A Little Slice Of Heaven Gina Ardito

An Angel With a Bruised Spirit' After a humiliating breakup, Gianna Randazzo temporarily works at her family's pizzeria and rescues the stray cats that appear on her doorstep. Until the night the stray on her doorstep turns out to be a man! A Devil's Bargain' With educated speech and sterling manners, Kyle Hayden isn't the average homeless man. Touched by his situation, Gianna offers him a place to stay and a job. And when he cleans up to reveal a super-hunk, he's the perfect phony, doting boyfriend to escort Gianna to her ex's upcoming wedding. Or maybe this time, love could be for real. Hell Breaks Loose' Until the truth comes out. For while Gianna dreams of happily ever after, Kyle will soon return to the life he left behind--a life that won't include Gianna. Unless he can regain her trust and show her' A Little Slice of Heaven.

Mariah Lynde says

While I normally choose to read fantasy and paranormal romances, this contemporary romance is a sweet story that deserves a little more limelight.

Meet Gianna and Kyle, two completely opposite people who meet under the strangest of circumstances.

This story by Gina Ardito is a sweet, funny read in the mishaps, motivations, and humanity of two people that have to set aside their own preconceived notions and find that gray area of compromise for a chance at something wonderful.

These characters are presented with a wonderful blend of warmth, care, and realism that make it easy to fall into the story. A Little Slice of Heaven is a true romance that I would recommend to anyone and everyone that is looking for a feel good story with happy endings.

Good characters, Good setting, and a wonderful Ending. I look forward to reading more from this author!

Kenneth Richardson says

Exceptional

This book was the best one of all the romance books that kindle had. Most of the romance books had lot of sex which is fine but it was nice to have no sex.

Donna says

Riches to rags to...

There once was an old black and white Carry Grant movie that is VERY similar to this story and well worth watching over and over. I loved this but only gave it four stars because of the over use of the Lords name, other swear words, and the willingness to bed someone. Don't get me wrong... It is a clean read. I just wish the modern mentality on morality was honorable.

??Trea says

I really hated this book! Kyle may have been better than Gia's ex Frank, but he was still slime in my book! His relationship with Gianna was based on so much deception and lies that it was a wonder that she even took him back! Not only that, but I didn't see much in their interactions to warrant them saying that they loved each other. Definitely enough to go for dating, but not enough to base a marriage off of. The book just simply wasn't that engrossing for me, and I wouldn't recommend it to others.

Andrea Barr says

Such a great story!

Loved this story! I could not stop reading it. I thought the characters were interesting and I couldn't wait to find out how it ended.

Jerri Drennen says

A little Slice of Heaven is just that--a slice of Heaven. Gianna Randazzo loves children, animals and helping people. She's known for taking in stray animals, and here is where Kyle Hayden enters the picture. He's homeless, standing next to a dumpster behind the family's pizzeria. Gianna offers him a place to stay and a job, only to find herself falling for the man who had lost everything--or so it seemed. Kyle was hard to like at first, but when he offered to take Gianna to the wedding of the man who she once dated, who proposed to another woman in front of Gianna, Kyle grew on me. I liked the secret behind why he was homeless, though I could have kicked him for how Gianna found out about everything in the end. All in all, I really enjoyed A Little Slice of Heaven.

Kelly says

Pretty good

A little unrealistic but still a good book. I wish there was a bit more realistic romance all there was was some kisses and then they are asking each other to be together forever and get married. Where is the middle and the talking about it?

Gerry Bates says

First time reading Gina Ardito's work. Not the last.

I chose this book because I wanted something short and light hearted. I got that and so much more! Her characters were so well developed and funny. Kyle, the main love interest, had such an arc of growth from arrogance to humility and conscience. Thank goodness Gianna remained true to her core values. I immediately had to buy and start another of Gina's books for another dose of happy. Definitely a story to leave you feeling good.

Tina says

2.5 stars

A nice read.

JulieAnn Corbin says

This is the same review I posted on Amazon.com. I hope no one minds!

I haven't read a romance novel in many years, having become something of a "bitter old hag" through relationship downfalls, but I connected with Gina on Facebook and liked her style. I really wanted to read her writing but kept getting sidetracked. Life threw me a new challenge recently and I was looking for something fun and lighthearted to read so I figured it was the perfect time! I chose this book because it had the earliest copyright date of her Kindle books listed and I wanted to start "at the beginning" as it were. Once I started reading it I didn't want to put it down!

I immediately identified with Gianna's character, her giving heart and people's misconception that she's a "doormat." Gianna is a strong, fierce woman while still being easygoing and loving. Not an easy thing! She doesn't let the difficulties of relationship issues and abrupt career changes deter her from seeking her dreams. No matter what challenges life throws at her, Gianna finds the strength to stand back up and keep moving forward.

Kyle doesn't stand a chance against the power of Gianna because it's so subtle he's ensnared before he realizes what's happened. I adored reading his thoughts when he was around Gianna. I reveled with giddy, girlish glee when she so easily got under his skin in the best way! To be totally honest, reading the interaction of the characters restored my faith in the whole idea of romance and the connection between two people. It was exactly what I needed!

I highly recommend this book! It was an enjoyable and fast read (for me anyway because I couldn't stop reading it!) and it might just restore your own faith in romance. I look forward to reading more of Gina's books and I am certain I can count on her writing to continue to perk me up when I need perking!

H.L. Laffin says

A Little Piece of Heaven.

This book was amazing right from the start! I loved meeting Gianna and Kyle. I wasn't sure at first what happened to Kyle, but as I read, I just knew it was a stupid male bet or something. Then to have Gianna treat him as people should be treated, which kindness, was fabulous. I loved how the book unraveled its self. This story was witty, fun, deep and emotional. Loved it. Loved the passion and I loved how each had to learn a lesson. I will be looking for more of Gina's work!!!

Cheers, H.L. Laffin

Cindy says

Kyle and Gianna

This was a good light story with some depth. Kyle is homeless and Gianna hires him. The story evolves from there.

Marianne Broccoli Bair says

Really enjoyed this book

This was a very easy read. once I started I kept reading till I got to the end. Loved the characters and the way Gina Ardito pulled me in with her excellent storytelling. A very enjoyable read.

Brian Davis says

Good

A nice little story, fun and frothy. The characters are a little two dimensional, but otherwise a good clean romance.

Barbara says

Fun, engaging book. Perfect when you need a light, easy read.
