Bachelor Undone

Brenda Jackson

Bachelor Undone Brenda Jackson

Every woman wants him. But he only wants her.

When Darcy Owens leaves snowy New York for some Jamaican fun in the sun, the city planner isn't expecting to meet the hero of her fantasies. But the sexy, sun-kissed man she sees her first day on the beach comes pretty close. Until he turns out to be York Ellis, the drop-dead-gorgeous but supremely arrogant ex-cop who thinks she needs his protection...and his passion.

When York looks at Darcy, he knows she's the woman he'd give his life for. So when Darcy finds herself in peril, the security expert vows to safeguard her. Now it's not only his body at risk. It's his heart he's in danger of losing when she tempts him with the one thing the sworn bachelor never dreamed he'd find: passionate, glorious love.

Alicia (is beyond tired of your *ish) says

There was so much repetition in words (especially), phrases, thoughts, and even paragraphs in this book it started to drive me crazy. Everything seemed to be repeated over and over and over. Or stated redundantly. For example, in case you don't get that he's hard we're told he's "hard and erect". Those mean the same thing in this context! There was a paragraph explaining the main characters' background, including how they met, that showed up a second time later on that was almost verbatim of the first.

The story borders on porn without plot. I thought the characters she created with Darcy and York were decent and interesting but they were kind of wasted in this story because all they do is sex sex sex sex sex sex sex sex sex sex sex and when you and even they think they've definitely had enough sex...they have more sex. There were some paragraphs indicating there was off screen talking. I guess we'll have to take their word for it. Aaaaand then they're in love. Well, sure. I totally believe that they're in love based on who the other person is and not the oh so amazing sex. Especially when about 98% of their thoughts about each other are about the ohmigodsoamazing sex. The sex scenes wanted to be hot. They definitely bordered on it, but they were also laugh-out-loud funny. Some of the word choices and thoughts the characters had were just plain funny, but none more than the guffaw I had when she asked him, not to come inside her, no, to "...let go inside of me. I want to feel your semen." And then that became a focus in the sex scenes.

The suspense plot was...there. For what reason I don't know. It was pretty much just there to give them a reason to talk, but their past with each other made the need for such a pretense unnecessary. It provided such minor conflict, blown up into being something huge, I'm sure something else that wouldn't have seemed so forced could have taken its place. The ending was seriously rushed. If the falling in love was fast and unbelievable the rest of it gave me mental whiplash and a serious scowl.

2.5 stars

The_Book_Queen says

The story itself was . . . meh. Not much to it, what little is there isn't really fleshed out or wrapped up in a satisfying way. So there's that.

But the low rating is really because of the sex scenes. Mostly the hero uses the same, crusty old condom for their entire first night of fucking. And I do mean ALL. NIGHT. OF. FUCKING. MULTIPLE. FUCKS. MULTIPLE. EJACULATIONS. ONE. CONDOM. And it's just shrugged off -- first by him, and later by her. Ew, nope, nope, NOPE.

But there were other issues I had with the sex scenes, too; word choices, etc. And then there's the fact that the hero views the heroine giving herself orgasms as "a pity" and she goes from being pro-masturbation and sex toys to being "I'll never touch them/myself again, because now I know what The Real Thing is like with him." and I CANNOT with that bullshit view of female sexuality and masturbation.

Honestly, if you want a, IMHO, funny rant about this book, check out this crazy thread:
https://twitter.com/The_Book_Queen/st...

Will I try another from Jackson? I don't know, probably? But only if I get a strong, STRONG rec for another book from her.

Lauren says

Kept waiting for something to happen. As soon as the two have sex.. It's non stop sex. Leading up to that was good but after the first romp the book died. Very repetitive and the actual plot, the mystery an intrigue, was wrapped up too quickly and without depth.

Toni says

Opposites attract. Darcy Owens and York Ellis have been at odds with each other for a few years. They both end up in Jamaica st the same time - Darcy's on vacation snd York is working a case. The sparks fly and animosity turns to passion and love.

Lynetta says

What a Man

York Celtic Ellis is not used to getting resistance from women. He usually can have his pick until his encounter with Darcy Owens. Darcy on the other hand easily turns down offers to date but when the offer comes from York she finds it difficult to say no; especially when they both end up in Jamaica where circumstances bring them together. In this book, York is an unforgettable character and Darcy is his perfect match. This is romance at its best in the style Brenda Jackson does best. Ms. Jackson knows what her readers want and she delivers every time.

The Book Chick says

Whew! I'm still fanning. Talk about great love story. This was an ideal beach novel. BJ is a romantic expert.

Debbie says

****This is for the Grown & Silly****

And to bring it to you I'm going to employ the help of an Elvis Impersonator. Yes, his name is Dale but for the purpose of this review, we'll call him "Delvis", a play on Elvis and Dale. Now Delvis, you come on up here and sing that song we wrote as a tribute to this book.

A chunky man in a white sparkling jumpsuit mounts the stage. He fluffs his jet black bouffant wig. He adjusts his large sunglasses. He spreads his legs and gets into the position of a classic Elvis stance.

"Weeeeeeeelllll..." He begins.

"You ain't nothing but a horn dog, banging all the time.
You ain't nothing but a horn dog, banging all the time.
It was all about the thing and there wasn't much storyline.
Thank you! Thank you very much!"
Delvis has left the building.

I know. I know. I'm silly. But so was this book. The storyline and plot were so weak. I swear it was built around the "romps" and they weren't even good romps. They were repetitive and yawn-able. Like "Oh..they're at it again? Oh ok, wake me up when there might be some plot to listen to. And there never was. "Wait, here they go again. Yup it was the best ever. This time? Didn't you say that last time?" I think the book might have been marked as a Romance Fiction, which I do like. Actually that's what I thought this might have been. Romance fiction actually has a story and a plot with some "special stuff" tossed in. They can really stand alone minus the special stuff, it just adds to the romance. This... it wasn't even descriptive enough for Erotica..of course, I don't know what that is, I'm a good girl pure as the driven snow. I also have some swamp land I want to sell you.. I digress. It was just not for me. I listened to it. THANKFULLY I didn't purchase this. It was easy to listen to and it wasn't so boring that you fall asleep. It was just almost amateur. And I hate saying that because it sounds so mean. I really don't want to be mean. I've read a few books by this author way back when and I didn't hate them. It's just that compared to some other authors I've read this didn't stand up. There should be a strong plot of some kind for the romance genre, scenes that add to and support the storyline line. Don't think up a load of escapade ideas and write a little diddy around it.

Two stars I really don't even know why. I may try again with this author because my memory says I liked something by her long time ago. On the other hand maybe I outgrew her type of book? Maybe I was singing Delvis's song last time I read it. Who knows. I will try though. Forgive me and Delvis.. We had to do something to entertain because this book did not do enough to warrant an entertaining review.

Silliness checked. Now on to more serious things.

April says

Omg I thought Xavier's story was the best but boy was I wrong smh York and Darcy are the best couple ever Adventure and Love you can't ask for nothing more...I love it!!!!!! By far My Favorite of the Bachelors ♡?♡? Awesome work Mrs. Jackson

Kim says

2.75 Stars

This book wasn't bad, but it wasn't great either. The story did seem a bit recycled yet again from others. Woman goes on vacation with the intention of having an island fling. Runs into her nemesis, and they proceed to have hot passionate sex. Woman gets mad and leaves, man eventually finds her, and they get married The End. There were a ton of sex scenes in this book. I won't even say love scenes, because they were strictly sex, which is perfectly ok with me. Quite a bit of them were really hot. In particular look out for the infamous raft episode, that one really almost made the book fully redeem itself. I don't know, I think I am just looking for some new material from Brenda Jackson. The whole meet, fall in love, break up, get back

together, and get married quickly scenario is just so old now. She really needs to take a break and come back with some new fresh material. The recycling of material is becoming rather redundant.

Shh I'm reading! says

It was okay... until the weird obsession about feeling his semen inside her. Is that supposed to be romantic? Sexy? Not a fan.

Manda says

Not overly impressed. Storyline was Meh.... plenty of sex. I have one more of her books checked out of the library and unless its much different I probably won't be checking out any more.

Dee says

Audio version.

3.5 Stars

Emily Monroe says

Thought it would be more romance than smut, but it wasn't ...

Bri says

Meh, the plot really seemed like an afterthought in this one. I just couldn't get into it.

THOUGHTS

I love Brenda Jackson's books, but as much as I love them, I have to show some tough love. I did not fully enjoy this book. I really love this series and the first two books in the series, but this felt rush like leftovers from another book thrown together.

I love Darcy and York, but their storyline was not that interesting. The mention of pervious characters where nice, but didn't hold my interest. The intimacy was good and I could have easily giving it 5 stars, but it

wasn't enough to hold my interest.

I could break down the knick knacks of the book, but it boils down to plot and storyline. In a way, it didn't feel like Brenda Jackson's style, it felt like a beginners book.

Storyline: FAIR

Intimacy: GOOD

Enjoyment: OK
