Precious Lace is the best out of the Lace series. I had a much better appreciation for Evangeline and Carter. It's the typical relationship of miscommunication, insecurities, but most importantly realize how two people can be so deeply in love. The fourth book had more depth into the characters feelings and from both their perspectives. It took me through a roller coaster of emotions, happy and sad. Overall it was an awesome book!

This was such a good series.. Hate to see the end...

Lydia H says

This was a good book.. as usual it had both steamy and swoony scenes which for me are a major plus. I absolutely love Carter, can't say it enough. Eva.. well.. her insecurities were getting on my last nerve but I'm glad she reached a point where she realized it and finally stopped being such a pain. I found that both Carter and Eva overreacted at certain times but I loved how they made up (usually this would be the moment where the steamy scenes would come in... two thumbs up for those). I LOVED the epilogue!!!! Loved loved loved it!!! It was truly a HEA heaven. If you loved the Fifty Shades of Grey Trilogy and The Crossfire Series, then you'll enjoy the Lace Series.

Ch says

As I have said over and over again, these four books are such bad copies of fifty shades. The author has stolen everything from the fifty shades books, I can line all the ripoffs but anyone one who read the fifty books already know once they read the lace series.

3 "you and me always" stars

Yeah, well

After the fiasco with the previous book, at least someone is happy at the end of this book and well guess who that someone is?!

sigh

Well, we concluded these series...so that s good ;)

Christina says

Well it was an excellent ending! I loved the epilogue! So good.

This is the final book of the series. I do have to say Eva redeemed herself at the end. Throughout quite a bit of this book I disliked her, but by the end she was great. But Carter! He was so hot. Some of the things he says to Eva blew me away. He just wanted her so bad and constantly told her so. It was so great to see. Their story ended in a wonderful HEA.

Hannah says

Oh WOW... what a way to finish a story! Perfect ending for the perfect Morgan couple... Forget the tiring dramas and tears throughout over half of the book, 5 fat stars to Mrs Leigh for making myself sighed (in a very good way) just picturing the ending inside my head ;)

SUMMARY (55 words or less)

Stunned by the ending of the last book, I couldn't wait to get my hands on this one. I'm still stunned by his actions and was stunned more by what came next. It's hard to have tension in the final book in the series and still have a HEA. But here you have it.

★★★★★! Lace series, book 4 of 4. Intense, whirlwind romance with an enigmatic sexy, & controlling billionaire playboy and sizzling sex throughout!

If you haven't read book 1, 2 and 3, please do so first. The Lace series follows Carter Morgan, a beyond gorgeous and sexy, ultra rich and successful, controlling and dominant, entitled, ruthless and untouchable playboy in his courtship with Evangeline. Be prepared to get swept off your feet by their story! It consists of 4 parts/novellas that combined make up a 300 page read.

Precious Lace – Book 4 (might contain spoilers)

Hero: Carter Jonathan Morgan/28 years old/billionaire/CEO-mogul-playboy/brown hair/steel blue eyes

Heroine: Evangeline Austin, “Eva”/26 years old/recent UMASS graduate-fashion website editor/dark brown hair/green eyes

In the previous books we have followed Carter and Eva through their initial meeting and whirlwind courtship and on that special trip to Aspen. They fell for each other hard and fast. And it has since been a tumultuous ride and though some intrigue has come from outside sources their biggest obstacles have always come from within.

Carter is simply an unforgettable hero. I have loved every moment of him! In this book he acted a little immature a couple of times, but he redeemed himself quickly. Eva, like I mentioned before, was strong at times and other times annoying which is often the case when paired with a larger-than-life hero.

Spellbinding storytelling, scorching sex scenes and of course, Carter Morgan! For me the perfect ending to the perfect read! I have thoroughly enjoyed this series and I have to say I am surprised that not more readers have caught on.

Adriane Leigh is an amazing story teller and an author to follow!

I am elated. Carter & Eva, this is a love story to be celebrated. So much happens to these 2, the drama & turmoil that they deal with just coping with their relationship is exhausting & extraordinary at the same time.

Just as I did with the first 3 books in this series, I couldn't stop. It is impossible to not turn the page. The pull that this story has on me, it has all the elements needed for it to feel so real. Carter & Eva feel real. I care about what happens to them & when things happen to them I find myself gasping with shock & horror.

Like the previous instalments, Carter battles his own demons while trying to keep control of his life, like the ultimate Alpha male that he is. He has doubts & fears, continually putting up walls. It's hard to break old patterns. Eva who thought she had her life sorted, has her own doubts & it doesn't help when some from Carter's past give their opinions, wanted or not.

But the best part is even with all the problems that arise, which can be expected from such a quick union, they learn to trust each other & depend on each other, it's a battle. The ending without spoiling anything too much, is up there with some of the best for HEA.

Thankyou to the author for the ride that you go on with this couple. She takes this couple's strips them down & then builds them up for you right in front of your eyes. You get to ride each emotion with them & in some cases it is exhausting. But by god it's worth it in the end.

Fantastic series & awesome story full of all the drama you expect from a great romance. It also doesn't hurt that it has some of the hottest love scenes, so intense & so full of love & passion that I've read. You can not help but fall head over heels in love with Carter & Eva.

*****2.5 Downward Spiral Stars*****

Unfortunately, with each passing installment, this series has dwindled for me. Primarily due to Evangeline's insecurities and childish behavior.

She and Carter have made rash decisions along the way and now she has to face the consequences. Does she handle it like an adult? Nope....she runs, asks for space or starts to cry.

After moving at lightening speed and committing to Carter, she thinks that this would be a good time to slow down, get to know each other, take a breather.

Her insecurities get the best of her and she doubts Carter at nearly every opportunity she has, even though he has never shown ANY reason for her not to trust him.

Overall, this was a series that started strong and slowly fizzled with each passing novella. My frustration with Evangeline's behavior and decision making grew by the paragraph. I still don't feel like either of the characters had much depth and the plot felt too forced and DEFINITELY too rushed. In the end, we get a nicely tied bow with our dysfunctional couple living out their HEA. Evangeline...

Comencé a leer esta mini saga por buscar algo diferente de lo que venia leyendo, y debo decir que me mantuvo en tensión desde el comienzo, es gracioso es muy parecida a 50 sombras, solo que el protagonista no esta tan mal como Christian... sin embargo Carter tiene lo suyo, es un hombre controlador, enigmático y con muchos muros, pero que esos muros se desvanece en lo que fija su mirada en Evangelin.

La protagonista tiene ciertos detalles que de verdad se pasan, es full insegura, y eso es medio lala... sin embargo al final logra tener ese fuerza que necesitaba y logra ser ella misma y alguien maduro. Carter por su lado aunque da todo por ella siempre tendrá ese miedo de que le abandonen, esa parte del personaje es su talón de aquiles y me cautivo.

La trama tiene muchas escenas de Sexo.. lo hacen como conejitos.. Pero en el comienzo de todo relación eso es normal, a mi parecer.

Me parece una trama llena de mucha frustración, Sexo, y risa, tiene la lados buenos y sus lados malos.. Pero me encanto..
