Deborah says

Loved it! A great storyline with disappointment, hopes, dreams and romance. There's nothing better than a Harlequin.

Lynn Brooks says

Temptation indeed! The characters are fun ... kind, yet sassy. The story line was interesting, but I would have liked the pregnancy to have played an earlier part so that there was more than just the back and forth of the business drama.

Juliet Parker and her sister Melissa have recently come back to Whiskey Bay, Washington to reopen their grandfather's dream business in his honor. They are hard at work and on a strict budget to get things done when the neighbor comes knocking with complaints of them reopening back up after all these years!

Caleb Watford has his own plans for a business nearby, and the fact that Jules is here is going to throw a major wrench in it! It would be easier to deal with if he wasn't so attracted and drawn to her. When a one night fling amidst their fighting leads to twins being on the way, they are going to have to think fast and straighten things out!

A brand new series and I love it !!!! I can't wait for the next one !!!! Barbara Dunlop does an amazing job with this story. A great read !!!

Ruby Johnson says

Too much fighting.

This was lacking plot, lacking compelling characters, and filled with verbal fighting about two people building competing restaurants. One would find it hard to see how the characters could find anything to like about each other, much less love. None of the characters were well developed and I found it hard to finish the book.
