Neale Walsch

Home with God: In a Life That Never Ends Neale Walsch

Nothing has frightened or fascinated us more than the experience that we call 'death'. Now, in what very well could be the most profound of all his CONVERSATIONS WITH GOD books, bestselling Mobius author Neale Donald Walsch asks the questions that we have all wanted to ask, and receives answers we have all been waiting for, in this deeply moving and highly personal dialogue with Deity. HOME WITH GOD is the definitive spiritual work on death and dying, offering new insights, deep wisdom and peace of mind, for the terminally ill, family members of the dying, hospital and medical professionals, members of the clergy, and everyone encountering death. HOME WITH GOD logically completes Neale Donald Walsch's dialogue with God, exploring the process by which we end our lives here on earth and begin our so-called After Life experience. A book of comfort, hope and surprising revelation, HOME WITH GOD is an astonishing, deeply healing, and reassuring spiritual classic.

From Reader Review Home with God: In a Life That Never Ends for online ebook

Theresa Sjoquist says

A good read in the typical style of Neale Donald Walsch as we have become used to him, or to God's voice through him. I enjoyed this read and it provided quite some grist for the cogitative mill.

This is a book for anyone who is interested in the whys and wherefores of death, dying and the hereafter as instructed from the viewpoint of God. Walsch is the medium through which God explains why we die when we die, what goes on for us after death, and everything associated with death. This book makes for curiously greater degrees of comfort about both living and dying.

Definitely worth a read, particularly if you've enjoyed any of Walsch's many other books, or if you are concerned about death, yours, or that of another.

Joseph Delcourt says

this one is probably Neal's best (if possible) it goes into so profound concepts and provides a real glimpse into what lives beyond the horizon

Brendan says

Loved it! Have read quite a few books on the subject and they all seem to point to the same thing which is kinda both weird and cool!
