Zeus

Celia Aaron

Zeus Celia Aaron

One minute I'm looking after an injured gelding, the next I'm tied to a luxurious bed. I never believed in fairy tales, never gave a second thought to myths. Now that I've been kidnapped by a man with golden eyes and a body that makes my mouth water, I'm not sure what I believe in anymore. . . But I know what I want.

Granger McGringot says

Divine temptation?! What a story here. The plot was riddiculous and not to mention bizzare. Taking the old plot of Zeus' conquest but with a little bit twist near the end. Loved the ending and not wanting any other way to end it!

monica Cornwell says

Needed more substance.

This book could have been really good but it just didn't feel finished or thought out all the way. Like was Dean the human version of Zeus or just a man. I was all confused well except for the son that was obvious. Anyway you should rewrite this story and republish it. It could be really, really good

Alp says

1.5/5

What the hell did I just read? Nope. Nope. Nope. Not for me!

Katherine says

HAS SPOILER

Well it had the regular total possessive and hotness you would expect from celia aarons books. BUT i did not like it for one reason. WARNING! SPOILER!** That reason being that when Tara was taken from earth to be with the god Zeus you think oh ok this is great they will fall in love and what not. No. They did the hanky panky and then she got sent home because Zeus crazy wife had interrupted them. So she ends up trying to move on and goes out with Dean the cute cowboy and then she magically gets sent up to be with Zeus again do the dirty and then she's like wait hes a cheater who only uses mortal woman to get what he wants (Sex). She tells him so that she doesnt want to be here anymore and he says he basically wants to keep her as a pet. No just no. Then his magic flying horse gets hurt she saves him and gets a promise from Zeus yada yada yada. She goes home finally ends up falling in love with dean after like one round of sex and then at the end has a baby with him that has Zeus eyes. Wow. Ok. So with all that being said it got 3 stars just for its hotness. BUT don't be afraid to try more of her books if this was your first one because her dirty holidays series is AMAZING.

CC says

Fuck no!!! What happened to this author?!

Tara is a dedicated veterinarian in a small town, but while she is passionate about her career, her love life is non-existent. By that I mean, she is a virgin! It isn't that she hasn't had any offers, but she seems to be waiting for "the one." Dean is a sexy and charming rancher and can we just say, "Hello cowboy," but while he keeps trying to date Tara, she remains a distant and focused on something else.

It isn't until one night when a mysterious man appears to Tara and all bets are off! Of course, the man is none other than THE Greek God, Zeus, and he wants to possess Tara's chaste body. At first, Tara thwarts off Zeus' advances, but since she is a mere mortal, she doesn't stand a chance against his sex appeal. Zeus's seduction is hot and you can't blame a woman for choosing his golden cock again and again! Lol!

"I was drawn so tight that each slide of his tongue against my clit was a leap toward ecstasy. He smoothed a hand down my thigh and pressed a finger into my core. "Oh. My. God." He popped his head up and I cursed him for breaking the contact. "Just call me Zeus."

After Tara soon discovers Zeus is a player and doesn't want to be a concubine in his harem, she realizes that the hunk of a man, Dean, is exactly what she wants and he is so ready to claim Tara as his.

"He trailed his hand down my body and gripped my panties. With an easy rip, they were gone and his slick head was directly against my folds. I arched my back, desperate for more. He gripped the back of my neck and looked into my eyes as he positioned his head at my entrance. "This is mine, Tara. Only mine. I want you to say it."

This story encompasses Greek myth, fantasy, love, humor seduction and family. It was fun to read about how Zeus and his "harpy" wife, Hera, accommodate modern mortals! Tara and Dean were likeable characters and I was certainly rooting for them to be together. The writing flows well, but the plot transition after Tara leaves Zeus seemed a little rushed for me because I wanted to experience a little more of Dean. Plus, I'm not completely sure I liked the twist at the end. In one way, it was inevitable but I wonder if Dean knew the truth. Nonetheless, this novella was entertaining and a HOT quickie!

AWB says

Not for me. This novella was just annoying, and left more Questions than answers.

°??.:*?Arianna°??.:*? says

Best way to describe this book in five words: Oh. God. That. Was. Boring. I have never been so bored in my life reading a story that is supposed to be erotic. It was inching along in the beginning and then the scene just suddenly changes. There wasn't a good transition or elaboration to that. The scene just went from one to another.

As for the synopsis, it totally gave everything away. You don't even need to read the book to know that she was treating an animal, then gets transported to a god, tied up.

When I was reading the sexual parts, I could not wait for it to be over. I have felt more hot and bothered from looking at a hot guy than I did reading this book. Also, the ending was horrible. I could not believe after one event things are solved for them. I also could not believe things worked out when it would not in most and for the fact the girl is mortal.

It was just the standard writing. Nothing special that sets it off from the rest. I even kind of felt that it was sub-par to many erotic books. I expected more from the book and I guess had higher expectation. I Do **NOT** recommend this to anyone, especially to people who like Greek mythology. This just totally killed it for me.

Espresso-Girls Just Wanna Have Books ; A Mafia Romance says

I love an ALPHA GREEK GOD!!!! Whew Zeus is soooooooooooooooooooooo sexy! So kick ass! Take an hour out of your day and read this short story! Zeus will knock your socks off!!!

Kimberlee says

3.5 Lightening Stars

This was a really short sexy read. I thought it was hot, hot.....till the epilogue and it felt as totally unfinished. It wasn't even that it was open to a book two, it just felt to unfinished. But even saying that I enjoyed.

******This is on the Kindle Unlimited list if you are a subscriber******

Emma says

3.5 stars

Cyanure says

4??

Fun, short and hawt.

And without shower between two sex partners (and without condom, even if one of the two was a god)
yuck...

Sana Zameer says

WTF! Zeus is a rapist!!!

Warning to all Mythology lovers: Stay away from this garbage!

Sophia Triad says

In Greek mythology, the 12 Olympian Gods never hesitated sleeping with insignificant mortals. Sometimes in the process, children were produced and these children were half Gods, demigods.

Zeus especially used to be extra bad. A player. Taking advantage of his powers and his position as the boss of all Gods, he loved seducing young virgins. Usually he took different forms for the seduction and he definitely preferred taking the form of an animal.

So, you can read stories about him who seduces a girl transformed into:

- Rain
- Lighting bolt
- Bull
- Ant
- Satyros
- Husband
- Bear
- Dove

The result was normally a illegitimate child who was god or half god and moreover Hera would be totally hysterical.

“Oh. My. God.”

“Just call me Zeus.”

This particular story is nothing more than a naughty fantasy. Zeus will appear as a bull and he will seduce a shy, workaholic veterinarian in Texas (not sure about the area) at the present time.

Funny, short, entertaining, hot story.

Linda says

I received an an ARC in exchange for an honest review

Zeus awakens the passion in Tara but can she leave the mortal world behind, especially when there is a man

like Dean waiting for her? Another great erotic romance by Celia Aaron. Zeus is a quick read that will leave you weak in the knees. I loved it.
