Wild Roses

Miriam Minger

Wild Roses Miriam Minger

The gentle sister of Ireland's most infamous rebel, Maire O'Byrne remains ever loyal to country and clansmen—until a strange twist of fate carries her to Lord Duncan FitzWilliam, the proud Norman master of Longford Castle. And now she must feign amnesia to ensure her brother's safety—even as her yearning heart seeks the warm shelter of an enemy's arms.

A man of peace in a land seething with rage, Lord Duncan is touched by this mysterious, afflicted lady whom he believes is a pawn in a dangerous family intrigue. Yet desire is Duncan's greatest peril, for his need commands him to tear down the wall of secrets that stand between him and beautiful Maire—and to give himself fully and passionately to a love some would call treason.

Beth Reilly says

Excellent story!

Kathy says

In the first book of the series Maire could not walk. Now she is riding a horse and on the way home from visiting her companion's are killed and she is taken by the sister to a Norman Lord. When the Lord finds her in his bed he does everything he can to find her family. The problem comes from the fact that the two family's are enemies. Afraid she will be used against her family she pretends amnesia. It is a well written book of love and fear.

Louiseann Walter says

GOOD READ.

This story so defines the statement "love is blind" . Duncan never saw Maire as handicapped an it was great watching their love unfold but is there a sequel of Niall ? I will keep looking in the meantime enjoy wild angel and wild rose.

V says

Good sequel

Kath says

This was a heart renching tale of love. Captured by the enemy Normans, Maire was torn between protecting her brothers and the enemy Ducan she had come to love. Pretending she couldn't remember who she was gave her time to plan an escape, but truely she wanted to stay.This one reduced me to tears....a fabulous gripping tale.

Then there was the brother Niall the women he thought he was to marry...turned out to want another....hope there is a book for him.

Great story can highly recommend

Tracyk says

Hmmm i did kinda like it but not as good as the 1st book - Wild Angel. I still want to read Niall's story.

Delia Sandford says

Every bit as good as book one a great read

Nena Labovic says

If i ever read or hear the nominal phrase Jesu, Mary And Joseph i will kill myself. Just hang myself in the woods. But all in all a good book :) !!

Annette says

WILD ROSES : is a very good book. I listened to the audio and may have enjoyed it more in paper. Our hero is wonderful. Duncan is strong, fierce and has a lamentable family. Our heroine is physically afflicted and seems fairly spineless. Listening to the recording, the pace slows down and the musings, worries and replays can be tortuous. Read this one yourself, you'll probably give it the extra star.

Kimberly Pelkey says

Good book

I loved this book by Miriam minger and the other book in the series they are both good ms. Minger is a very good author

Angarad says

After reading Triona's story, Maire is kind of dull and too sweet. she seems frightened of everyone and everything. That she finally finds her backbone is a good thing.
However, Duncan a beautiful man, in and out. The perfect lord protecting all under his rule and more. The end was a bit rushed but thankfully not disappointing. Just feeling really bad for poor Niall.

L.M. says

I was pleasantly surprised by the sweetness of both the hero and the heroine. I love how Minger manages to write books that are both romantic and historically interesting! This one is the sequel to Wild Angel, so be

sure to read that one first! :-)

Janie Williams says

I enjoyed this book. Though if you do read the first book, this one can seem a let down. However, I do believe that the author did stay true to Maire's character. I too am anxious to hear Neill's story! If you enjoy sweet, you'll love this story, and if fiery is your addiction, then Wild Angel is a must read for you. I have to believe that Neill's story will be smoldering...

Danielles says

Ebook pc

Aremi Guillen says

It was an okay book. It had all the potential in the world to be a great chick lit but failed. The plot was amazing but i wished there had been more character development between the two love interests. It was underwhelming.
