Kane Kanerva says

Tiukkaa faktaa välillä jopa hauskasti.

Nigel Dawson says

Great reference for anyone interested in the social, cultural and pharmacologic aspects of the main families of pyschedelic drugs.

Dawn says

Anyone interested in these substances especially for experimentation purposes should read this book. It goes over history, studies and just about anything else you want or need to know. Definitely a book that was hard to put down.

Chris Thompson says

Met Peter Stafford in Santa Cruz years ago...right around the time Timothy Leary passed away...

Peter says

DRUGS DRUGS DRUGS EVERYTHING YOU WANT TO KNOW ABOUT GETTING HIGH.
Also, it's educational enough to fool your 'rents into thinking you're learning about stuff, when really, you're learning how to get more high.

Erik Graff says

I read this as a bedtime book while visiting Walter and Karen in Vermont, finding it filled with intriguing information about common and some very uncommon psychoactive drugs--all of it accurate so far as I understand these matters.
