, h was the one to flirt with H and constantly asked him out while H turned her down every time. I was not used to a h so brave to approach H no matter how many times he refused her; but when you understood her background, you'd know, for her, had a chance to live was so precious that she had to seize the day.

As for H, he did say sth horrible to h even after they were intimate. He had a sad past that made him so, but I didn't like him much. Thankfully, he did made up for it afterwards.

If you are a fan of this author, went for it! Prepare an emotional read.

### Tamara says

There's nothing I love better than a hunk of a hero with a heart of gold, and T-Rex Beaumont has that in spades. Unfortunately, he's wrapped that heart in a wall of stone. Until Glory Bee Hudson decides she's gonna knock down that wall, come hell or high water. But as in life, when you demolish a stone wall, debris

flies in every direction, often causing collateral damage.

T-Rex grew up in misery, and his life was headed down a terrible path. Fate stepped in and gave him a second chance. T turned his life around and has become a pillar of society. Doing charity work, holding down a wonderful job, and being an all around good guy. Everyone see it, but T-Rex. When he looks in the mirror, he still sees the man his mother predicted he'd become. A Monster.

After fighting all their lives for each step forward, you'd think fate would make the path to T-Rex and Glory's love easy. It should be paved with hearts and roses, but no. Instead it is strewn with rocks, quicksand and alligators. However, their love does find a way.

I laughed, I cried, I stayed up until 3am turning page after page because I could not stop reading this enthralling story. I was racing to the end I needed to reach...but didn't want to, because I didn't want the story to end.

This is a truly poignant and engrossing romance that will keep you on the edge of your seat from page one until the last page is turned.

### **Carol Capper says**

What an amazing story, wanted to wrap Glory Bee & T-Rex in the hugest hugs throughout the story, the towards the end Ms Hunter & Mr O'Leary inserted a cunning twist that left me sobbing!

Lots of snippets to catch up with 'old' friends from the series and as have come to expect and love it touched on the paranormal too.

A great continuation of the series with delightful characters

---

### **Debbie Collins says**

Love Found a Way is the story of T-Rex Beaumont and Glory Bee Hudson, and it is a very emotional read. Poor T, circumstances from his youth that should never have happened has shaped the way that T feels about himself. Glory Bee didn't have a great childhood either but she embraces each day as if it is her last. When T and Glory find themselves face to face with impossible odds, they find out that love can indeed find a way and you can't mess with fate!

Sable Hunter and Ryan O'Leary did a fantastic job with this book dealing with abuse and childhood diseases, and doing it in a respectable and believable manner. This book is loaded with enough passion, romance, friends, family, love and happiness to wipe out the pain and hopelessness. Along with legends and paranormal activity, we get a glimpse at some of the characters from other Hell Yeah books and a taste of things still to come.

So, grab yourself a box of tissues and get ready for an emotional, touching and heartbreaking read. Don't worry there are fun times too!

---

### **Emily says**

"Love Found a Way" (Hell Yeah! Series) by Sable Hunter and Ryan O'Leary is a fantastic read. I loved T-Rex and Glory's story. This story is packed with passion, humor, overcoming rough childhoods and tragedy, close friends, interesting and entertaining characters, new beginnings, paranormal, legends, and more. This is a wonderful addition to the Hell Yeah! Series. The team of Sable Hunter and Ryan O'Leary have written another awesome story. Highly recommend to all fans of romance, paranormal, and series. I can not wait to see what happens next with this series.

## **Kelly Rodriguez says**

### **Can't fight love...**

T-Rex is not happy with the path his life has taken, but it is the only way to keep everyone safe. Which is why when he meets Glory Bee he has to fight against her charms with all his might. Glory comes into his world like a beautiful wracking ball set to destroy his calm existence. But fate and Nana Fontenot will not be denied. They fight against their pasts, illness and monsters to gain the happiness they both long for. Just like the title suggests love will always find a way.

## **Jo says**

I'm only half way done and I've already ugly cried 3 times it's so good

Finished and I ugly cried some more

---

## **Marla Dudak says**

Typical sable hunter novel. Take one female with some health issue and match her with an alpha with some issue. Throw in lots of drama, great sex scenes, and a few tears and you get a Hunter romance. Love them. Keep them coming

---

## **June Rodgers says**

### **Another hit**

Once again Sable Hunter has written a book that grabs you and carries you to the very end. This story has steam, heart and characters that you are interested in and want to see get their happy ending.

---

## **Elaine Swinney says**

I loved this book. I loved the way she portrayed the Cajun people. Sable Hunter once again takes some difficult subjects and shows us that there can be a happily ever after ending. I encourage everyone to get this book, it is worth your time and effort. Sable Hunter is one of my go to authors. This book has some of the characters from some of her other book. I love seeing the old characters return and finding out what they have been up to since their happily ever after ending.

---

## **Michelle says**

Love most all of Sable Hunters books.

There were times the poor me got to be a bit much but the heartbreaking story really got to me..beautiful....thanks Sable Hunter

---

## **T Van says**

### **Hard-won Tender Moments are Near the End**

This is a substantial romance, one that takes awhile to position, then reposition, the main characters. That's a good thing, because both fell in and out of favor with this reader more than once. The buildup allows for major payoff, but incurs maximum frustration several times along the way.

There's a lot of lore, all interesting but not equally relevant to the immediate plot, and some hard to keep track of. Series fans will appreciate the presence of previous, loved characters.

---

## **Bonnie says**

Two damaged souls come together and through all their tribulations, love found a way. Another fantastic romance from Sable Hunter and Ryan O'Leary. If Sable Hunter is the author, I know I'll be one satisfied reader when I get to the end.

---

## **Kathy Shatzer says**

### **Love it!!**

I almost gave up on this book! One of the main characters(t) made me so mad I almost didn't read the rest of the book. Read this book and you will find out why? I am glad I didn't, tho!! Love to you,sable!!
