Christina Henderson smith says

If you ever wanted a sexy story about dragons and demons then this is the book for you. Bryn, a dive instructor who happens to be a Glacies demon, meets Kael, a water elemental dragon. She feels they are meant to be together. Kael knows she is all he ever wanted, except for the fact that she is a demon. He has an extreme hatred of them. That being said, her adventurous zest for life makes her the perfect one for him

Paganfamilyof4 says

Again, another good one. I really enjoyed this one. Glad to see that all of the dragons are doing so well. Glad to see that Kael finally came around. Keep up the good works.

Book 2 in the Dragon Elemental series takes place right where book 1 left off. Kael has been out at sea on his boat when he finds himself at an exclusive resort. He sees a gorgeous Woman doing some diving off a cliff. Being the arrogant guy that he is, Kael thought he could show her some pointer. Bryn is trying to avoid all the men that are vying for her attention after her dive, she just wants to make it back to her room but she sees a man ahead blocking her path on the docks. She didn't expect to find herself intrigued by this man let alone agreeing to spend some time with him. Bryn has had a rough past emotionally, will she find it in herself to trust Kael?

This is another fantastic book from the Price sisters. I must admit book one so far is my favorite BUT I just love Kael's sense of humor! I love seeing how the story unfolds between Kael and Bryn and I'm hoping Spiria will find her mate, felt bad for her.

Chelly Peeler says

Bryn Case is a Glacies Demon working at a resort in St. Thomas in a diving show. She's bored with it, and fed up with men, but she longs for something more. She meets a beautiful (and cocky) stranger and she knows he's not human, but he won't tell her what he is.

Kael is a Water Dragon and after traveling on his boat to get away from his family, he sees Bryn diving in St. Thomas. Despite his long-standing hatred for demons, Bryn is calling to him, calling to his element, and he needs to know why the sea welcomes her as much as it does himself.

Bryn isn't sure why she's attracted to Kael so much but she isn't going to get into anything with someone she knows nothing about - she'd learned that lesson already. When Kael learns of her past, he vows to get her soul back from the demon that didn't hold up his end of the bargain.

Kael may be my favorite dragon ever. After reading about his dragon form in the water, being playful and

carefree, he sounds absolutely gorgeous! The Dragon Elementals series is quickly becoming a new favorite and I can't wait to learn more about the rest of the family.

What a total shock! I was looking for a good story from Stella and Audra. Instead I was annoyed by the continued type Os. With all the mistakes it was like the book never saw an editor or editors. There was little character and plot development. Reading "Deep Water," did not encourage me to explore their other novels. What a shame. I was expecting more. One more point, being a former Padi Diver, one does not drink alcohol before diving. End of story!

Nikki McCarver says

If you have read book one, then you know Kael isn't a very likable dragon. He hates humans and was dead set to hate Char's mate, even though she was a demon (something he hates even more than humans). I really think Al finally reached him a little, since he swooped in and saved her from her own queen. Even though the perks were large, that probably was the first time he had enjoyed himself in centuries. With Char finding his mate, I truly believed it opened up all the other dragons hope of finding one too. Even though Kael would never admit to wanting one.

Bryn was unlike any human he had ever met because the sea embraced her as it did him. He was completely fascinated by her and hired her services for the week. In the beginning he thought it was just fascination, but the more time he spent with her and the more he realized this was something else completely..

They all have the fear of being enslaved by the demons again and Bryn was tricked into selling her soul. Can Kael face his own fears and follow his heart? Can he save the one woman who might possibly be the one to save him?

It was an intriguing story and I honestly actually liked Kael at the end of the book. He was just harder to love than the others! I cant wait for the next installment in this series! Its fantastic so far!

Kathryn says

Loved the furthering of this series. And, as always, I just dig dragons. This second in the series is about Kael, Water Dragon, and Bryn, Ice Demon. Kael has a long and deep hatred of all things demon, so when he runs across this beauty, who is diving into the ocean from the cliffs, he's pulled to her like no other before her. Bryn stumbles across Kael on her walk home from the resort she works for. Thus begins a very heated, sexy, liquifying trip into their romance.

The best scene, imho, is when they go diving for the treasure at the sunken ship and they learn more about each other.

Bryn likes to live in the "here & now", that's going to make things very difficult for Kael, who has decided to look towards the future. With Bryn. And he's going to do everything in his power to get her to that type of

thinking with him.

Ronda Tutt says

Love is Grand! Fantastic Read! Hot!

A smile on your face is what you end up with after reading this book. I love it when a big tuff guy (dragon) meets his match (Ice Demon) and ends up with an attitude adjustment and that's exactly what happens in this wonderful story.

Kael, a Water Elemental Dragon has hatred against all demons no matter what type of species they are because of his past dealings in history but when he sees and meets Bryn, an ice demon diving off cliffs in a climate where you wouldn't find her kind of demon he becomes intrigued and drawn to her like the Ocean calls him.

Bryn is not like most demons of her kind; she is a bargained demon but got the wrong end of the deal with her bargaining of her soul that has left her bitter and with an attitude of not trusting any male species.

However, Kael shows her a different side of male trust worthiness as he gets to know her and finds that she is drawn to the sea as he is. Their friendship leads to love, passion, and comfort with a happy ever after.

I absolutely loved the interaction between the characters. They made me smile and laugh with their comments towards each other. The erotic scenes were so sexy and hot and make me want to have a dragon of my own.

Cyndi says

This is the incredible 2nd book in the Dragon Elemental Series. I am totally hooked. I was not a fan of Kael in the first installment, but I have come to love this dragon. Bryn is a demon and has been hurt and has lost her soul. She lives each day just by going through the motions until she meets Kael. The love that these two have is amazing. Their story will keep you turning the pages. The Price sisters have lost no steam at all with this installment. Add this to your new series to read!!!

"You'll be Swept Away"

Bryn Case's faith in love is shattered when a Conglacion Demon tricks her into bargaining her soul away. Bryn knows she can't change what happened, but she can learn by her mistakes. She vows never to let a man close to her heart again. She moves to the Virgin Islands and because of her love of the sea, she becomes a diver at one of the resorts. When Kael shows up, she's ready to tell him to get lost, but one kiss and she find herself drowning in his embrace.

Kael is a Water element dragon. He loathes demons, but his curious nature gets the better of him. He must

know why the sea calls to Bryn, why it loves her. What he didn't bargain on was losing his heart to her.

I loved the quick-witted banter between the characters while their chemistry sweetly unfolds into a whirlwind of passion. The sensual water scene between Bryn and Kael, when he is in his dragon form is pure poetry. Stella and Audra Price have written a story of healing, trust and passion. As the sea calls to Bryn and Kael, this tale of true love will sweep you away.

After reading Char and Al's story I couldn't wait to read about Kael. He seemed Moody and rude and wanted to see if anyone could bring him out of his funk. Bryn is a dive instructor he meets when he runs away from his family to travel on his boat. The Connection they have from the very beginning will cause waves! Don't want to give any spoilers so ill just say Bryn is so good for him and he for her . They haveboth been through so much. Not to mention she's a bargained demon..... which he can't stand which makes it all the more interesting he wants her. You willnot be disappointed. I want to know what happens to Spiria next!

Anne says

This is a great story. The 2nd in the elemental dragon series, this is Kael's story. Watching him fall in love with an ice demon was perfect, the attraction instant and chemistry hot. Bryn is the perfect mate to Kael. I do hope we get more in the series.

I would recommend reading the series in order.
