Ayodele Cuffy says

At this point I have nothing to loose

I'm a firm believer in personal develop. This book came strongly recommended from Shanel-Cooper-Sykes. I believe in the power of the mind and I believe I can create a better life for myself. This book gave me the tools to get more focused with my creation. This book is inline with the secret and other books that discuss the topics of belief. But the tools are more specific. I highly recommend reading this book.
