Foundations of Pentecostal Theology Guy P. Duffield

In this volume, you will find thorough explanations of the fundamental doctrines of the Christian church, presented not as a theory, but as teaching to be believed and practiced. Those doctrines that are considered to be "distinctives" of the Pentecostal movement (Divine healing, the Baptism with the Holy Spirit, and spiritual gifts) are given more extensive treatment.

Co-authored by seasoned and trustworthy men who devoted their lives to scholarly study of the Word, systematic teaching, and expository preaching, this book provides an unmatched resource for all who seek to know sound doctrine that can be incorporated into life and ministry.

Foundations of Pentecostal Theology by Guy P. Duffield and Nathaniel M. Van Cleave is indeed a matchless approach to studying and understanding Biblical theology. These authors take a courageous stand on the fundamental doctrines on Pentecostalism and prayerfully present the truth of God and Salvation in a unique way. Each doctrine is carefully explained and the doctrines of Divine Healing, Baptism with the Holy Ghost (Spirit), and Spiritual Gifts in made clearer to the reader. It is truly an indispensable aid to enriching your spiritual knowledge and faith. This book is highly recommended.
