Fawn says

Reminder that there is life after.....

We read this book for my Bookclub, fantastic selection. Although she faced a significant inner and outer challenge, she made the choice to live beyond her fear and controlling husband and to help other women as she worked on herself. This storyline is something that many can relate to. Excellent book!

Jan Shuyler says

Great easy read

This book is inspiring, funny, and enjoyable! The main character is lovable and everything else just falls into place! I hope she writes more as I was anxious to get back to reading it!

Cris Smith says

Flowing like a river carrying autumn leaves

Opal, a middle aged formerly abused wife and legal paraprofessional, finally finds herself ready to make her own life. She buys a ramshackle old yellow mansion and creates a shelter for women seeking to escape abusive relationships. Along the way she picks up two dogs, two cats, a dominatrix tenant, an eccentric realtor, and a handyman who is helping remake the way she feels about men and life.

I will be seeking out other works by the author. I really enjoyed this read.

Brenda says

Fabulous!

I never knew Sheila Williams existed but boy howdy I know now....how I love this awesome novel that she has scribed....it should be required reading for anyone going through domestic violence....but even with the seriousness of this subject, Ms. Williams expertly manages to interject great humor and comical living situations....I laughed so hard in some places in this novel that I cried...but I must add that reading this has made me want more...yes, I have bought and downloaded all of Ms. Williams' other books but "The Shade of My Own Tree" cries out and demands a sequel...I need to know what happens with Opal and Jack, Dana and her "job," the mural in the house, and if Ted really finally gets what he so deserves....and that won't be nice...lol...so please Ms. Williams, grant my wish....scribe that sequel!!!...

Linda says

One of the best books I've read in a long time.

JACQUELINE REEDER says

Empowering

I chose a four star rating because it is my idea of close to perfect as nothing is perfect. This book would be relatable for any woman, abused or not. It shows strength and vulnerability. It touches your heart.

Megan Fass says

A spunky woman moves to a small town in Appalachia for some peace and quiet, but instead gets quirky characters seeking shelter from abuse.

Martha Carter says

Refreshing New Beginning

To find yourself again takes courage and a life lesson worth remembering. No regrets but comforting to just go forward. A great read and a great outcome. Moving on and growing. A New Beginning.
