Another reminder that the Creator can do whatever he wants, whenever he wants, however he wants. Thanks for the reminder.

Miracles? Yes!

I have read several of Lee Strobel's books and this one does not disappoint. I'm always amazed at how he takes something, be it faith, a creator, or miracles, and finds a scientific, fact-based way to "prove" it is the truth. I am a Christian so I don't need convincing but I enjoy the logical reassurance. Great book! I recommend to anyone who is open to looking at these questions in an honest way.
