## From Reader Review Murder on Parade for online ebook

### Cheryl says

I enjoy this series and I enjoyed this book. However, "Murder On Parade" is just too short. I would have liked more detail. That said, I will continue with the series. Chloe Boston is a very likeable character and her dog Blue just rounds her out. Hopefully the next in the series will be a little "beefier." (Is that a word?) lol

---

### Kristi says

Definitely better than book 2, but really short and not terribly suspenseful. I'm not certain if I'll continue the series.

---

### Melissa says

#### Chloe Boston book-ette 4

Excellent LITTLE episode in the series! Followed by the start of a new series. Satisfying mystery, nice suspense, good wrap up.

---

### Mascanlon says

Chloe Boston, unofficial detective and meter maid, is on hand when the Christmas parade's grand marshal keels over in his antique car. Something is rotten among the candy canes and rollicking elves, but will Chloe have time to find the killer before Santa comes to town?

---

### Beverly Farr says

#### A good story

This was a good Chloe Boston story. She's downright likeable as she solves a mysterious death which only she thinks was a murder.

---

### Cheryl says

In this book, Chloe is watching the Christmas parade when the Grand Marshall Herb Dillon, just falls over dead in the middle of the parade, with the chief sitting right next. Chloe must figure out who did it while her crazy cousin gets married and she spends her first Christmas with Alex. I really enjoyed this one and I think you will too.

---

### **Ellen White says**

Chief of police was riding with the grand Marshall Dillon when he had a heart attack, and a doctor was close by from the parade. The mayor was riding alone, with his having been on you-tube showing of what he really was like. Crazy account of the parade, and her cousin's wedding, and figuring out if this was murder. Delightful, short Story of a day with Chloe.

---

### **Linda Cole says**

#### **Nice and cozy**

Really like Chloe. She is scary the way she thinks out the murderer but she has a good heart. Clean with a little of romance and danger.

---

### **Kathy Kirkland says**

Good cozy mystery series I've enjoyed following.
