The Heartbreaker Jessica Wood

A Novella Prequel to Damian

Meet Damian Castillo. The man, the legend, the heartbreaker.

The only thing that matters in his world is his "little black book": his large black shoebox filled with hundreds of phone numbers from the nameless women in his life. He knows what he wants: mind-blowing, no-strings-attached sex. And as the hottest bartender in San Francisco, he never has a problem getting exactly what he wants when he wants it.

But sleeping with every hot woman that throws herself at him can sometimes lead to unexpected problems, and Damian discovers this when he finds himself caught in the middle of his two recent conquests. Will his manwhore ways get him into more trouble than he can handle, or will this heartbreaker manage to get out unscathed?

The Heartbreaker is the prequel novella to DAMIAN (book #1) and TAMING DAMIAN (book #2). These three books make up the entire The Heartbreaker series, which are all currently available.

Larissa says

If you like fast reads with a tiny turn-around this heartbreaker is for you. 15 minutes non-stop (meaning no food, water, bathroom in between) will prove to be entertaining.

The Heartbreaker gives you a bigger view on Damian's lifestyle... and the why's surrounding him from an early age. And incredibly, his standards when it comes to married women getting "attached" to his person. You might find surreal the situation he is on, but by chapter six, the last one, you will bump into a character from Damian book. Yes, big spoiler here.

For the full effect please click here.

Mary Winstead says

The heartbreaker

Damian mother cheated on his father, and Damian found out at the age of nineteen that his father wasn't truly his father. His mother didn't know who his real father was. That's why Damian can't be in a relationship. So he loves the ladies with no strings attached. Great read couldn't put down till I was finished.

Tammy Choate says

Snort My poor Damian!!!! I love him!!! Such a man ho! But we got to see a glimpse of him that I think is safe to say we all knew deep down. He's an arrogant ass right down to the bone but oh how we love him!!!! I'm going to love watch him fall. He may still be cocky and arrogant but it won't be the same!!!! We all know she will bring him to his knees!

I love his 'black box' his 7.5 on a hot scale to 10. Amazing to know that he apparently doesn't have one below that number!!!! Then there his issue for the way he is and its because of his mother. I was pretty stunned from his reaction to her and how he turned out to be and why. Thank you Jessica I can't wait to read TAMING DAMIAN!!!! He needs it badly in more ways than one! I see people saying it was too short but I didn't think so I love little novella's like this!!!! If you loved Damian part one then you will definitely love this side of him!!!! Its a shocker to say the least he's straight and brutally honest! I can truly say that if he ever said anything like that to me up front I would walk away lol cause I would be to embarrassed or not strong enough to keep my emotions in check but well, hell so did the other women he was just that damn good!!!! I'm still snickering at some of the parts geez!!!!

Melinda M says

What a dirty lil playboy! Damian and his big black box...

Good start so far. Damian and his insatiable appetite. His mother would be proud. Shame. I wanted to wrap

him in my arms when his mom hurt him with her words and confession. It was a good scene to show us an inside on why he is the way he is towards women.

Alexis sounds fun. She sounds like a strong but somewhat vulnerable girl. Loved her feisty comeback at skank troll, Jill. I mean, go get some self respect. Ya nasty!

I'm starting book 1 now.

Lisa says

Utterly ridiculous.

J-J lover of books says

After finishing Damian i went straight on to read this. I wanted to know more.

I am one of those people who love novella's. Prequels or otherwise. I want to know more, much more.

So we get to know more about Damian and why he is the way he is. Okay, okay yes i felt for him a little, no more than a little.

He had been hurt and felt the need to protect himself and his heart. Which was perfectly understandable.

I can not wait to read Taming Damian.

Derreck says

I'll admit I came into this with not very high expectations. After all, this isn't usually the kind of thing I go for. That being, the 'right' woman changing the man who sleeps with anything with a skirt on. I'm a realist, and that simply does not happen. Anyways, at first I found the story a 'Meh' but when he met this new girl Alexis, now Alexis I like. I like her a lot. She doesn't take much crap from anybody. So it seems. But I haven't read anything else that's due to come. I actually just read the prequel here, so I have yet to see what will come next. Looking forward it though :)

Lisa Miller says

It's no wonder Damian doesn't want any kind of a relationship with a woman, his mother really screwed him up, not only by taking the only man(father) that he knew, but also walking out on him. I wouldn't want to get my heart broken again either!

Things seem to look up for him when he meets Alexis, but he tries to keep his heart protected by keeping her at a distance, doesn't seem to work out though. Alexis is also weary about love, she lost her parents at a young age, and the one boyfriend she had did not work out, so who would want their heart to get broken again, person can only take so much. Jessica, I think you have done it again, you keep me on the edge of my seat, and I'm so ready for the conclusion of Alexis and Damian.

Karine says

The Heartbreaker introduces us to the main character of The Heartbreaker series, Damian Castillo. He is a man-whore at heart and just doesn't do relationships. Why would he, when the ladies are willing to drop their panties everywhere he goes. However this can also lead to trouble.

Totally in love with Damian and will be reading the rest of the series. I need to know what happens to this man-whore and his new mystery girl.

Christine says

In this prequel we meet Damien Castillo. Not sure how you are going to feel about Damien after you meet him in this book. He is a man-whore. He does not do relationships. He does not date. However, he is honest. He tells the girl upfront that he only wants to have a good time with her and that is strictly to have sex with no strings.

I wasn't sure if I should read this prequel before I read Damien. When I started The Heartbreaker I was not liking Damien at all, but I stuck through it and glad I did. There is a reason why Damien does not do relationships or love.

Okay so I have a confession, I love these stories. I love stories of man-whores who just need to meet the right girl and fall in love with her. However, these stories have to have the right girl. Meaning I hate when authors have the girl be a party girl. She does not have to be a virgin, but she can't be a whore herself. So I am hoping that the heroine in Damien is the "right" girl. Sweet, nice, feisty, but not b****y.

Overall I liked the prequel. Some of the verbiage felt awkward, but the story and characters kept my attention. I really loved the last 3% of this book.

Patricia says

I loved this short story couldn't put it down. At the age of nineteen Damian and his father found out about a lie that his mother had told them. Hating his mother so much Damian vowed to never love again so he won't get hurt again. Time past and now owner of a bar called Damian's and a ladies man, Damian and his best friend Brian go out for one night stands because they both don't do commitment. When Jill a one night stand comes by for a quicky she and Damian head up to his place, but when they head for the stairs they see a brunette struggling with her luggage. When Damian sees her he gets a feeling that he wants her and not for a one night stand.

Tanya says

I LOVE DAMIAN!!! THIS IS A GREAT LITTLE READ INTO THE MIND OF THE COCKY MAN HIMSELF!!!! ACTUALLY GETTING TO KNOW WHAT ALL HES THINKING...AND DONT WE ALL

WANNA KNOW WHATS GOING THRU HIS MIND!!! DAMIAN IS ALWAYS UPFRONT WITH HIS LADIES...THEY KNOW ITS ALL FOR A GOOD TIME...NOTHING MORE!!! WE GET A PEAK INTO WHY HE IS THE WAY HE IS FROM HIS CHILDHOOD AND HIS MOM. I CANT WAIT FOR MORE!!!! AND ILL NEVER LOOK AT LAUNDRY THE SAME OR HEAR THE SONG " MRS. ROBINSON " THE SAME AGAIN.....WILL RECOMMEND TO FRIENDS!!!!

Gloria Herrera for As You Wish Reviews says

The mystery that is Damian. Whatever happened to him to make him be this way with women?

This prequel gives us a glimpse into Damian's attitude toward women. There is a little shocker in there too. Damian will sleep with just about any woman, of any age, as long as she rates a 7 or higher on his f*ck-o-meter.

His famous "little black box" contains the remains of so many encounters. Let's face it, a little black book was not big enough to hold all his mementos.

I find this story about Damian intriguing. His last name should not be Castillo, but rather Casanova. He is so turned off toward feeling anything for any woman except the temporary emotion of sex. What is also intriguing is that he is so unaware of how lonely he is and how devoid of happiness his life is.

I am looking forward to reading Taming Damian next month when it is released.

Desirae (Dee) says

Good lord this novella was hot. We get this from Damian's point of view. We get to see how he operates, the smooth operator that he is and what happens when he met Alexis. Whew. hot stuff. Good lord. So this novella sets the pace and the mindset for book one, Damian.

Dawn Parker says

Really quick read.

Damian..wow. Very much a player and tells you he is NOT looking for a relationship or a commitment! If he even things your getting clingy..your a goner!

This book took me back as I wasn't expecting so much crudeness however I forgot that I was reading from a guys perspective. If one was to look up man whore...there would be Damian's picture!!

This gives a good bit of insight of why Damian is the way he is and leads up to the predicament he is in for book one. It is extremely H-O-T. My reason for not giving it 5 stars...it needed more plot versus sex. Yes..he is a man whore and all however I personally didn't want to read about all the sexcapades every other paragraph.
