Indiscretions of a God Sunniva Dee

I'm not a saint. That's not why I left the mafia.

I left because I'm god, because I need no one, and fail at nothing.

I'm Isaias Di Nascimbeni, owner of Lucid, the biggest adult entertainment studio in L.A. Son of Il Lince and second generation Italian in the U.S, I'm dirty rich and adored by highlife as well as lowlife.

Whatever I focus on turns to gold.

On the Richter's scale of eye candy, I'm a twenty.

I'm a hunter who tests limits.

A warrior who goes shady when the law becomes dreary.

While conducting business at the St. Tatiana,
the most stunning woman I've ever seen enters my radar.

Isn't it interesting that her name is Tatiana?

Isn't it bizarre that she's a nun?

Isn't it wild that she's unimpressed by me?

Isn't it fucking insane that I can't get her out of my head?

She doesn't acknowledge me when I return to her church.

It's unprecedented. Unheard of. Not happening.

But the hunt is my fetish.

Novice or not, she's only postponing the inevitable.

Beautiful Tatiana asked for this.

By the time I'm done, she'll worship me, because now
it's game on.

SD- The Book Addict says

5 Stars!

THIS BOOK! This book has to be one of my favourite male POV books ever...Isaias Di Nascimbeni is a GOD! He was funny, smart and sexy all rolled into one beautiful package. There were layers to him and to the story I wasn't expecting when I first read the blurb but I was pleasantly surprised.

"Isaias Di Nascimbeni, son of a mobster. Beautiful, ruthless, passionate. He was the king of his world, the god of his existence. Or that's what he believed."

Isaias is a mob prince who has decided on not joining the family business but instead make his own mark in the world. He is the owner of a very successful adult entertainment company and various other ventures though he gets dragged into mob business every now and then. During of these times he meets Tatiana, a nun that he just can't get out of his head; the only women to have rejected him. Their chemistry and banter was just amazing, I couldn't get enough... two words... LOVE CHILD =). Also, the reasoning behind all the hospital visits...OMG!

"My obsession has got to have a name. Something ending with '-iac.'"

Tatiana was a strong female counterpart to Isaias's dominant personality... She held her own when it came to him and didn't back down. One of the biggest reasons I picked up this book was because the taboo nun aspect really intrigued me... so I was mildly disappointed with where the story ended up. However, that didn't diminish or take away from my enjoyment of this story as a whole.

"You are the wolf. I don't see you defending as much as eating me."

All in all, Indiscretions of a God was an amazing read that I would very much recommend to others. This was my first Sunniva Dee book and with all of the "guest" appearances... it will definitely not be my last.

Harloe Rae says

Sunniva Dee, what are you doing to me? I've once again happily tumbled into your unconventional romance world and never want to leave. How do you come up with these wildly unique storylines? Each time I've dived in, I find another extraordinary level to your talent and it boggles my mind. I'm officially obsessed and will always come back for more.

Indiscretions of a God is far more than anything I expect from a romance novel. This author's style is so elevated and her skill as a writer is abundantly clear. These pages offer a filthy rich journey dripping with all the brilliant fixings to keep my attention locked in place. Each detail is perfectly placed and exquisitely weaved into the storyline. The multitude of elements and aspects have obviously been researched to add another dynamic layer to this already complex book.

These characters are so deep and expertly developed that they materialized before my eyes. They became real and I was utterly captivated by their genuine qualities.

Isaias is a magical man. How does he do so much in one day? I have no idea but Sunniva flawlessly explains each detail of his hectic life. He really does seem to walk on water like the god he's proclaimed to be. The power he holds is rather inspiring and makes his character quite intoxicating. I couldn't get enough of his larger-than-life personality.

Upon first glance of the seemingly innocent Tatiana, Isaias planned and calculated schedule goes up in flames. She causes reactions he hasn't felt in years and becomes addicted. Tatiana is the only girl who appears unaffected by his charms and her sassy attitude had me laughing. She's not just a pretty face, that's for sure. Tatiana brings forward a mix of spice and nice to blend with Isaias's brash demeanor. Together they make pure beauty.

If you're looking for something set apart from the typical romance novel, look no further. Sunniva Dee easily offers up the most intriguing and exhilarating books I've read in a long time. Her fantastic words are ones you'll want to read over and over and over!

Tricia says

My Review (ARC provided)
Five Stars!

To devour or savor? Does it matter? Sometimes you can't stop reading a book, before you start it's over, and then there are the ones you want to savor every word, go back and reread, look for clues and find out what's going to happen. Both in my opinion are fantastic reads just different types of stories. Well this book, I wanted to savor...

Mafia/porn/nun/secrets-I mean what more could you want?

"This is what I love about my job: to surprise and manipulate. Win always win."

Both the H and h has secrets. H is drawn to h like no other but the problem is h is a nun. That won't stop Isaias the god though. He will make her see that he is what she wants and not the path she's choosing.

"I'm Isaias di Nascimbeni, the man, not the god. I'm just a man whose love is locked away, in terror, being wiped off the face of the Earth because of me."

There is so much going on in this book. It keeps you on your toes and trying to guess the BIG questions. I didn't want it to end, but yet I had to know what was going to happen. These characters were so well developed; they were flawed but likable, so very likable. Oh and the surprises! I'm not spoiling a single one but let's just say I was so happy to see some characters. Holy crap Sunniva blew me away with this one. I can say this is my new favorite of hers! Damn it was good.

Another winner for Sunniva, she doesn't write anything that you've ever read before!

Chris says

I eagerly dove into this third book in the author's Porn Star Boyfriends series. I loved Books 1&2 and couldn't wait to read Book 3. In Indiscretions of a God, Sunniva Dee tantalizes readers with a multi-dimensional, fascinating main character, Isaias, who grabs your imagination and holds you hostage with anticipation from beginning to end. He is a complex, intense man brought to life, made human and driven by the simple and basic emotion of love. I couldn't get enough of him! The story moves quickly, filled with action and suspense. It's a captivating and enjoyable read. I bow in awe to this author's ability to write so beautifully and craft such entertaining and satisfying stories. I LOVED this book and can't wait to read the next book in this series! Be sure to grab your copy and meet Isaias!

Olga therebelreader says

Incredibly boring.

In short:

Lager & Lefse Book Blog says

Sunniva Dee has done it again. She is the 'queen' when it comes to stories that contain taboo, romance and emotional angst. She has this inane ability to keep one on the edge of their seat until the very end. The title of this book says a lot as to what you may encounter. According to Merriam-Webster, Indiscretion can be defined as:

- Lack of discretion, or good judgement; imprudence
- An indiscreet act or remark

This may not mean much now as you are reading this, but let me tell you, PERFECT title. There are many instances of 'indiscretions' throughout this book.

This is the third book in the 'porn star boyfriends' series. I absolutely loved the first two and consider, 'Twin Savage' (book 2) as one of my top picks for 2017. Needless to say, I had **HUGE** hopes going into this one. Miss Dee delivered.

Isaias has many layers to his character. Just when I thought I was getting a handle on him, another layer was revealed, just like an onion. As not only the owner to the top prominent Adult Entertainment company, Lucid, he has many other responsibilities in his life. You can feel the emotional upheaval within him as he is pulled in many different directions. Isa has worked hard to try and separate himself from his 'well-known' mafia family. He feels like he has succeeded until a 'famiglia' issue is brought to his attention. It is while doing one of these 'famiglia' errands that he comes across, a novice nun named Tatiana. She is the light to

his dark and is immediately sucked in by her beauty and presence.

Tatiana, as mentioned, is a novice nun. However, she was a much trickier character to track down as a reader. She is extremely mysterious and happens to have the knack to be in the right place at the right time (or wrong time depending on who is present). I am busting at the seams to even describe her more in detail, but anything could give it away. So, here is what I'm going to say. She is mysterious, intelligent and all questions are answered at the end. It is at this point that I felt like saying to myself, 'Duh'! It all made sense. My only problem is, I WANT MORE ISAIAS AND TATIANA!

There were SO MANY outstanding moments in this book that it is difficult to talk about them without giving away the storyline. Let's just say, Isa is a mafia son/businessman who puppeteers those under him with finesse. He holds secrets that are bigger, deeper and longer (?) than the Grand Canyon. He is hoping to continue to be an independent man, but feels the draw of la famiglia. There are a couple scenes that show the true human/emotional side of him and it is extremely touching. LOVED IT!!!

Tatiana is an amazing heroine. She has as many layers as Isa has. I was desperately trying to figure out this angelic creature with spiral curls, but I should have known better. When it comes to Sunniva Dee, just let her take you away on these amazing stories that she writes. I was trying too hard to figure it out, as opposed to being swept away and just feel. Tatiana is explained in full detail, by the end of the book. What I will say is, I didn't see that one coming!!

Indicrestions had all the feels. As mentioned earlier, emotional beyond words (holy-moley), hilariously funny moments, passion (of course) and true unconditional love. Kudos for being able to put together a fantastic read that encompasses so many different layers!!

Cranky - The Book Curmudgeon says

5 Cranky Stars

Isaias Di Nascimbeni is a god. Every thing he touches turns to millions. Case in point he is now at the helm of Lucid Entertainment. Running an adult entertainment company isn't all he's known for his father is head of an Italian Mob making Isaias a mob prince. He doesn't want anything to do with the title so he makes a name for himself on his own. Sadly, he gets drug back into the business and this is where he meets the enigmatic Tatiana who is a nun or is she?

Tatiana spends her days in a nun's habit watching all the comings and goings of St. Tatiana church. The

church is harboring some dark secrets and she's determined to unearth them. It's during one such meeting she meets Isaias who quickly becomes someone important to her. Tatiana is harboring a secret she is trying to keep from him. She hopes her two lives never meet but she is thrust into the middle of a mob war and into his arms.

This book had me guessing from the start. I knew Tatiana was carrying a dark secret but I couldn't figure it out. The girl built for sin couldn't be a nun or could she? We also got to see the guys of Clown Irruption and their ladies when they work with Lucid Entertainment for a one of a kind event. This book was filled with so much mystery and drama. We get love and lust and some naughty sexy times. I mean come on it's a book about a guy who runs an adult entertainment empire!! We get to see Belen again and her witchy ways. There was even a subject that was close to my heart that I teared up for. All in all, this book was excellent. I'm still on Team Ciro but Isaias you are a god.

Alyson Santos says

To say I just took a "ride" is an understatement. More like a sonic boom through a world that shouldn't exist but is now so real I want to experience it again. Please tell me there will be more porn star mafia books, Sunniva Dee!

You read that right. Isaias is our busy, ridiculously sexy hero, who never stops juggling a demanding schedule as king and servant of his empires. Somehow he finds time to fall hard into the forbidden pursuit of the one woman he can't have. Sparks? Yeah, plenty, and not always the salacious kind.

God-status is no picnic for this hardworking bad-boy when he quickly finds himself in the crosshairs of several "indiscretions" that aren't always his. You think your family secrets cause headaches?

But Isaias' nightmare is our gift: a steamy, suspenseful page-turner that is downright addictive.

Malene says

Isaias is so much more than the owner of an adult entertainment company. That thing was clear as day just from reading that first chapter. Way to make me intrigued, Sunniva Dee! As the story unfolded more layers to Isaias was revealed. The same can be said about Tatiana who's a kick ass woman. A nun but again looks can be deceiving and you the reader are in for a fabulous and thrilling surprise. Tatiana is a headstrong woman who isn't easily impressed and Isaias certainly discovers that which only spurs him on even further. Their relationship was so much fun and suspenseful at times because of Isaias family connections and their line of work.

I was in for another treat and wonderful surprise when a certain rock star band makes an appearance. Wow. These guys made me laugh and swoon. Their story was effortlessly intertwined with Isaias' story. I'm especially excited about a certain band member who's getting his own book. I'm beyond excited. Again Sunniva Dee has created story that's nothing like I expected and that's exactly why I read her work. I experienced numerous emotions while reading Indiscretions Of A God. Nothing isn't as it seems and the last 4 chapters were proof of that. That final chapter was superb. Be still my heart cause that was truly exceptional. These pornstars keeps delivering and I'm ready for more.

LaDonna says

5 Mob Approved Stars for Indiscretions of a God

Sunniva Dee never disappoints and her Porn Star Series just keeps getting better and better. Adding in a touch (or more) of mob, religion, kittens and preemies, not to mention the return of Clown Irruption and it's impossible not to fall.

I have to mention that I may have squealed when I read that the third Clown Irruption book is scheduled for later this year. What can I say, the rockstars always get me. I am probably equally as excited to know there will be more Isis and Tatiana even sooner, and I am intrigued by little brother too.

Glimpses of Ciro and Luka were nice, but I understand all the hoopla and such for Isa from the beta readers - he truly is worthy. Each new Sunniva Dee book intrigues and thrills me more.

Porn wise, this is the tamest of the series, but it is so very intense in other aspects. I am writing this at almost 3 am because I simply could not put it down. And once I finished I had to gush about it. I dare say this is my favorite book by Ms. Dee yet.

I can't forget the A's either - Aurora and Ariadna will capture your heart in ways you can't imagine. Oh, and I would be remiss to not mention how nice it was to see Aishe again too.

The only character I could do without is Belen, but I probably said that after the last book in the series too. But even that gives credit to the power of the writing - it takes as much skill to make me despise a character as it does to make me love one.

Highly recommended.

S.F. Benson says

Once again, Sunniva Dee knocked it out the park with a complex story line and well-developed characters. In this installment of Porn Star Boyfriends, Dee weaves in characters from a previous series--the rock stars of Clown Irruption.

I have to admit it took me longer to get into the story. Isaias di Nascimbeni, a character with complicated layers, is not easily liked. By the middle of the tale, however, he was starting to grow on me. Leave it to Dee to take a despicable personality and find a way to make him charming and enduring. I'm curious as to what type of man his brother, Gioele, will turn out to be.

Where the first two books in the series were heavy in sexual content, this one wasn't. It was a good suspenseful page-turner keeping me glued to my screen (I read an e-book version). The sex displayed, however, is hot.

No spoilers from me, but let me just say readers should pay attention to every detail. Things don't go the way you think they're going. The plot has plenty of twists and turns and in the end you're rewarded. Everything makes sense and you'll appreciate the characters even more.

I highly recommend this book. You'll enjoy revisiting past loved characters and getting to know some new ones.

Jo says

This is the third book in the series, and once again has a completely different tone to the others. That is not a bad thing. Far from it. It is a testament to the author's skill that she is able to imbue the narrative with these changes, and yet still produce a story that is uniquely a Sunniva Dee story.

At its heart, this is a love story. Love takes different forms. Family. Career. Significant other. But it is a love story that doesn't necessarily follow the traditional path to the end. For example, I didn't particularly like Isaias - at least for the most part. He is a completely arrogant, "my word is law" dominant asshole of a character. And honestly? I don't think I was supposed to like him; not completely anyway. But I loved his story. And I loved Tatiana as his counterpoint. And the fact that this was told almost solely from his point of view, feeds into her aura of mystery. You know something is up with her, you just might not know what.

But the added colour to this story comes from the cross over with some familiar faces.

In short? Another great story. And I, for one, can't wait to see what else we will be treated to this year.

I voluntarily reviewed an advanced reader copy of this book.

Derna says

*** I received a copy of this book in exchange for an honest review ***

I loved so many things about this book the first being the cover, and now I have had the pleasure of reading *Indiscretions of a God (Porn Star Boyfriends, #3)* by Sunniva Dee. I have to say it fits the persona of sexy, complicated Isaias Di Nascimbeni to a T. Having loved the previous books in the series I have a feeling I was going to love this one, and I did.

"Isaias Di Nascimbeni, son of a mobster. Beautiful, ruthless, passionate. He was the king of his world, the god of his existence. Or that's what he believed".

This book was full of many twists and turns, and I loved all of them. I was hooked from the start, and it was easy to like Isaias. The story is told from his POV, so it allows you to get into his head, to get to know him, to see all his different sides and to understand why he does what he does. I love that family is first to him. I adored his relationship with Tatiana their connection was intense; their banter was both funny and sincere. Tatiana was feisty, and Isaias loved that about her. She was a mystery and one that Isaias wanted to unravel, and she gave him a run for his money that is for sure.

"This woman is different. She's hit my blood in a rush, and I need to get to the bottom of the insanity she creates".

I enjoy this one Sunniva Dee has delivered a sexy, multi-layered, fast-paced, action-packed, and heart-warming story. Loved catching up Clown Irruption and I'm looking forward to reading more about Troy and Aishe as their story is far from over.

If you enjoyed the previous books in the series then Indiscretions of a God (Porn Star Boyfriends, #3) is a must-read.

Rosa Sharon (iScream Books Blog) says

"My obsession has got to have a name. Something ending with '-iac.'"

The author is really making it difficult for me to pick a favorite book in her **Porn Star Boyfriends** series. Each one I read becomes my new favorite, and then the next one makes me reconsider. **Indiscretions of a God** is no different. I'm obsessed with this series, but I haven't figured out which name ending with "-iac." applies. Maybe #FANiac or #MANiac? All I know is you better not get between me and the next book in this amazing series...

I really enjoyed the story being told in the male POV. Yes, I was inside the head of a God, and it was an unforgettable experience that I didn't want to end. The author took me places I didn't expect to go, and then made me appreciate the journey. She dropped some clues during my twisted travels that had me guessing at possibilities but keeping the suspense revved high until I was about to die before finally revealing the details, assuring that I was captivated and anxious for answers throughout.

But one thing that didn't remain a secret was the depth of feeling between Isaias & Tatiana. They might have verbally sparred quite a bit, but that only proved rather than disproved their connection. It just raised the heat level and made me crazy waiting for them to finally connect physically. Yes, the idea that she was a nun, and forbidden, raised the stakes as he pursued her. *"But here she is, a frustrating, beautiful female, my first "no" in years."*

He's used to getting what he wants... *and he's never wanted anything more than he wants her.*

Since I was inside Isa's head instead of Tatiana's the mystery of her thoughts, feelings, and especially her secrets was what drove both Isa and myself to the edge. Wanting to know what was underneath her nun attire and what led to her current career path was a puzzle just waiting to be solved.

Just because Isa chose to remove himself from the mafia didn't mean that he was no longer aware of what was going on in the family business. He was not estranged from his family, he received regular loving calls from his mother and attended weekly family dinners. The excitement of the '**mafia business**' and the danger involved in Isa simply having the same last name as his notorious father ramped up the intrigue.

And yeah, I confess, it's the porn star side of his business that held the most intrigue for me. Being the owner of Lucid Entertainment he not only had the option to perform on camera himself, but he held auditions to hire new talent. It was important to him that his company have the reputation of being the best and he made it a goal to assure that happened. I found the details of being behind the camera very interesting. I really enjoyed seeing the filming through his eyes.

I'm very addicted to this series and can't wait for what comes next. The line forms here...

Bianca says

You guys. THIS. BOOK. My thoughts over this book are still racing in my mind. I am on a high. This astonishing book was the one I needed to get me out of this book funk. Electrifying and unconventional, this book truly encompasses romance in the most vivid sense.

Isaias Di Nascimben is a God. No seriously. Everything he touches is gold. He also happens to be the owner of Lucid, an adult entertainment studio in L.A. He knows his worth and isn't afraid to tell everyone in the room just who he is. Enter Tatiana. A nun?!! She is left unimpressed by Isaias and his God like attitude. You'd think this would deter him from going after her. Not in the least. It excites him. And he has no idea what he's in for.

Don't let the title fool you. Don't let the blurb tell you everything there is to know about this story. There are depths of layers to this book that I couldn't have imagined. This book is an experience and I have to be vague on the details. As a reader, this is the type of story I appreciate. The storyline is complex in its revelations with each layer unveiling as the story unfolds. There is an intensity between Isaias and Tatiana that is angsty and seductive at the same time. These two are alluring and I found it impossible to put their story down. Secrets and mystery. Romance and emotions you never see coming, but feel just as deeply. This book is full of suspense as it flawlessly delivers a story that is unexpected yet vital and profound.

Let's. Talk. Writing. Oh. My. If there is anything I can say that can even adequately describe the author's writing, it is fearless. She. Takes. Chances. Unapologetic in its prose, and daring in its delivery, this book is exactly the reason why I love her work.
