King of Beasts

Jamiee Lynne

King of Beasts Jamiee Lynne

If you can see them, you're already dead. If you can hear them, you're not far from it. If you can smell them, like the forest they live in, avoid danger at all conceivable costs.

Because they're the monsters in the shadows of Harvey Hill's forests, and their king needs his queen.

Charlotte and her burning red hair is a sight to behold. Though every bit as feisty as her sharp green eyes, but she's weary of the beasts that roam at night... of werewolves and unspoken beasts that threaten to abduct you, never to be seen again. After all, here in Harvey's Hill, when the clock strikes ten, you best be inside, praying to the moon that the monsters pretend you're not there.

Yet, speeding down a highway late one night, she makes a grave—nay, fatal—mistake.

Gabe saw those same smoldering embers that same night. Bloody and limp yet scathingly beautiful, her small but defiant voice burns through his soul. He reaches out, aching to claim her, but she knows her runes against beasts like him, and she isn't going down without a goddamn fight. But the King of Beasts always gets what he wants, and so he drags her away to be his forever... or so he thought.

Just when love and passion take its course, odd things starts happening. Sinister things are in the works. And when Charlotte and Gabe find their bond broken, everything falls apart... maybe even their sanity.

What are the secrets of this strange, strange town? When death is hot on her heels, will Charlotte escape? Will the king ever get to claim his queen?

Be captivated by this dark tale of undying love that defies the paranormal in Jamiee Lynne's new book, King of Beasts.

But be warned: the insane plot twists and spine-tingling thrill might just make you a bit mentally unstable—temporarily, that is. Grab your copy now.

Ellaphant R says

[This one is such a ride and really good.

Gabriel? Boy, really tries his best like literally every moment ever, he's never not going 100- luv ya, son Odin? When *isn't* Odin ya number one pal? When he's the true god odin and not in this book, but in this book, Odin is such a pal- honestly, bless

Charlotte

Jen says

What a fast paced, interesting read.

Not at all what I expected.

A bit of a cliffhanger ending.

Maud says

I enjoyed the book but the ending ..WTH!!! It just didn't make sense...

Nina's says

Great

Get book can't wait for the next book it had some twisted but yes its a cliffhanger but its a somewhat nice one

Sue Anderson says

Omg must read at any age

The story is gripping and keeps you guessing the characters are very believably human and the mystery paranormal magic science spirituality and suspense keeps you enthralled it's addictive can't wait to see the next adventure of Charlotte and Gabe !!!

Clare says

I found this book really peculiar. Most the time I had no clue what was going on but I needed to see the end. Which btw was a cliff hanger, gonna read the second just to see what happens

Ren Hunt says

This book was written in an unforgettable way. The plot is beautiful, and the characters are realistic and sensible. There is absolutely no way I can ever forget this story, so I will soon be buying a copy when I can. Been with the author through this, and I must say I'm really proud and happy for her. If anyone has shown me that reaching a dream is possible, it's been Miss Jamiee Lynne. If you read King of Beasts, you'll find that you're sitting at the edge of your seat; not wanting to put the book down.

Lburt says

It can not end that way!!

TERRI MCLAMB says

I cried...I couldn't put the book down.

Other than a few editing flaws the book was great. I can wait until the next book is out . I want to see the Beast King happy!

Ari Reavis says

This was a surprisingly good read. There weren't many reviews, so I went in pretty blind. It started off with a bang, a city seemingly terrorized by beasts that come prowling every night and if you're not indoors.. well you won't be around come morning. But when Charlotte ends up outside after dark, the king of beasts realizes she's his mate. What unfolds is a whirlwind romance, plenty of action and pack business. I loved the fighting and how much authority Gabe demanded. And how he basically wooed Charlotte instead of dumping everything on her about being mates and expecting her to get with it or else.

Then there was the drama of trying to figure out who was truly a danger to Charlotte. I must say I was surprised at the turn of events in that regard. Like damnnnn, you fooled us all.

It got dropped to 4 stars because the pov would change with no notice and you wouldn't figure it until you were a few sentences in. That messed me up a few times.

Big cliffhanger at the end.

lauren says

This book left me torn, ending hard to swallow. 3 and half stars

I really must tell you, this book was jacked t.f up! The ending just guts you to the bone, I'm not sure if that was a cliffhanger or just an ending that leaves you unsatisfied. Regardless I enjoyed the book, and would really love to see it continue if possible. I feel like love really needs to overcome in this one, it just can't end

this way I keep telling myself. Please make this book right for us....

Faith Richie says

Cliffhanger

Cliffhanger but a good one. I like the storyline it was a bit different from the other mated shifter books out there. I would consider this book clean. I'm looking forward to the next installment.

Ashley B says

Pulled me right in

I read the first chapter of this book as a sample in another book. So I immediately went and got it on KU and read it all. Writing this at 2am because I couldn't put it down.

Midnight Dinosaur says

This was honestly such a great book, the plot was so well developed and the transitions from scene to scene were only made better by the beautiful writing style. I absolutely adored the main character, she was very spirited yet sensible at the same time. And for once the main love interest didn't seem like a total jerk that didn't respect boundaries. Shoutout to the author for writing this fine piece of literature.

Liana says

This book was extremely well written, had very whimsical writing style of a true fairy tale. Loved the plot and characters. Does anyone know if this will be a series? Please tell me yes,
