The Wingman Chronicles

James Holeva

The Wingman Chronicles James Holeva

James Holeva, aka "The Wingman," is as classy as he is crass. His life is a dirty ride of uncouth adventures involving weddings, proms, threesomes, soccer moms, models, strippers, balconies, bedrooms, backseats and bathroom stalls. No details are spared in this humorous, erotic, autobiographical novel depicting all of his hedonistic debauchery. Full of jaw-dropping moments, gut-busting laughs and multiple orgasms, "The Wingman Chronicles" will make you laugh and orgasm at the same time.

Irene says

To me it was OK!! I mean reading about a guy who goes after woman just to F*** them and read how he went about it, what they call each other during sex isn't really my cup of tea. I did laugh in parts. I did have a hard time getting into this book. I really forced myself to finish it. Everyone has their own thoughts about this book which is great. If a woman wrote a book about how she F***s men left and right and what they did, and how they did it, she would be called a whore. I mean there were parts where I was like are you kidding me. He really gets all these woman and these woman don't care where he has been? I mean come on now. I don't care how big you are, or what you look like. If I know your a player then your a player and I wouldn't want anything to do with you in that way. We could be friends and just friends. No friends with benefits. If you read this James I really do hope you have had a check up, and a full blood count done. I want to ask you off the top of your head how many woman have you been with? with out having to think back what is the first number that comes to mind? now think of your daughter doing that. Like I said it was an OK book to me. Others might like it more, others might not. I wish you good luck with all your future endeavors.

Anas Attic Book Blog says

Read more of my reviews and ramblings at Ana's Attic Book Blog

I haven't read a book that really got me going (if you know what I mean) in a while. Now, during the longest dry spell I've had in like 5 years (A whole week! I was mad at Mr. Ana) I thought I was reading just a funny book. Well, **The Wingman Chronicles**">**The Wingman Chronicles** was funny, but holy fuck.

I want to fuck James Holeva. No, I **don't** want to cheat on my husband. I am *not* a cheater. He can come too (see what I did there? Come???) Seriously. I think James needs to do some research for his next book...fucking an older chubby married lady while her husband watches??? C'mon, it'll be a new experience. Hmmm....I wonder what James would do for 5 stars.....

Well let me tell you what I might have done while reading The Wingman Chronicles">The Wingman Chronicles...

I mean, if this guy is even half as good as he says he is, well, I think he should prove it. Either way, he sure knows how to write a down and dirty hot sex scene complete with spanking, hair-pulling, bathroom sex, lots of oral (and he seems to know how to do that!) and other dirty, dirty acts. The whole time I was reading it, I was just rubbing against anything that was hard. (I still had to stay mad at Mr. Ana)

This book is like reading the autobiography of Barney Stinson (How I Met your Mother), Steve Stifler (American Pie) and Andrew Dice Clay (before he turned into an even bigger dick).

*"Would you think it was weird if I called you Daddy?" Noelle asked.
"Of course not," I replied. "How is that weird?"*

It's a shame what this world's come to where guys have a problem being called Daddy by a broad their cock is inside.

We exchanged numbers, and she immediately began sending me naked pictures of herself—tits, twat, even face.

"I'm not a pussy," she said. "But you'll delete them, right?"

"Of course," I replied. "What kind of guy do you think I am?"

Obviously I didn't delete them. Deleting naked pictures a girl sends you is like being given a pan of baked ziti and throwing away the leftovers. I'm Italian and my family would consider that sacrilege.

Although she didn't ask, I reciprocated by sending her a picture of my cock. I photograph well and I like to show off the work.

There isn't much of a story, just a bunch of random sexual conquests, with one regular slut thrown in. (There was a little story there).

"As she lay back and pushed my head down with her hands, I stuck my face between her legs. I liked the way she pulled my hair while I licked her clit. In hindsight it probably wasn't the best idea to go down on a girl who had fucked me within minutes of meeting me, but damn, she had the best tasting cunt I ever ate. With some girls it was work to eat pussy—like eating a shitty meal at a relative's house—but this was something I'd pay for again and again even if it was overpriced."

Mostly it is just about a total asshole, sexist, thinks-he's hot shit pig and all the skanky hoes he picks up. But that's OK. I kind of want to be one of those hoes. James makes no apologies for being who he is, and really, why should he? He is giving women orgasms, lots of them. He doesn't need to give more. And being that he is a total asshole, who really wants him for more?

Likes:

James is dirty. He likes to do it dirty. I like that he likes it dirty.

Damn, it was a hot book!

It made me laugh out loud several times.

Can be read by anyone. The guys will love it too.

It was a fast read, surprisingly easy to read in one sitting (unless you need to re-charge your batteries).

Can also be read slowly, alongside other books for a quick laugh.

Dislikes:

Too many repetitive words and phrases, especially secretions (wow, that's a pretty clinical word for a crude fucker)

A little too expensive for such a quick book.

White suit/Miami Vice look??? Please say it ain't so!

One or two scenes were just a little too gross, but they made me laugh.

Rating: 4 stars, 5 Heat (I can be convinced to raise those stars James...you know where to find me)

I would have rated it a bit higher if it were longer, or less expensive. I have followed James Holeva on Twitter for about a year now, and always intended on reading his book. His tweets crack me up. He even asked to perform his stand up at Wicked Book Weekend 2013, but our plans were already set. But next year's is coming up, and he'd be a fun guest...I can make room in my room. ;-)

If you don't like rude, crude man-whores who call women broads, or you can't laugh at stuff like that. Skip this book. But if you find crude humor and dirty skanky sex fun, The Wingman Chronicles is the book for you!

Please visit my blog Ana's Attic Book Blog and join my page on Facebook

Dembie says

This book was so funny spesh the cousin bit lol James you live a kinky/funky life dude lol I also followed him on twitter he is so funny lol ;)

Kris Book Addicts PR says

My review of The Wingman Chronicles by James Holeva.

I was given the opportunity to read this strangers book, given to me personally by the man himself. Let me start off with, you think FSOG is hot, you ain't seen nothin yet!

This book had me so mesmerized, I could not stop reading it! I continued to research James and found him to be an intriguing man. Real and raw. My favorite kind of guy, which in my world, seems nonexistent.

There was so much to this book that made you laugh your ass off because its in fact "REAL." James is a real life player with an 8 incher that I would LOVE to see for myself. Even the blue haired ladies got to see it. I feel a little jealous of that one. He's the perfect man that a woman needs, funny, honest, good looking, and a dirty man that can cum more times than I have ever experienced with a man! Like a dream man, even if its just for one night!

Lets see, I officially love "lobster" now. I now want to attend a funeral, I want to meet his lovely sister that just cracks me up, and, well, I'd like to be alone in a bathroom with him for some "alone time."

Now lets get to Noelle. This broad, aka, whore just drove me nuts! She's all over the place. I kept waiting for the part where she would finally admit she loved saying Fuck Me Daddy because she was abused by her father, but that never came out. Then she wanted to be called James "Dirty Whore!" She asked for it, he did what she asked and then on a normal day when he called her a whore she would flip her lid, but the next day she was saying "Fuck Me Daddy, call me your whore!" I don't know, I think she's like bipolar or possible split personalities.

Then her fugly friend Renee? Ya, I coulda throat punched the bitch, like legit!

I'm really hoping the whole "ending with Noelle" is not over, but then again I do. She's a mind fuck is what she is. But who am I to judge?

This is by far, the BEST book I have read to date since my personal reading and writing quest began about 2 years ago.

I give MAJOR props to James for this and cannot wait to see what he has in store for us next. And really hoping to meet him in person someday, bathroom sex or not, I don't care, I just wanna chill with this crazy dude! I'm sure it would be a good time to remember.

I definitely recommend this book for anyone who is into real life stories! It's takes a genuine person to come out and do what he did and I congratulate him on his future endeavors. He will be a very well know man all over, soon enough, especially with my personal "PIMPIN" skills!

One last thing! If you didn't know, James is a comedian/sexpert/actor/and pretty much a jack of all trades! Check out his TV pilot here! <http://www.youtube.com/watch?v=5T8vXG....> Make sure to check him out on his comedy/book tour!

Thank you James for giving me the opportunity to read your book and also thank you for your help with the things you have done for me.

What are you waiting for you crazy broads?!?!?! GO GET THIS BOOK AND READ IT!

You can find James on Facebook at: <http://www.facebook.com/letsgetcreepin>

You can find his book on Amazon for Kindle at: <http://www.amazon.com/The-Wingman-Chr...>

You can find him on Amazon for his paperback at: <http://www.amazon.com/The-Wingman-Chr...>

Kimberly says

So let me give you a little back story as to why I read this book because it's out of the norm of what I read... well... kinda. I read two very sad books back to back and wanted to kill myself. Okay, not really but fuck, I was depressed. My friend was like, "You need to read *The Wingman Chronicles*."

Now, there comes a time in your life that you look at your Kindle and/or TBR list and you are scared to read anything you have on there because authors these days (including myself) like to take people on emotional roller coasters. My heart couldn't take it. I was done crying. So my friend was all, "Just do it!"

So, I went to Amazon and searched for this book, only to fall off my chair with the price. \$8.99????

I went back to my friend and I was like, "Dude, the book is \$9! I have a hard time buying books by Sylvia Day, Sylvain Reynard or even my friend Jamie McGuire's book. You want me to spend \$9 for a book for a guy I've never heard of?" Okay, that part wasn't true. James had sent me a friend request a few months back and he is in a group that I am in, so I've seen him around but still!

My friend was like "It's an autobiography and he is a famous comedian." (it's really an autobiographical) I was like, "I don't give a shit, I'm used to paying \$2.99-\$3.99 for a book!" Finally she was just like, "Just fucking do it!" So I did it. I clicked the buy button and I bought the damn book for \$9!

So I started reading *The Wingman Chronicles* and I'm a bit confused why people are writing reviews and comparing this book to FSOG. It is nothing like FSOG. Are all erotica books compared to FSOG?

Well you all know (at least if you've read my interviews), that I wrote my books after being hooked on erotica after reading FSOG, so I've had my share of books with sex in it and *The Wingman Chronicles* are... what's the right word to use?... Raw! This book is raw!

James is a player. You know, the type that doesn't call girls back after he fucks them when he says he is going to? I'm not bashing the guy at all. All the girls he slept with throughout this book, know who he is and if they are fine with knowing he has screwed most of NY, than more power to them. We all need a mind blowing orgasm at least once in our life time and James delivers. Shit, am I starting to sound like his pimp?

Anyway, I actually really did enjoy this book. Like I said it's raw, it's hot and also James is hilarious... I mean, he is a comedian after all. I loved all the puns in the book too. Who in their mid-twenties to mid-thirties don't know what a money bin is?

So, if you're looking for a hot book that will make you laugh; read *The Wingman Chronicles*. I do want to warn you that I was disgusted with two scenes, so if you have a little prude in you, this probably isn't your type of book.

Oh but I did almost cry at the end of the book... okay, not really but I did feel bad for James so there is a story, not just him fucking NY.

Carrie says

This book has fun and filth in bucket loads! It is very entertaining and refreshing to read a novel like this from a guy's perspective.

Gina says

Ok where do I begin with this one?? I have to start by saying I am a bit twisted and weird about my preferences, therefore loved it, but it was still perplexing even to me... what could be better than reading a man's actual accounts of his sexual experiences? I don't know about you but I love non fiction, especially non-fiction literary porn! Nothing could be better!

At first, it seemed like just a compilation of his one night stands BUT it turned into something MUCH more just when I thought he was one dimensional... Touche James, touche. If you enjoy raunchy, at times sloppy, raw sex and language, this is a must buy! You will definitely cringe at some of his words and ways, but he doesn't hide who he is, which is admirable.

Feminists beware! The author is very Schmidt from New Girl but XXX rated. Funny, hard core shit, things you probably would get highly offended about so stay away or convert!

Chrissy Sharp says

Holy FUCKING shit this book was hilarious! I read this book in a few short hours as I lay upon my death bed knowing that I'm surely dying. Okay, maybe I'm not really dying but I've been burdened with the "summer flu" and for someone that RARELY gets sick I thought for sure that I was dying. Yes, I'm a bit over dramatic. Anywho by the time I finished reading this book I had broken a sweat and my fever had started to go away. I'm going to thank James Holeva for that one because this book was HAWT! There's a lot of sex. A shit ton of sex actually and it's all from a "players" point of view. This book is not only gritty and raw but absolutely fucking hilarious. Seriously, I had to stop highlighting parts of this book because it was taking me longer to highlight than it was to read.

"Not to brag, but I eat box like a lesbian pornstar."

How the fuck do you not laugh at that? You don't not laugh at that because that shit is fucking hilarious. Moving on. So

we all know that I'm basically a dude trapped in the body of a woman. Or partly woman, my lack of tits kinda makes it iffy but my vag is proof. Point being that we all know I'm a perv. I heart the fuck out of sex and orgasms BUT there was one particular scene in this book that grossed me out. Yes, even I have my limits and had I lived in the hollers of Kentucky I may have been okay with it but it really just kind of grossed me out. Which brings me back to the hilarity of this book because despite my aversion to this particular scene, I still laughed.

Now here is where I'm confused. People are comparing this book the FSoG. Why the fuck are they comparing it to Fifty? I can assure you that besides some ass smacking and hard core fucking this book is NOTHING like FSoG. In fact I personally would be more inclined to takes James' hard eight for a spin than I would be to deal with a broody Christian, mostly because James is hilarious and I like to laugh. I would more likely compare this to book to every single National Lampoon movie that has ever been made and all of The Hangover movies but with a "Player" romantic comedy-esque twist. Actually I'm not even sure that's a good comparison. But if you like to laugh and you like sex then I would definitely recommend this book. Also if you are sick and running a fever I would recommend this book because I'm certain that this book is the reason my fever broke. Yes its that hot. There were parts of this book that had me drooling from both ends. Go go go and buy your copy of The Wingman Chronicles now!

Lisa says

I'll be honest. Up until last week, I had never heard of James "The Wingman" Holeva. He happened to show up in my Twitter feed, plugging this very book. I checked out the link and must admit I was intrigued.

James is a comedian, actor, and writer who has an uncanny ability to charm the panties off just about any woman. He's good-oh he is good. I have seen his flirty banter with the ladies and even admit that I myself have been charmed by his good looks and outgoing personality. Obviously, I had to buy his book.

The Wingman Chronicles is James' semi-autobiographical account of many of his sexual encounters with women in just about any place. Hotels, bathrooms, cars, even his grandfather's funeral. No place is off-limits.

I wasn't sure what to expect from this book but found myself laughing out loud one minute and turned on the

next. I admit at one point I found myself having to put my Kindle down, just to catch my breath. James can be crude at times, but he is honest and even showed a bit of emotion. Near the end I felt I saw a softer side of him.

Filled with down and dirty tales that will entertain men and women alike, The Wingman Chronicles is a sexy, funny read that will keep you entertained and wanting more.

Tiffany Brown-clark says

Loved the book!! Laughed my ass off and blushed at the same time!!! Definitely recommend it to my friends who read the same books as I do.. You know who you are. Lol!!

Heather says

After he followed me on Twitter I decided to check out his book. In his self described 'filthy' autobiography, The Wingman James Holeva shares a multitude of his sexual escapades; some of which leave you blushing, some laughing and all wanting MORE. Giving you insight into the life of a player, he does a great job explaining and justifying why some men are the way they are. It was a quick read and if you're in the mood for a 'wham bam, thank you ma'am' sex fueled, sans romance book, I highly recommend it.... Holy Hot Sex mixed with hilarity! The funeral scene was my favorite then the Asian restaurant. Yeah, I could call him Daddy :)

Alexis says

The Wingman Chronicles... Where do we start with this book? How about with a little warning. We are going to be posting quotes from the book that are graphic in nature, and our own opinions, equally graphic. If you aren't 18 or older, and if you aren't reading with an open mind, it might be time to close your browser window or perhaps get ready to bleach your eyes out. Let the fun begin!

Angela: The Wingman Chronicles is a collection of nasty, supposedly true, short stories about comedian James Holeva. I'm not quite sure where the term "Wingman" comes from, because Urban Dictionary defines a Wingman as someone who is "there to "occupy" the least attractive girl of the pair so that you may engage in the hot girl". I don't think Mr. Holeva was so generous. He was pretty much after the hot girls for himself in these stories. There are random encounters with strangers, plus a couple of longer term relationships described in the book. While I started out appalled, I have to admit that by the second or third chapter, I found myself giggling a little bit. By the fourth chapter I couldn't put the book down, and I found myself strangely and creepily attracted to "The Wingman". (Yes, I am ashamed to admit it)

Alexis: This book is definitely not my type of go-to book, but I'm glad I decided to leave my comfort zone. Everything that Angela said above is completely true. James is a player, but not any kind of player, he's a high class player (his words)! In order to be good in bed, he takes the old adage, "practice makes perfect" and beds half of the East Coast, or so it seems. I don't really view James as a "Wingman" according to Urban Dictionary either. There was one part in the book where he got the more attractive girl while his friend sat on the couch with the girl's friend while James was getting 2 BJ's for the cost of 1. There were a few chapters that I can't actually believe are true, yes I am talking about the funeral chapter! But, then there were some chapters that I actually laughed so hard I had tears. In the last chapter I actually felt bad for him,

which is shocking considering I wanted to hate him for half of the book. For me, James walks a very thin line between vile (he actually has pictures on his phone of what he's packing) and hot (apparently he's packing a "hard 8"). In the end, the "hard 8" wins and I too am attracted to him in a way I can't explain.

Angela: Come on Alexis, you never know when you are going to need to prove what you have to offer via text message! I really find myself wanting to say so much, but I would end up pretty much telling the entire book. I think this is one you pretty much have to buy and read yourself. You just won't believe it until you read it. You will be shocked and disgusted, but you will freaking love it! Plus, I'm sure The Wingman will need the money for condoms...and possibly oral antibiotics. I'm giving it 4 stars, because I can't stop thinking about it, and I made my husband talk about it with me, which I almost never do.

Alexis: Angela, you have a valid point about the text messages, LOL! There were a couple of stories that I had to tell my husband as well because they were so outrageous, though I think he might be a bit jealous of all my "James-talk". I definitely enjoyed this book and give it 4 stars as well. I have to admit I love a man with a filthy mouth and the confidence of Napoleon. If I was either single or we turned the clock back 11 years, I would totally be DTF with Mr. Holeva.

Here are our favorite quotes from Mr. Casanova himself:

"Yes, I may be a player, but I'm not 'The Situation', I'm Sinatra."

"As one of my earliest mentors once told me, "Eat em' for twenty and you could fuck em' for two... That's how you get the stud status."

"I certainly didn't want to cockblock my own cock. He would never forgive me."

"What... Don't get dressed. It's a disservice to both of us to go halfway. I don't like to do things half assed. That's not how I was raised."

"I wasn't surprised, because a player can bring the pornstar out of a nun."

"I pulled out my Blackberry and scrolled through the vast portfolio of cock pics. Different angles, looks, levels of hair and hardness, a few costumes-I kept about five-hundred with me at all times. You never know if a girl will want to see one on a cold day, and I'm a grower, not a shower."

This review was posted on Stories and Swag

Chris- Bookaddict says

Ok I'm not usually a big fan of Autobiographies , but after talking and hearing so much about this book I needed to check it out . Kris offered to send it to me for an honest review and well here I am. (Kris Thank you for sending me a copy to read and review) I have read the book and this is my honest thoughts about it.

Ok Well I liked this book , I did not love it . it is Real, It has some funny parts to it , It is raw , if you truly do not want to read about sex, sex, and more sex, then don't read this book. Basically the whole book is based on James and numerous different nights spent with numerous different woman. Aside from his one neighbor next door whore, James is always out looking for different woman each night or when he is on the road.

He takes a whole new meaning to the word bathroom sex LOL .. I'm not sure I will ever look at Lobster the same way again lmao.... And Funerals I think I have been totally missing out on how fun funerals can be if your with the right person , or in this case related to the right person.

“Speaking of peace, look at that piece of ass over there,” I said to Valerie. “She can’t wait to fuck me.” “You are so disgusting,” she said. “We’re at a funeral.” “So? I’m not dead.” “This is not the time, James. We’re in church. This is worse than when you laughed.” “It’s a coping mechanism... I told you that,” I said as I began to tear up. “I can’t help it. I’m coping.” “But you wanna be creepin’,” Valerie said. “And at our grandfather’s funeral.” “Grandpa would not want us to mourn, he’d want us to move on with our lives and have a good time... And he’d be proud if I fucked her.” “You’re going to hell. You can’t fuck her at a funeral. What is wrong with you?” “You’re cursing at a funeral. Watch your mouth.”

Laugh out loud times for sure there were plenty in the book for sure .

“You really couldn’t keep it in your pants, James?” Mom said. “You raised me to share,” I said. “And because of you all rudely intruding on us, she left ... And we didn’t finish.”

“Fine,” I said. “You know friends share their vacation homes, their time shares ... We were gonna share our vacation pussy. But you’re too good for that. Alright, I never thought you were this snobby.”

I dropped my pants and stood in my black boxer briefs. My cock was ready to burst through like a fat girl’s ass straining to escape from a scandalous Halloween costume.

The whole Bologna Pony , ya I LMAO @ that too.

Noelle the Neighbor next whore LOL really nice name for her . She ticked me off I think she has serious issues . As much as I would want to see James maybe settle down I’m thinking he better find a new neighbor hahahaha.... She has split personalities or something , one minute she is telling him to call her a whore and the next she is going crazy on him because he called her one. Ya James Find a new neighbor LOL

If your interested in checking this book out I say go for it , what’s the worse your not gonna like it? I will say this it is different, it is Real, it is RAW !!! If you want to check out More about James you can check him out here . This is his TV Plot <http://www.youtube.com/watch?v=5T8vXG...>

You can find James on Facebook at: <http://www.facebook.com/letsgetcreepin>

You can find his book on Amazon for Kindle at: <http://www.amazon.com/The-Wingman-Chr...>

Book Blurb:

James Holeva, aka "The Wingman," is as classy as he is crass. His life is a dirty ride of uncouth adventures involving weddings, proms, threesomes, soccer moms, models, strippers, balconies, bedrooms, backseats and bathroom stalls. No details are spared in this humorous, erotic, autobiographical novel depicting all of his hedonistic debauchery. Full of jaw-dropping moments, gut-busting laughs and multiple orgasms, "The Wingman Chronicles" will make you laugh and orgasm at the same time

James I do congratulate you for writing this Book. It's not everyday you can read such a Raw book and laugh at the same time. So Kudos to you and I will look forward to see what you come up with next. I am going to work on Getting my Arse down to Boston when your in the city to see a show and Meet you hopefully ... I think hanging out with you will be loads of fun ...

gillian (Tattooed Book Review) says

See this review and more at www.tattooedbookreview.com!

I considered not writing a review at all, and just including this quote from the book:

"You said you only want me?"

"Well, I do."

"It doesn't seem that way."

"It's common etiquette... You say the name of the girl your dick's in. It's good manners."

Because for me, that single quote from the story *The Girl Next Whore 2* made the book. Never mind the rest: a collection of brief, raunchy and erotic stories, showcasing "The Wingman's" sexual prowess and debauched sense of humor; full of drunken hook-ups, bathroom sex, spanking, threesomes, and the general disrespect and debasement of women.

Here's the thing, if you're easily offended by this type of humor, this book is not for you. But if you don't mind being slightly offended while you're slightly turned on, chances are you'll enjoy the book. I'm not proud that I found this book hilarious, titillating, and at times even insightful and philosophical (stay with me here, I know it's a stretch):

"My parents taught me that if you want to be good at something, practice makes perfect, and I heeded their advice the only way I could- through dirty sex with random whores. Ah, the school of hard knocks. I'm better for it."

Deep.

*I received a complimentary copy of the book in exchange for a fair and honest review.

Angela Lane says

The Wingman Chronicles... Where do we start with this book? How about with a little warning. We are going to be posting quotes from the book that are graphic in nature, and our own opinions, equally graphic. If you aren't 18 or older, and if you aren't reading with an open mind, it might be time to close your browser window or perhaps get ready to bleach your eyes out. Let the fun begin!

Angela: The Wingman Chronicles is a collection of nasty, supposedly true, short stories about comedian

James Holeva. I'm not quite sure where the term "Wingman" comes from, because Urban Dictionary defines a Wingman as someone who is "there to "occupy" the least attractive girl of the pair so that you may engage in the hot girl". I don't think Mr. Holeva was so generous. He was pretty much after the hot girls for himself in these stories. There are random encounters with strangers, plus a couple of longer term relationships described in the book. While I started out appalled, I have to admit that by the second or third chapter, I found myself giggling a little bit. By the fourth chapter I couldn't put the book down, and I found myself strangely and creepily attracted to "The Wingman". (Yes, I am ashamed to admit it)

Alexis: This book is definitely not my type of go-to book, but I'm glad I decided to leave my comfort zone. Everything that Angela said above is completely true. James is a player, but not any kind of player, he's a high class player (his words)! In order to be good in bed, he takes the old adage, "practice makes perfect" and beds half of the East Coast, or so it seems. I don't really view James as a "Wingman" according to Urban Dictionary either. There was one part in the book where he got the more attractive girl while his friend sat on the couch with the girl's friend while James was getting 2 BJ's for the cost of 1. There were a few chapters that I can't actually believe are true, yes I am talking about the funeral chapter! But, then there were some chapters that I actually laughed so hard I had tears. In the last chapter I actually felt bad for him, which is shocking considering I wanted to hate him for half of the book. For me, James walks a very thin line between vile (he actually has pictures on his phone of what he's packing) and hot (apparently he's packing a "hard 8"). In the end, the "hard 8" wins and I too am attracted to him in a way I can't explain.

Angela: Come on Alexis, you never know when you are going to need to prove what you have to offer via text message! I really find myself wanting to say so much, but I would end up pretty much telling the entire book. I think this is one you pretty much have to buy and read yourself. You just won't believe it until you read it. You will be shocked and disgusted, but you will freaking love it! Plus, I'm sure The Wingman will need the money for condoms...and possibly oral antibiotics. I'm giving it 4 stars, because I can't stop thinking about it, and I made my husband talk about it with me, which I almost never do.

Alexis: Angela, you have a valid point about the text messages, LOL! There were a couple of stories that I had to tell my husband as well because they were so outrageous, though I think he might be a bit jealous of all my "James-talk". I definitely enjoyed this book and give it 4 stars as well. I have to admit I love a man with a filthy mouth and the confidence of Napoleon. If I was either single or we turned the clock back 11 years, I would totally be DTF with Mr. Holeva.

Here are our favorite quotes from Mr. Casanova himself:

"Yes, I may be a player, but I'm not 'The Situation', I'm Sinatra."

"As one of my earliest mentors once told me, "Eat em' for twenty and you could fuck em' for two... That's how you get the stud status."

"I certainly didn't want to cockblock my own cock. He would never forgive me."

"What... Don't get dressed. It's a disservice to both of us to go halfway. I don't like to do things half assed. That's not how I was raised."

"I wasn't surprised, because a player can bring the pornstar out of a nun."

"I pulled out my Blackberry and scrolled through the vast portfolio of cock pics. Different angles, looks, levels of hair and hardness, a few costumes-I kept about five-hundred with me at all times. You never know if a girl will want to see one on a cold day, and I'm a grower, not a shower."
