The Fearless Groom

Cami Checketts

The Fearless Groom Cami Checketts

A bachelor auction, a hot football player, and the right woman to bring him to his knees.

Izzy Knight walked away from her father's billions and his Titans football team to become a nurse practitioner at a children's hospital. She's busy and accomplished and certainly has no room in her life for a larger-than-life football player who goes through women faster than she completes a shift at the hospital.

Xavier Newton loves football but hates the games that go along with it. When the owner of the Titans forces him and his buddies to be sold like cattle at a bachelor auction he barely endures the event, until a feisty brunette bids half a million dollars for him. He's completely drawn to Izzy, but when he finds out her father is the owner of the Titans sparks fly and everybody's loyalties are challenged.

Can these two find love when they don't know who's waiting to tackle them from the blindside?

Kathy says

A typical night at my house... Kids are finally in bed or at least quiet and semi-settled down. We climb into bed and my husband turns on something on Netflix and I open a book. Soon husband is snoring and I should turn out my light but don't because I'm in the middle of a good book and don't want to stop. I stay up way too late reading because my Kindle says I only have 1 hours left in the book.

These Texas Titan Romances are the cause of too little sleep on too many nights. They are the perfect one sitting read and can be read by me in about 3 hours. They send my total books read in 2018 count sky high because I sacrifice sleep to finish them.

The Fearless Groom has a great mix of fun-to-read story elements. Cami created an independent heroine and paired her with a compassionate, confident hero giving us a fast-paced page-turning tale. I love the crossover that happens in these stand-alone books as it's always fun to see characters I love from other books make an appearance.

Rating: 4.5 Stars - Highly Recommend

Content: Clean

2018: #25

Bree says

Check out the cover of this new clean sporty romance... that was enough to get me to read it! Hunky football player Xavier and cute sassy nurse Izzy meet on their way into a big event. Xavier is not thrilled to be auctioned off for a date at the event and Izzy doesn't want to bid at the event but her big wig father, who she doesn't like, told her he would donate the money to the hospital she works at if she bids on a certain football player. When they realize who each other are they were both out to make this date interesting... little did they know the connection between them would be steamy. This book had a great balance of swoon worthy clean romance, drama, suspense and values. I loved these characters and I didn't want to put the book down. I look forward to reading the other Texas Titan Football Romances.

Cheryl says

So I am not much of a football fan, but this book sucked me right in. Now I need to check out more of these Texas Titan stories. Xavier is part of the Triple Threat, 3 amazing football players. Not only are they a force to be reckoned with on the field, they are like brothers off the field. I am quite curious how the stories of the others turn out. Izzy may be the team owner's daughter, but she wants nothing to do with her Dad or the team. Sparks fly when her dad coerces her to bid on Xavier so that the money will be donated to the children's hospital that means so much to her. Xavier and Izzy are unprepared for the strong feelings that pull

them together. I loved cheering these two on as they learned to trust each other amid the chaos of life going on around them. Who wouldn't have a soft spot for a big tough football player who loves his mama and looks for ways to care for underprivileged children? He is too good to be true. Izzy's independence and sauciness reels Xavier right in. Together they have to learn if their feelings for each other are stronger than the forces that surround them.

?FREE on Amazon today (7/17/2018)!?

Blurb:

A bachelor auction, a hot football player, and the right woman to bring him to his knees.

Izzy Knight walked away from her father's billions and his Titans football team to become a nurse practitioner at a children's hospital. She's busy and accomplished and certainly has no room in her life for a larger-than-life football player who goes through women faster than she completes a shift at the hospital.

Xavier Newton loves football but hates the games that go along with it. When the owner of the Titans forces him and his buddies to be sold like cattle at a bachelor auction he barely endures the event, until a feisty brunette bids half a million dollars for him. He's completely drawn to Izzy, but when he finds out her father is the owner of the Titans sparks fly and everybody's loyalties are challenged.

Can these two find love when they don't know who's waiting to tackle them from the blindside?

Aimee (Getting Your Read On) says

Oh yeah, I'm super excited about this new book by Cami Checketts! I mean, come on. A hunky football player who loves his mama, donates time and money to orphanages and did I mention he is hunky? Oh. I did. Xavier also has a tendency to get slapped. Quite a lot. I'm not sure if that says something about him or the girl that is doing the slapping. In my most humble opinion, I think it says more about the girl doing the slapping.

Izzy has some issues. Mostly daddy issues which leads to relationship issues. Izzy is afraid and fear will always hold you back. Xavier is in a constant state of proving himself but he is pretty much fearless. I love his confident attitude and his generous spirit. He was the rock star of the story for sure. And come one! He's HUNKY!

Sparks fly from the very first interaction between Izzy and Xavier and they never stop. Sparky, sparky. And I sure love sparky! There is a bit of danger thrown in too. It might just surprise you!

So, if you are in the mood for some sparky romance with a hunky football star, this is your book today!

Content: kissing, some mild peril

I picked this book up on Kindle Unlimited!

Heather Green says

This wasn't my favorite book in the series. I didn't like at the beginning of the story how Izzy didn't like or trust X, but she was sucking his face off. The feeling of loathing she had for him was completely opposite of how she reacted to him. I also didn't like the kidnapping thing Dolly planned. What was that all about?! Can you say prison time? It felt too ridiculous. I really felt like the author was trying too hard to make the story sexy and it ruined it. And with how much Izzy hated her dad, the make up scene was pretty down played. I did like how respectful X was to his mama. And I did like how he treated children. I liked the emphasis put on helping children in the US and in other countries. I really liked that it was clean. No sex. No language. Just kissing and some innuendo. I wouldn't read this one again.

Jessica says

Drop everything and read this book! When Cami puts a book out, all other "currently reading" books go to the back burner for the time it takes me to devour her books...which in this case was just an evening but still. I LOVE her writing. In this story about a football player and daddy's princess, I loved the characters. I love that she returned to the father in the story and rectified the situation that the heroine has with her father. So many times we assume things are the way they are when in reality, things are much different. If we showed each other a little 'grace' things would turn out much better! Thank you Cami for that reminder in this story.

Xavier was absolutely fun. Yes, he listened to his agent. Yes it mad him look bad but under that 'womanizing bad boy" was really a good man who had kept his honor even when it looked like he was a rogue. Izzy is daddy's princess...but she's flown the coop and trying to live it alone. Not knowing REALLY what happened in her childhood has haunted her ever since. When she finally learns the truth, a lot of healing takes place. I loved this story! And loved the characters!

Jessie says

Making a Football Fan Out of Me

Between this series, and Taylor Hart's Last Play Series, I am becoming a football fan. Okay, maybe there is not much football going on in these stories, but I adore the heroes that they have created. Xavier is a receiver for the Texas Titans. He's coerced into a bachelor auction with two of his teammates, and excited when a woman named Izzy wins him, until he realizes that she's the team owner's daughter, and he's up for contract negotiations. Now Izzy and Xavier both have trust issues to work out. I loved Xavier's sense of humor, and Izzy's openness. They made a great couple. I was laughing and cheering them on all the way. I also love the family dynamics in this story, from Izzy and her family, to Xavier and his mama. She was a hoot! I couldn't put this down, and now NEED to go read the last book! I love these guys! Content: clean (some kissing)

Ellen White says

Izzy was more than her tycoon father. If she got Xavier to sign, she had unlimited access to her father's charity fund. That in turn would go to the childrens hospital, where she was a nurse practitioner. Would he still want a dinner date, after bidding on him and knowing who her father was. Xavier hated that his agent marketed him as a womanizer, as well as the owner of the team. The price they

got was unreal, and so was the name, she had only given him Izzy. not the last name. Earlier when eyes meet, they seemed to hold a promise between the two of them, would all that be lost, because of who her father was. A good plot, revealing of who they really were, would they be able to find it.

Katie W says

I love reading a book about two people who have every right to be full of themselves, but aren't. Izzy's super rich father owns a football team and he's using some of that money to have her bid on a player in an auction. Sports romances are always a win in my book.

I love that Izzy was able to pay for her education on her own, because I think it's more appreciated through blood, sweat, and tears, than it is handed to a person on a silver platter. But it broke my heart that she almost shunned her father to do so. Assuming things isn't always the way to go--in fact, it never is. That aside, Izzy is a very feisty and independent character with some trust issues. But boy, oh boy--the sparks seriously leap off of the pages from almost the moment she meets this player, Xavier (aka X). I dare you not to combust with the sparks!

X should be a jerk, but he's anything but. I love a man who is willing to give back, loves his mama, and treats a woman like gold. That man oozes charisma and is so confident. Of course, he has his own demons to face, but does so with much consideration for others. It's pretty fair to say that I adore him.

Cami Checketts is a wonder with her stories. Yes, there are a lot of swoony moments that almost had me in a puddle on the floor, but there are also some intense and suspenseful times. She's so good at crafting a fine balance with her stories that tap into a multitude of emotions.

Content: mild+ romance; mild violence

Inn Auni says

It all boil down to Izzy. She walked away from her billionaire father, not being able to accept his choices in life. She was happy as a nurse at a children's hospital. When her father told her she could donate a huge sum of money to the hospital, and all she have to do was attend a charity event and bid on a star player, she jumped on it. Lo and behold, she bumped into X, the player she was supposed to bid. Sparks fly and Izzy somehow couldn't stop herself from flirting. The story proceed in ways that could only happen to billionaire's kid couple with star player, I supposed.

What I hate most was Izzy. She was a huge contradiction. She walked away from the money and I thought she would be living in a small town all happy with it. But, no. She was nearby and almost always got feature in tabloids.

She kept telling herself it was for the kids, then met X, knew about him, assumed things about him and went swoony. See, what I hate most was people that assumed stuff without facts.

"...he said in a low tone reserved just for her."

That's the thing that irked me. It was her pov. How would she know that? I finished this book hoping X would meet someone else.

Okay, you can proceed to hate me now.

Christina says

A sweet clean romance

I really liked this story- I mean what's not to like about a successful and handsome man who acts like a true gentleman and treats his mama like a queen?! Lol I loved reading the story of "X" and Izzy. There were so many swoon-worthy moments and the story flowed so well. I especially loved the slaps and kisses. Another good clean romance by Cami Checketts!

Sonya Wasden says

I've lost count of the number of books that I have read by Cami Checkouts and I have enjoyed every single one of them. Her books have a good balance of drama, humor and love. This book is no exception.

Xavier, or "X" is a hot-shot football player for the Texas Titans in Dallas, Texas. He is known for his philandering ways. But, the real person that he is resembles nothing like the public persona his agent wants him to portray. When he meets Izzy at a bachelor's auction, he is smitten, until he finds out she is just a rich princess and when she wins him in the auction, he is determined to knock her off her princess pedestal. What he finds instead, is a woman who is beautiful both inside and out with a heart of gold. As the story progresses, they both have to learn to trust each other and the growing feelings that they have. If not, there will be nothing left for them to salvage. Will they be able to look past all the hurt and fake to see what is really deep down?

This book is also a clean story which means there is no foul language and sex but there is definitely chemistry and a connection with the characters. Well done, Cami.

Jillian says

Love me some football!

I love these clean sports romances. After reading the book description I stopped reading the book I was in the middle of just to read this book first. It was so good, I loved it. There were lots of sparks and witty banter when Xavier and Izzy first meet. Then before you know it there are paintballs flying, surfing the waves, private jets, and Dirty Dancing reenactments. This book had everything in it, including lots of twists and surprises, so I couldn't put it down until I had finished! I appreciated that the women weren't shallow or wishy-washy, but had strong, loving personalities. Xavier wasn't perfect but he was someone with values and loved loyally. I don't want to give anything away so I can't say much more other than you will love this book!

This is a stand alone book but it looks like other players mentioned in the book will have their own books released later this month. I can't wait to read the rest of the "Triple Threat's" stories. Learned a new expression: 'salty', as in "don't get all salty on me". Salty meaning 'crying big salty tears'. Favorite line was Xavier saying "stupid dimples" to himself when he was frustrated at how girls followed him around for

being handsome.

Charissa says

This was a fun romance with some good plot twists that surprised me. Izzy is the daughter of football professional owner of the Texas Titans. She could have everything, but hates her cheater father and has made her own way in life and is determined to keep her distance from him. But when he offers to give her money to bid for a date with player Xavier (X), and let her donate it all to her hospital to help the kids, she can't turn him down, even though Xavier is the ultimate player that she can't stand because he reminds her of her father. As they get to know each other, they both don't know if they can trust each other, but they cannot ignore the sparks. This clean romance kept me turning the pages. Izzy and Xavier were cute together, and I loved his mom. There are some exciting action scenes, some bubbling romance throughout, and lots of misunderstanding whipped up in this story. It was pretty fun, and ends happily ever after. The Texas Titans seems like a cool group of guys, and there are two other books that will delve into the lives of other players that are Xavier's friends (written by other authors). Excited to read those.
