Love in Disguise (Love & Trust Series #2) Lyssa Cole

Alicia

Trust is overrated.

The day I came home and saw my father cheating on my mother, I vowed to never trust another man.

Until I met Gabe.

He flipped my world around and made me rethink everything I knew about trust, loyalty, and love. But will that be enough for me to hold on? Because I'm not sure he's telling me everything...

Gabe

Nothing will stop me from bringing down the evil in this world. The evil I escaped from. The evil I will never return to. Not even love. Who has time for that shit?

Until I met Alicia and my entire universe changed.

I can't involve her in my life without risking hers. I have to keep her safe, which means away from me. But sometimes things don't go as planned.

Sometimes life takes you on an unexpected journey and one you will never forget.

****Steamy, explicit sex. 18+ recommended.**

****Book 2 in the Love & Trust Series****

****Can be read as a standalone****

Cathy says

Alicia and Gabe are both turned off with LOVE, and yet there was an instant attraction. Both have a rough past and even throughout a lot of the book they don't know the details about the other, but it also wasn't a sudden thing. They seemed to be on the same page without really ever having a discussion about it at the beginning. Also, Alicia did say no early and so it was a slower burn. We also get the aspect of Gabe's job as an FBI agent. You get some mystery, intrigue, love, an awesome dog named Luna and you get two people learning to trust each other, especially when it matters most.

This book for me started a little slowly and I wished we had more about the job stuff from the beginning, but once it takes off it really does. You will laugh and may even cry and maybe even get mad and want to throw your kindle. This is told in dual POV and I love getting inside both of their heads, it is worth the read.

Elberta says

Love love love this book!!!

I am at a loss for words this book was so amazing!! I cried several times both happy and sad tears I also laughed. This book was so well written I felt like I was with the characters just watching from the side lines. Keep up the awesome work!!!!

Leticia says

Alicia has witnessed a fair. Seeing her mother broken. Her world is about to turn in a 360. Seeing her mother in the state she is. Pushing back her dream of moving to new york. Closing her heart to love. Never suspected she will find love. Fate and destiny have a surprise for her. Volunteering at a shelter. Gabe is a police officer working undercover. Walking inside the shelter were Alicia is volunteering. When she sees him something inside of her is being awake. What Alicia doesn't know Gabe has dark past. His also hurting, and broken. Loves give them a second chance. Will they take it or walk away from one another. I recommend you to read this book. Is so emotional that touches your soul. The characters click perfectly. From page one too, the end is a page-turner. Action pack with real events that can happen in the modern world. It deserves more than five stars. I read an advanced copy.

Rebecca Whaley says

OMG! I loved it! so hearbreaking and intense with emotion. Alicia and Gabe come together as wounded people and help each other heal. So so good! It brought me to tears of sadness and ended with tears of joy! If you've never read a Lyssa Cole book, this is a good one to get you hooked! Definitely Try it!

Phuong says

This is the second book of Lyssa's that I've read and it was good but I felt it was too rushed at some points. I really enjoyed it but I kept thinking more would be coming but it didn't.

Alicia doesn't believe in love and now has a dying mother that she needs to take care of since her mother took such good care of Alicia growing up. Alicia gives up (put on hold indefinitely) her dreams of being in NYC pursuing her career because of her mother.

Gabe is a FBI agent who has some issues from his past that he can't go until he gets the revenge that he feels he needs for his parents. Gabe, his partner and others are put on a woman trafficking case to find the ring leader and bring down the ring. They have to go to a small town for the case and it takes a lot longer than any of them anticipated.

Alicia and Gabe first meets at a woman's shelter and sparks fly because they were pretty rude to each other. Then Alicia runs into Gabe again at the beauty salon that Alicia works at. Gabe knows that he is interested in Alicia and wants to get to know her so he makes a pest of himself that Alicia finally breaks down and agrees to dinner with him. Alicia and Gabe both have the same thoughts about relationships in that they both think they are not relationship material. But their sexual chemistry is undeniable and they act on it. Alicia and Gabe must decide what they want and will they be able to get it.

I enjoyed the depths of the characters and can understand why each of them doesn't believe in love. I just thought that Alicia would get more involved in Gabe's case and each of them working through their relationship/love issues together. But the whole love story was great, romantic and sweet and I enjoyed the book as a whole!

Fran Auq says

Love in Disguise is Everything!

Amazing story that unites two broken souls that are struggling to trust one at another. Trust is too important for them, but at the same time is the key to make their relationship stronger.

Gabe, is an FBI agent who is fighting his own demons. His close family is involved in dirty things, a new assignment by the FBI have him on edge and the curly rude girl that he met at one of the places he is investigating have him driving himself crazy.

Alicia, love her town, her friends and her job, but with everything that she is going through she can't think of any better, especially moving to NY city liked her plan. Her mom needed her, that was the only important thing to her, until the most handsome, arrogant man shows up and send all her wire on fire.

Gabe and Alicia would go through a lot and only love, forgiveness and trust will make them the Happily Ever After couple they deserve to be.

Don't miss out this amazing book. I received this book as an arc for an honest review and that's exactly what I did.

****Can be read as a standalone****

Atlanta Whitlock says

After reading House Rules I was really intrigued to see what Lyssa Cole's next book would be like and honestly whilst I did enjoy the story of Love In Disguise I just found myself not being able to fully get into the book. That doesn't mean to say that the book was bad, because honestly, I found it to be an interesting story with great potential. The thing that stood out to me was that there was something missing to keep my attention gripped, I thought that quite far into the book it picked up and piped my interest but then a little while later I found myself not being able to be drawn back into it. Honestly, I do think Lyssa's writing is incredible, but just this time something was missing. I know that everyone has different opinions but that's okay because no one thinks the exact same, but I suggest you give this a try and form your own opinion.

Alicia had her world ripped apart when she was younger and now she is putting her dreams on hold because she wants to be there for her mother, she is such an amazing girl with so much potential that she could go ahead and chase after her dream of being in New York with her best friend but being the good daughter she is she stays behind and goes about looking to help at a shelter and finding a job to keep everything at bay. She has such a huge heart that throughout this book her heart takes a lot, yet she ends up meeting this very mysterious guy who she can't help but keep in her mind.

Gabe is a family man, he would do anything he can if it meant protecting them. Yet he himself has gone through so much in his young life, he is doing all he can to try and get justice on his two brothers and uncle, but when his work ends up taking a drastic case and ends up with him having to move out of New York whilst being on the case he can't help but try all his best efforts to try and win her over, but for some reason he doesn't seem to be making any leeway. Will he be able to win over her heart?

Nancy George says

Love in Disguise

By: Lyssa Cole

?????

Alicia leads a very lonely and boring life in the beginning. Then she catches her father in a very compromising position that really messes with her view on love.

Fast Forward years and Alicia moves back home to take care of her mom. She knows she is doing the right thing even though her mom wants her to go on with life. So she gets a job and volunteers to help lonely kids feel better even just a few minutes by feeling beautiful. Here is where she becomes friends with and cares for Kayla.

Gabe is a FBI agent that has a personal issue he continues to deal with. He is assigned a case that he really does not want.

Gabe and Alicia meet and there are so many sparks but Gabe doesn't think that he should bring Alicia into his messed up life. Alicia thinks she doesn't have time for relationships because men are not worth it.

My take on this book:

Lyssa Cole has done a great job at making this a believable story. The steam that comes through will hit you. The love gets you right in the heart. Danger that just jumps at you. A awesome book that I highly recommend.

Elizabeth Neal says

Alicia learned the hard way that love can hurt when she caught her dad cheating on her mom. That, understandably, had a lasting impact on her and made her lump all men into the same category - untrustworthy. Meeting Gabe changed that. She realized not every man is like her dad and it isn't fair to judge a gender based on his actions. Yes, men cheat, unfortunately, as do women, but not all of them. There are good men, and Gabe is one of them. He's loyal, loving, and worthy of her heart and trust. But, Alicia is beginning to suspect Gabe is keeping secrets, and that brings all her old insecurities and issues to the forefront.

Gabe has his own reasons for scoffing at love, even the possibility of it. It's a sham. The evil he left behind, ran from, proves it. He refuses to go back, to fall prey to it, until he sees Alicia. All of a sudden, he believes, he knows what letting someone into your heart can be like, and he craves it. But, loving her could lead to pain, not for him, well, it can because his past can impact her present and that would hurt him. So, to protect her, regardless of his love for her, or because of it, he knows he needs to keep his distance. His secrets cannot touch her. She must be safe.

Fate has other plans though, and fighting it can be impossible, especially when you want so desperately to give in. Alicia dropped everything to help her mom, sacrificing her dreams to be there for her despite her mom's protests. Gabe's entire focus is on righting the wrongs his family suffered, but he needs to leave his life behind to make that happen. As their paths cross, both immediately feeling the connection and attraction, each have their own personal reasons for not wanting to act on them, but they can only resist such a strong bond for so long.

But what happens when Gabe's mission, his job, touches Alicia and the happiness he's beginning to find with

her? Can he protect her and accomplish what he set out to do? Can Alicia accept that Gabe's love for her is true and won't waver? Can she trust him after she learns his secrets? Is a HEA in their future?

One-click now and follow along as two people, both with their own reasons to doubt love exists, discover it is real and must decide whether to explore it.

****I voluntarily read and reviewed an Advanced Reader Copy of this book.****

Pat says

This storyline flowed flawlessly from page to page and the well developed characters hooked me in from page one and the chemistry between Alicia and Gabe kept me totally engaged throughout the entire book!

Courtney Gray says

Holy cow!!!!

If I could give this book more than 5 stars I would in a heartbeat!! I'm amazed yet again by Lyssa Cole, thank you girl!!

Alicia has been through a lot in her life. After catching her father cheating on her mom and ending a bad relationship she decided it's easier to keep her heart guarded and never trust a man again, that is until she meets Gabe.

Gabe has also been through a hell of a lot in his life. After finding his parents murdered and being in different fosters homes with his two younger brothers his uncle managed to adopt them and tried to make them about of his world. Gabe wasn't having it.

Gabe is on a job when he meets Alicia and is determined to take her on a date to see what information she may or may not have. One thing leads to another and well you'll find out when you read Love In Disguise.

Just a forewarning you WILL laugh, get mad, shake your head and cry... a lot!!

Norma Jean says

Alicia dreams of opening her own beauty salon in New York, but she has put her life on hold to take care of her mother who is seriously ill. She has given up on men after finding her father with her mother's best friend. She does not trust any man.

Gabe has a troubled past and doesn't want to get seriously involved with any woman. His family makes dysfunctional families look good. Trying to get past his family problems, he loses himself in his job as an undercover detective.

Alicia volunteers at a shelter hoping that she can improve the lives of the women who live there. She believes that she can improve the self esteem of the women there by styling their hair and doing their nails.

She works days at a salon, but feels that there is something strange about the salon and the man who owns it.

Alicia and Gabe are an unlikely couple. They fight the attraction that they feel for each other, but eventually they can no longer fight it.

Ms. Cole has written a real page turner. I couldn't put it down. It kept me reading well into the night.

I received an ARC of this book in exchange for an honest review.

Paula Genereau says

what a great book. Alicia vows to never trust a man again after she caught her own father cheating. That's until she meets Gabe. Can Gabe turn the way she thinks around and show her not all men are the same.

Jenny B says

This was a good romance read that was a bit refreshing in the fact it doesn't follow the typical romance formula. The push and pull between the characters is well written and definitely will pull you in and having you turning pages.

I now need to go back and read book one as I did enjoy this one a lot.
