Phoenix Resurrection: The Return Of Jean Grey #1 Matthew Rosenberg , Leinil Yu (Illustrator)

She will return, like a Phoenix from the ashes. Years ago, Jean Grey died and the X-Men mourned her. Since then, the world has changed, her teammates have lived without her and died without her. And now, when strange events start happening all over the world, those teammates can only come to one conclusion – the one true Jean Grey is back!

Dragon says

So it starts slow, I can like that. Like a slow burn. And Jean and Scott are still a thing? Damn. This x-men gang still looks good.

Monsour says

Previously on X-men: Jean Grey (2017)

Phoenix travels the cosmos to find Jean Grey. Jean Grey tries to prepare herself not becoming like the previews Jean Grey and start training and looking for ways to defeat the thing that the other Jean Grey's cant. (you guys still with me? GOOD)

In the entire series focus on Jean Grey interviewing/training superheroes like in the mystical side of Marvel like Scarlet Witch and Thor(the guy of thunder) and teaming up with other former possessor of Phoenix including the ghost of Jean Grey and make a plan about its up coming return. They tried to fight the phoenix but in the end the losers club still cant beat the big red and in the worst thing that could happen truly happens.

BIG RED JUST KILLED THE CURRENT JEAN GREY.

Now that's the only thing you need to understand before reading this issue

Time for the review

This issue is all over the place, its not bad read but I recommend reading this while having the next one. **Also we get another Jean Grey** yipeeee. Wow its like this world needed more of this. So yeah that's the review, its a good issue-kinda interesting-oh well...

Lindsi (Do You Dog-ear?) says

"I just finished Phoenix Resurrection by @AshcanPress, and enjoyed it *immensely*! The story is captivating from the first page, and the entire comic reminded me why I love the X-Men so much! Thank you for writing, @AshcanPress. I didn't realize how much I had missed Jean Grey."

I think my tweet says it all! When I was trying to type this post, I couldn't think of a better way to say it, so I just quoted myself. ?

The beginning of this comic is eerie and foreboding. There are a few things happening simultaneously, and no one has any idea what is going on. Sometimes stories allow the reader information that is withheld from the characters, but I'm equally in the dark. Nothing that happens makes sense, and I'm left needing more

answers. Not just that... more everything.

Like I said in my tweet, this comic and its story reminded me why I love the X-Men. There are so many of them, all vibrant and filled with their own stories to tell, but I love watching them come together as a team.

It's only going to be five issues, and the first one came out this week. It should still be available at your LCS! Get it! I promise you won't be disappointed!

Patrick says

Um...what?

Coming in completely cold. I'm not at all up-to-date on the world of the X-Men.

And this makes little sense to me. If I didn't already have the rest of the series, I'm not sure I'd read the next issue.

Brandon St Mark says

Pretty good first issue. The ending was a little confusing, but after reading the postword I guess maybe it's like... not a flashback but that kinda concept? I'm not sure tbh, but otherwise this was a pretty good issue. Glad Jean Grey (non-kid version that is) is finally returning!

Valleri says

I loved Jean Grey as the Phoenix...it's practically her only redeeming quality (IMHO), but I feel like this installment focused too much on numerous other characters and promoted the author's other graphic novel works (by way of *see blah-blah-blah issue #blah-blah to get caught up) instead of giving the Phoenix her due. The artistry was phenomenal and made up for the lack of character of the story itself.

Utena says

Review can be found at The Book Review.

Nicolo Yu says

This comic was all over the place and the best place to start reading Marvel comics again after a year-long sabbatical. To say it was confusing is putting it mildly. The only saving grace this first issue has is of the Yu-

Alanguilan art collaboration, but both their styles have evolved to the point that I had to take a second look if this was still the book I bought for the art. However, I am optimistic that this will read better as a trade once everything is collected.

Kirsten says

I loved it. I am so happy adult Jean Grey is back. Now they just need to bring adult Cyclops back too.

Desiree M ~*~*~ LiveReadCollect says

4 stars.

Full disclosure: I hate Jean Grey. I have since I first saw the cartoon as a child and I've never warmed up to her character, comics/cartoons/movies does not matter, I don't like her (even though I love Famke Janssen).

So imagine my surprise when I ended up really enjoying this. Now that might very well be because Jean Grey wasn't really in this first issue all that much. However when she was in here, I didn't hate her.

I'm very confused about what's going on, especially in the Jean Grey section. I have some theories though.

I will be getting the second issue and I hope I continue to enjoy it.

Belinda Serrano says

The return of my all time favorite

Really great start, looking forward to the rest. Jean Grey is my favorite character. I think I am gonna start reading X-Men again ?
