False Security

Evan Grace

False Security Evan Grace

It was supposed to be a harmless blind date-but it ended in a one night stand when Shayla up and left in the middle of the night without a wink or a wave.

I didn't think I'd see her again...until I walked into my office and met our new employee—none other than the curvy brunette who had rocked my world.

The more she fights the attraction between us, the more determined I am to make her mine. Not even the ghosts from her past have the power to stop me from wanting her.

There's a threat hiding in the shadows, a danger whose only goal is to ruin Shayla. But I'll go through hell and back to keep her safe from harm, to protect her.

She's mine...and not even the devil himself will take her from me.

Shannon says

another amazing addition to this great series!! One night can change everything and is it for the better or worse...epic date fails and love how the women make the men work for it!! Great action as well as romance! Really looking forward to more!!

Marie Brown (Marie's Tempting Reads) says

Marie's Tempting Reads ARC Review;

False Security was a FANTASTIC read! Intense, passionate, dangerous and stunning, this story was captivating and made for a great escape!

I really liked these characters. They were strong, sassy, sexy, intelligent and the story was a real page-turner. I loved how everything came together for a kick-butt romance with lots of good spice! I am loving these books so far by Evan Grace and am looking forward to reading more.

False Security gets a THRILLING FIVE SHOOTING STARS!

Sassy Southern says

This is the second book in the Rogue Security and Investigation Series and I loved it!! But I never had my doubts, Evan Grace is one of my go to favorite authors. Her writing is top notch. From the first page to the last I was totally drawn in to this story. And I never wanted it to end, and those epilogues!!!! Those just made me hungry for more! These books give so much more than romance, they give you suspense, mystery and action. On top of some sexy Alpha- hot men who take care of the women in their lives. So you really couldn't want for more in a book. I don't want to give to much away because this is definitely one of those books you need to learn everything from the book itself but y'all need to read this book. This was an amazing book an I highly recommend it!!! - By Tina

Getting to read the second book in this series was awesome! I was hooked from the very first sentence. I was easily able to finish within a day. Shayla and Erik couldn't be more different. But when they're together it's like those differences didn't matter. Seeing the relationship grow between these two characters was not only entertaining but also inspiring. When reading a book, especially a Romance novel. You want to feel the chemistry between the main characters. Well they had plenty without going overboard. You felt that chemistry throughout the book. If you wish to read this book. Please note the first book must be read in order to understand what is happening. It is so worth it to start reading this series. 4/5 - By Vanessa

False Security by Evan Grace

I received this book from the author for an honest review.

Shyla, Eric and Grant....This book was just what a girl needs when she is feeling not so great.

Eric is total player...like with a capital P and you might wanna even pop the P when you pronounce it. Dog is another wording you might like to use for him...because friends he is.

Shyla is a single mom raising her son Grant. She is divorced from her abusive ex and looking to start over.

Her world revolves around Grant and his revolves around his mom. However, mommas got some itches that need to be scratched so when her friends hooks her up on a blind date, she totally hits it and leaves. This totally floors Eric because he was actually interested in this woman who left.

Eric cannot stop thinking about this woman when he walks into work to see her sitting there as the new employee!! Uhm yeah do ya see where this is going? LOL They are both freaked out over the connection they have but when something from the past comes into play, they have to make some decisions to do this together or be done!!

I loved the story and cant wait for more from this series.

Spring Branch says

Omg i loved this book Erik and shayla were amazing.. The subject of abuse isnt a easy one to read about for anyone but this book was great Evan. You did it again with your amazing work...

Halle says

Erik and Shayla meet on a blind date and after completely hitting it off, what is supposed to be a one time thing turns into so much more.

This book is filled with a little bit of everything and I really enjoyed it. Looking forward to reading more by this author!!

Brianna at Renee Entress's Blog says

5 Stars!

Gotta love Evan Grace and her way to weave a douchy-knows he's hot shit guy into one I was rooting for by mid point in this book and swooning for by the end. But alas she did it with ease and delivered one hell of a romance y'all, that left me smiling big and swooning a while heck of a lot for this sweet family.

False Security is the second standalone in the Rogue Security and Investigation series and what a journey this was. Sexy. Fun. Suspenseful. Sweet. Emotional. Heartwarming at moments. And completely addicting in every way there was with these two. Shayla and Erik told a complicated, intricate, deep, meaningful tale that wove around my heart and left me wanting so much more.

A blind date gone and maybe hook up was all it was supposed to be until she flips the script on him, leaving him wanting more. Then everything changes when they are pushed back together. One thing is certain...neither will ever be the same again.

He's not my typical go to hero yet i couldn't have been more of a fan of him. She was a stronger than she thought, kick ass, admirable chick that he needed in his life. Together they were undeniable and magnetic, even when I wanted to smack the at times way to brutally honest Erik.

This series..it'll keep you on your toes and I'm anxiously awaiting the next.

I highly recommend this one y'all.

Jennifer Pierson says

False Security is only the second book in the Rogue Security and Investigation series, and I'm completely in love with it. The brilliant Evan Grace has brought her A-game to the table with her newest series, and I'm pretty sure I'LL NEVER get enough of it. It all starts with a blind date that didn't start out so well, but ended up as the hottest night of Shayla's life, but her life was too complicated for anything more than one night, so she was gone before Erik woke up the next morning. Little does she know that when she starts her new job, he's one of the men who works there, so more complications pile up, as neither can get that night out of their heads. But Shayla has a past that is catching up to her, causing her to fight the attraction, while Erik is just as determined to make her his. This story was another page turner that I couldn't finish fast enough, then want more badly. Shayla was something else, and while I loved me some Erik, he was kind of douchey on that first date, and she should have junk punched him. And his inner monologue didn't help his case with me either. I won't argue that their chemistry was off the charts HOT, which led to super sexy times that lit the sheets on FIRE! And that entertaining cast of secondaries were awesome, especially Grant & Gretchen. Ms. Grace wrote about subjects that brought out all the feels for me, as they were emotional in big ways. And I can't forget that some big twists at the big finale, one I saw coming, and another I didn't, but both had me dropping the big f-bombs. I cannot wait for the next book in this series, and HIGHLY HIGHLY HIGHLY RECOMMEND TO ALL!

Nerdy Dirty & Flirty says

-Kacie, ??????????

I loved everything about this story and these characters.

Shayla is a single mom to Grant. She is a very strong and courageous woman who has overcome difficult situations. She gets set up on a blind date with Erik and the rest is history. I wasn't fond of Erik in the beginning, he was a huge flirt and seemed, at first, to have no respect for Shayla. He comes around because he's intrigued by her sassiness and determination. The way he is with his sister helps Shayla see him in a different light as well.

I love how Erik was patient and loving towards Shayla and Grant. He didn't try to push himself as a father figure, and Grant eventually opened up to him. He was patient with Shayla and gave her time to tell her story.

There are hard, emotional situations in this book and they are handled and written well. In every book I've read by Evan Grace, she takes the hard things and writes them well. I've read a few of her books and have enjoyed them.

Melissa Schaub says

This book is an amazing addition to the Rouge Security and Investigation series and even though it is book two, it can be read as a standalone. Shayla and Erik's story picks up close to where the first book leaves off but they have individual storylines. If you haven't read the first book yet, this one does give somethings away so I recommend reading them in order but you do not have to.

Shayla is new in town after divorcing her abusive ex-husband and attempting a fresh start for her and her son. When a new friend of hers asks to set her up on a blind date, she is hesitant but if there is one thing she has missed and it is being intimate, so she agrees. The night turns about better than anticipated but leaves before any contact info can be exchanged.

Erik has never been one to want to settle down but after his blind date gives him the slip, he can't stop thinking about their one night together. Still irritated that he can't find her, he gets the surprise of his life when he walks into work to find her working as the new receptionist.

Both are scared of the feelings regarding the other and have puts walls up to protect from the fallout. Each day that goes by lowers the walls a little more and they attempt to navigate their relationship while secrets threaten to be exposed.

Time runs out when danger from her past comes to haunt them and they must decide to go all in or run.

This book is full of intense emotions from the first page and will bring you along for a ride you won't want to get off. I highly recommend that you pick it up today and get started!

Eve Recinella (Between The Bookends) says

How to ruin a book in three easy quotes...good lord this hero is nasty...sigh.

"There's usually an early morning yoga class, and the women are hot...and flexible. If the mood hit, I'd pick one up and go home with them for a little hardcore fucking. This weekend I won't be able to go out looking for a lady friend, though, because my fourteen-year-old sister is coming to stay with her favorite big brother."

"If I want female companionship for the night, I have no trouble finding a lady—or ladies—to oblige me. What can I say? I'm irresistible. The ladies love me...well, and the huge dick in my pants."

"I usually like my women a bit thinner too. I know that makes me sound like a dick, but I can't help who I'm attracted to."

I swear more often than not lately I am left scratching my head in confusion on why any author would think the above quotes would paint a favorable impression of our illustrious hero?? I honestly DO NOT get it!

SIDE NOTE: I skim read the rest and like every other page some woman is hitting on him, or they are running into one of his hookups. Or they are calling him wanting to hook up...lord save me. Like a bad game of whack-a-mole. Go to a restaurant...hostess comes on to him. Go to another restaurant...the waitress comes on to him. Go to Whole Foods someone in line comes on to him. Go to the gym...former twin hookups come on to him. Go to the coffee place...gets hit on. The heroine walks by his office door and hears him on the phone telling a hookup he is in a relationship now so not free to hook up. Literally, EVERYWHERE they went it mentions women eye-fucking him. It was so ridiculous.

Dawn says

WOW! I wish i could give this book 100 Stars! Every time Evan writes a book i think, she cant get any better then this book right here, then she writes another one and im blown away again.

This book had so many feels! I laughed, i cried, i gritted my teeth in anger for the pain that Shayla and Grunt went thru. This book made me feel like i was trapped in those situations with Shayla and i could feel her pain and despair. I could feel her fear and helplessness. I could also feel her anger and her steel backbone!

Shayla became an amazingly strong and independent woman who surrounded herself with the best of people. It was clear to anyone that it was Shayla and Grunt versus the world and that Grunt was the center of her world.

Until one fateful night when she met Eric. Mr Ultimate One Night Stand....or so he thought until he met Shayla and found himself wanting more, especially after HE woke up alone wanting more of her! Now Eric doesn't know what to do. He has to find her but has no idea even what her last name is. Until he walks in to work and there she is! Now his plans are to claim her and keep her and Grunt safe forever. Even if he has to spend the rest of his life convincing her that he's worth giving a chance!

Nancy Metsch says

Let me start with this book was amazing, but I admit a bit hard to read. Evan Grace wrote a warning about there being abuse in it. Shayla is my hero cause she was brave enough to get out. I won't give away any spoilers but Shayla is simply amazing. She's a single mom of a 5 year old son, her son is her entire world as it should be. For Grant AKA Grunt the sun rises and sets on his Mom. Fate played a huge part in this story and I loved that so much. Erik AKA Mr Player. He's Cocky as hell and he knows he's beautiful. But somehow Shayla and Grant are able to get inside his heart. Alpha men are my favorites and Erik is the perfect example

Viridiana Dimas says

Suspenseful and emotional!

Could Erik be any more swoon worthy?? He's hella sexy and very alpha. Nothing hotter than a redeemable jack ass who turns you to mush when they are being the sweetest when it comes to kids. Talk about ovary explosion! I'm such a sucker for single parent books and False Security didn't disappoint in the least with Shayla, the single mom of 5 year old Grant. I loved their story from beginning to end. I couldn't get enough of them and the rest of the Rogue Security team.

Both of these characters had great chemistry and just as amazing individually. Shayla was such a strong heroine that definitely gave Erik the good kick in the ass he needed. And let's not leave little Grunt out. You just can't help but fall in love with him. You'll want to jump in the book and squeeze that little boy. The whole crew is just amazing and will want you being part of the team as well.

False Security is book #2 in the Rogue Security Series. It can be read as a complete standalone but I recommend to read Security Breach #1 as the characters are interconnected. Amazingly written in dual POV with its own HEA with the perfect epilogue. I can't wait for the next book! This is not one you want to skip out on.

Britt Franks Red Hatter Book Blog says

My first book by Evan Grace and I can officially say I'm a fan! I loved so much about False Security. From romance that swept me off my feet to heartwarming moments with friends and family I couldn't get enough! I think the world knows by now I'm a total sucker for single parents. But I'm an even bigger one for men like Erik.

This giant of a man checked alllllll my boxes!

✓?Cocky alpha

✓?Secretly a great big teddy bear

✓?Sweetness that brings forth all kinds of swoon

✓?HOT

Yes please! Gimmie some more Erik! Even not making the greatest first impression this man still managed to melt my heart quicker than I could blink. I loved every thing about him and Shayla together! Shayla is a sweetheart of a single mom still recovering from the abuse she endured at the hands of her ex. Erik's sweet and gentle love, along with that of his family, helped heal not only Shayla's heart but that of her adorable son too. Mixed in with a bit of nail biting suspense it made for a book I could not put down!
