Lust

Emily Jane Trent

Lust Emily Jane Trent

Stephano knows the gorgeous woman he just met is trouble! *But he cannot resist Kyra.*

Stephano Rinaldi sees beautiful women all the time as a fashion photographer. But the wealthy hero cannot lose the chance to get to know Kyra better, even though they have only a couple of days together.

??? Kyra mistrusts men and sees no reason the sexy photographer should be any different.

Kyra Walsh is swept off her feet by charming Stephano in this steamy love story. She should turn away, but a taste of him is addictive. One hot interlude leads to another. Each time the sex is hotter than before. Yet she knows there is no future for them.

“It wasn’t just that Stephano was handsome. It was those copper-brown eyes rimmed in dark blue, and the way he looked at her. It was as though Stephano could see into her heart, and knew how she felt, though she did her best to hide it. Kyra wasn’t right for him. Or for any man, really. Casual dating was one thing. A serious relationship was another. And with Stephano, casual was impossible. He stirred feelings that Kyra was ill-equipped to handle. If she didn’t watch it, things would get messy.”

Kyra can’t seem to find the right guy. In the past, she has been abused. Her best friend introduces her to a heartthrob billionaire bachelor at a fashion show in Zurich. There is every reason they shouldn’t be together, but the attraction is too strong. When Kyra’s past threatens to ruin their relationship before it has even started, Stephano vows to save her.

??? Series Description:

Kyra’s Story is a sensual romance series consisting of 4 erotic thriller novels:

“Stay With Me” - Book 1: Lust /Book 2: Secrets/Book 3: Betrayal/Book 4: Confessions

Kyra Walsh was Leah Ivers best friend in the Gianni and Leah seductive romance series. Now you can read about her love story with Stephano Rinaldi in the steamy, suspenseful romance “Stay With Me.”

Genre: romantic suspense, erotic thriller novels, steamy new adult romance

Mile High KINK Book Club says

LUST AT FIRST PAGE

I was given this book for an honest review.

Lust hooked me with the first sentence! Immediately we feel the mutual attraction between Stephano and Kyra. They begin their love story in Zurich during Fashion Week, Stephano, younger brother to Gianna is a fashion photographer; Kyra, best friend to Leah, is a runway model.

They meet and instant attraction draws them to each other. Even though Kyra is drawn to his good looks, she immediately establish boundaries and waste no time reminding Stephano, they are essential strangers to each other who happen to have mutual friends. Stephano realizes she doesn't trust men and vows to get to know her and her secrets.

Stephano is too good to be true. He is handsome, rich and polite. That alone reminds her to keep her guard up because she believes if Stephano is attracted to her, there must be something wrong with him. Therefore she will enjoy their brief time together until they go their separate ways. Which is perfect for both of them. Kyra doesn't do relationships. Stephano just came out of an ugly breakup.

What I like about the book is the dialogue between the 2 characters. There is actually dialogue. It's an easy read. A story I could share with my mother and not feel embarrass when she reads the sex scenes. Don't get me wrong, that's not to say the sex is tame. Far from it. But out of the bedroom, Stephano is just so nice and sweet. Their time together is fun and carefree and the sex is hot and getting hotter after each encounter. The author, Emily Jane Trent, put ROMANCE back into reading romance books. A story where the hero takes the time to actually woo the female. It's the perfect book to pull out and read with a glass of wine. I look forward to reading the remainder of the series.

Kim says

Stephano Rinaldi is a Rinaldi through and through ...just like his brother Gianni ...when they see what they want they go after it and always get what they want. But Stephano meets Kyra he knows she is going to be a challenge. He can see it, smell it and can sense it by her body language but little does Stephano know Kyra will not make it easy on him. Kyra knows what she wants and it is Stephano but with her past and the fact they live on opposite sides of the world will keep Kyra from a fairly tale ending like Leigh has....

Kyra wants to atleast have a few days of fun with Stephano but when a male intruder stalks her on the street and Stephano tries to save her he doesn't realize that what he did made Kyra's walls go back up around her heart and make her past make the decisions about her future. She is afraid lonely and scared in a far away place and just wants to go home to NYC and her safe simple life. It after speaking to Leigh she knows she has to keep on living and stop hiding and face her past head on so she can have a future whether it is Stephano or someone else.

Will she decide to let Stephano have another chance or will his past...ex girlfriend Arabella...leave doubts in the way too if Stephano is really free or the ex or will her ex from the past ruin what she is trying to escape from and have a normal life ??

So there is excitement, uncertainty, cliffhanger, beautiful country scenes and as always fantastic foods and wines but the best part of this series is the loving hearts that theses two individuals have to be willing to share there insecurities and fears so they can get over there pasts and somehow have a future together....if they can..... Waiting patiently for Secrets.....

Diane West says

Stay With Me(Book 1:Lust) (Kyra's Story)

This book has it all chance meetings first came lust, then came love and all the intrigue that comes along with it I love it.

Sassafrass says

2+ STARS (but not enough to round up to 3)

I kept switching back and forth with this one, trying to figure it out if it was the story, the writing, or the narrator that didn't do it for me, and I didn't come up with an answer. Unfortunately, this just was not a hit for me.

It was either the writing or the narrator that seemed stilted, but in the end , it didn't work for me. I didn't connect with either of the characters and if I wasn't reading for a challenge, I likely would not have continued.

I don't think I will continue on with this series. This is my first experience with this author, and I've heard really good things about her stories, so I will likely try another one in the future. Just not this series.

This narrator is a new one for me too, and I doubt I'll seek her out again. Her timing just seemed off but maybe it was the way the story was written. *shrug*

Lisa says

I was gifted an audible copy of this book in exchange for an honest review

Narrator : I love this narrator, her voice is soothing and flows quite nicely
she gives each character a slightly different sound and even adds in some accents when necessary ... not one sounds silly or out of place

Although at one point I thought I heard 'He tasted of hot MAYO!'
hahaha it didn't take me long to realize she said HOT MALE but I still chuckled

Story: I am new to Emily Jane Trent and her books so this book is a completely new to me.

Stephano is sexy and I can tell by the descriptions the author has given, plus he's a photographer and I think that's sexy ;)

He's successful and romantic too. Kyra is a model with some serious past issues!

this book is her story and while we learn a little bit about why she's so mistrustful of men, we don't get the

entire story ... I think there is a wee bit more to this story (thankfully there are more books in the series) and I reserve judgment until I learn more about her
right now I feel like she's over reacting but I need more information about her and her past.

the attraction and the sex scenes are hot ... which I like and I worried they'd be weird listening instead of reading but I think the narrator made them sounds as they should, nothing awkward

Samantha says

This would have been a great book if not for three things.

One, the writing was very simple and with that came the feeling of the author trying to reach word count again. The first few chapters are just full of small talk and I really can't stand that in a book but, it's so much better than her other book, Captivated.

The second thing was when they were getting intimate, he kissed and licked her toes and I almost gagged just writing that. This next one actually did make me gag, reading and writing it. After they were intimate, she...noticed his underarm hair and thought about licking and kissing him there, thinking it was sexy. That is just disgusting to me.

The third thing is, this guy apparently does not know how to act around a survivor of abuse. You don't explode into violence, even to protect, and you don't shout at them. Of course she's going to react but he doesn't get that. He's just thinking "she doesn't appreciate me protecting her, well if she's going to act like that, then I'm done with her." You know of at least one instance where she was hit and you're going to act like that? Of course that doesn't last, so everything works out.

Other than that, it was an alright read with a heart pounding twist at the end.

Thank you for reading my review.

-Sam

Kai says

Lust is the first book of the Stay With Me series. It is Stephano Rinaldi and Kyra Walsh's story. Kyra has always attracted the wrong men and is a domestic violence victim. She has decided to toss in the towel for meeting a decent man who she can have a relationship with. Another fact is that Kyra is too scared to trust.

Stephano is attracted to Kyra. The only thing he has to go on is that Kyra has been in several bad relationship and that his brother Gianni and her best friend Leah do not want to see Kyra hurt. His brother even hired a bodyguard for her.

Kyra has kept her past relationships secretive. There has been only one that Kyra has not recover from. But Kyra wants to give this newly found relationship with Stephano a chance.

Readers/Listeners beware. The story does have a cliffhanger when her ex-boyfriend from the past return. It will cause some frustration for those who want the story to end neatly.

Lust is a story about a past abusive relationship and to look beyond it in order to give love a chance. This story presents hope if one wishes to take a leap of faith and to give love a chance.

I was given this audiobook by the author/narrator/publisher via Audiobook Blast in exchange of an honest review. I was not compensated or influence in any way for writing this review.

Kathy says

Stefano and Kyra took me with them on a ride of suspense and falling in love. I loved Emily Jane Trent and Stay with me so much that I had to go through the entire book in a matter of a day or so. This story took you to places and was full of surprises. Love the characters. Can't wait to see what this author has to offer us in the future.

Cas says

This one was a little bit better than 3 stars but not quite enough to be 4 stars. With that being said, this book wasn't what i expected but not necessarily in a bad way. I though this was going to be a few chapters and then a quick fling. The author took additional time to build up to the relationship in the beginning, which I appreciated.

The last half of this book was dull, it was mostly these two trying to pry information out of one another and then going to have sex. I was expecting more drama between these two. The excitement wasn't quite there but there was a twist at the end.

Oh! Just in case anyone is wondering ARMPITS ARE NOT SEXY... EVER! The author has a kink for unusual body parts.. licking armpits, under her breast, or toes. I supposed the author was trying to make the sex more exciting but she just took it in a weird direction.

This isn't a stand alone so this one is full of cliffhangers so be prepared.

Sofia Lazaridou says

In Lust we meet Stephano and Kyra. The story is mostly about how they meet and how their relationship develops. For some reason I couldn't get that click that would make all the pieces fall into place in my mind and I would connect to the story and the characters. For me, Kyra and Stephano don't click together. It fell off for a reason. Despite their attraction and sudden development of feeling, I couldn't believe that these two people are meant to be together. I truly hope that in Secrets I will be able to connect with the characters. I

was sort of right about how the story would end, which didn't help with the book's case. After the events in the last chapter I hope we will see more action and something more than the relationship of Kyra and Stephano. I am curious about Kyra's past and that's one of the two reasons I will read the next book (the other being the fact that I have been given the whole series for a review).

Ashley (Reads by Ashley) says

I was received an email from her newsletter gifting the audible edition for this, and why not try it?

Well I really wasn't expecting so much from this book. But as I dig myself into it, oh my goodness. It was so good!!!! Especially when they have sex. This book talks about how this girl was keeping a major secret from a guy that she barely knew and was having a lot of feelings over him. What she didn't was that the guy named as Stephano was having the same struggles with the feelings just like her. They enjoy the limited time they had, but something happens and brings up Kyra's bad memories to her again. The main plot was getting to me slowly but I really enjoy this books. One thing I didn't enjoy was on how fast they throw themselves to each other, like literally you just meet him on a fashion show with her brother!

Besides that, the rest was a piece of cake. Sex scene parts, got me with a lot of feelings. Cause I felt like I was there with them watching the whole thing. Emily knows how to please her readers by providing this kind of sex scenes. Even it was my very first time listening to this books in audible. The places mention here are really high on everyone's dreams on winter. I know this review is short cause I really don't know how to described this book without giving to much details or spoiler alert.

This books are worth the chance though; I will recommend it to my friends to read it.

Lauren says

if you are looking for cheap sex this book is for you. it is between a model and a photographer who refused to open up to one another to actually build a relationship. Any time the other one ask questions and try to get to know them the other one shuts down. so then they go to one of their rooms and have this cheap sax. The author does everything she can to describe it to you which just ruins the entire thing. after she is used to word a hundred times she decides to spice it up a little bit which is where I called it at 75% into the book. I got tired of hearing his knob. needless to say this book is only one star for me which is a high rating in my opinion. I do not understand how you can sit there and try to build a relationship based on refusal to talk.

Adri Sinclair says

First of all, I wish to congratulate Emily Jane Trent on the release of this series.

This was quite hot, quite sweet even – and not over actively acrobatic – which made me read far more of it than I normally would. The progression of the relationship was lovely, and sweet, and ... natural. So I read the entire book in one sitting. As one does when one gets engrossed!

The story itself is slow, cautious... and that is a very good thing – it really helps you connect with the H and

get into her mindset. I got annoyed with Mr. Big shot's "nagging", which was amazingly well captured from Kyra's perspective too.

Eventually, just like with him, Stephano had to win me over too...

The story takes a few twists and turns, weaving mystery into the mix. You get to meet a small bit of history from the main players and then you kinda stroll along with them as they forge their own bonds and ties...

I am reading the entire series, and this was book 1. I thoroughly enjoyed it. It was well written, nicely wrapped in a genuinely calm, easy going read – until you hit the rocky parts... and it ends. Which grated on my nerves a bit.

Thankfully there is no real big cliffhanger, but it is wrapped up nicely to make you turn the page and ask: "HEY WTF! WHERE'S THE REST OF IT?"

Which I did.

For Erotic, New Love Romances, do grab yourself a copy... make sure you have time and then just... ease into it... You won't have a choice.

Thank you Again, Emily Jane for a superb read, a fun new adventure and a romance all wrapped up in mystery.

xxx

Adri.

Gloria Herrera for As You Wish Reviews says

This is Kyra's story. What little we learned during Leah's and Gianni's story, was enough to intrigue us. Her luck with men has been atrocious. She seems to fall prey for men who end up trying to control and abuse her. Now that she has taken back control of her life, she is cautious as to whom she allows to get near her and Stephano is just what the "doctor ordered" for a short lived romance.

They live in the same world of fashion and glitz but on opposites sides of the Atlantic. Kyra stayed away from Europe as much as possible and made her life in New York; Stephano played and worked in Europe and barely ever stopped in New York to visit. This was not conducive to a long termed relationship ... Neither one wanted anything serious and both of them were just looking for an enjoyable fling and friendship. Christmas was a time of loneliness without friends and family. They could both enjoy their companionship during this time.

What starts as just a casual fling quickly develops into a blazing fire of lust and want. Beyond that, although they both swear they cannot get serious, there is something between them that goes further than the physical. Emotions tangle; their attraction deepens; they do stop to analyze; they just accept it. "It seemed if he blinked that she would disappear, and that thought left a gaping hole in his chest." This is how Stephano describes waking one morning with Kyra in his bed.

As always, Emily Jane Trent introduces us to characters so real we can almost touch them. As Kyra's story evolves, we feel her emotions, we see the world through her eyes and Stephano's, and we fear for their welfare. The road ahead appears fraught with dark forces that I fear will threaten their lives. Another fabulous masterpiece I could not put down!
