Jacks Are Wild Monique Martin

From the world of the popular Out of Time series comes the first book in the time travel adventure series, Saving Time, starring Jack Wells!

Former OSS officer Jack Wells's first solo assignment for the Council for Temporal Studies sounds deceptively simple—stop a murder before it happens. But as Jack soon finds out, there's nothing simple about 1960 Las Vegas, especially when the woman you're sent to save is a mobster's wife.

Jack is joined by Simon and Elizabeth Cross as he struggles to stay alive long enough to stop Susan's murder and protect a very fragile timeline

Linda J Bruce says

Always a fun read

I always look forward to an Out of Time book. It is one of my favorite series. The characters are very well written, I can visualize the scenes and feel the emotions of the characters as I read. I'm looking forward to more adventures.

Linda Clark-Koball says

I'd Follow Jack Anywhere!

Excellent. I can't wait for the next adventure. Jack's Are Wild: An Out of Time Novel by Monique Martin is a page turner. I wish I could purchase the series in audio book form.

Marika Charalambous says

A great introduction to a new series following Jack Well, one of my favorite characters from Out of Time. Simon and Elizabeth are also present, although not as much as before. Afterall, this series is about Jack and not about the Crosses.

Gretchen Fatouros says

Murder mystery/ who-done-it

I expected this book to be just with Jack. Note to read the series in order & add this in the right time line. I have completed thru book 10.5, so now I know why not much Jack lately...

Quite the playboy...

Inishowen Cailín says

I'm not sure Jack is a strong enough leading character to carry off a series by himself. He's more of an action figure rather than action hero as he always needs to be rescued. Thankfully, the Crosses turned up at an opportune moment and the book turned into a normal 'Out of Time' adventure. I would not have enjoyed this book half as much without Elizabeth and Simon.

Sue Roux says

Loved the story of Jack, on his first mission. He really my favorite character.
Do hope he over comes, being alone or find true love.

Mary says

I love Monique Martin's Out of Time series. It's one the very few series that I'm passionate enough about to ALWAYS buy the next book as soon as it comes out. Jack's character is a great part of the series, however, although I enjoyed it, this book lacks the some charm and emotion I've come to expect from Monique. It might be that the writing lacks her usual finesse (too many sentences starting the same way, not enough subtlety in conveying Jack's emotions, action scenes a bit clunky in places) or perhaps I was missing Elizabeth and Simon (although I do appreciate their part in this story). Still, this is a solid selection (intriguing story, good pacing, never boring) and anyone that enjoys the Out of Time series will definitely want to read Jacks Are Wild (yes, READ IT-- it a good story!!!), but I hope she'll take a little more time to polish her next book so that it shines as brightly as the others. 3 1/2 stars.

Sarah Elmer-Burnsed says

I love Jack, Elizabeth and Simon, they make such a fantastic trio! I really like getting to know Jack more and I can't wait to see what's in store for him.

Cheryl says

Well I really wanted a Jack story as he is a character from the Out of Time series that I really like and wanted more of. But this turned out to be another Simon and Elizabeth story. I like them too but it just wasn't what I was expecting and I was disappointed.

Kelly Cain says

I really love the Out of Time series and didn't realize she'd started a new series with this book. I love Jack's character however I'm not sure I want only him in the entire book. Luckily, I didn't have to wait too long until the Cross's showed up. I was relieved and able to relax into the remainder of the book. I ended up really enjoying it.
