Going My Way? Samantha Chase

Dylan Blake has made automotive repairs his life. Being the lone mechanic in Sapphire Falls hasn't left him with a whole lot of free time and up until now, he hasn't minded. But now that the business is finally solid, he decides to take a weekend just for himself to try and figure out what his next big thing in life should be. He never expected the answer to be found on the side of the highway...

All Chloe Holland wanted was the chance to live the life she wanted without dealing with other people's expectations. That's what had spurred her last-minute cross-country trip. If only her car had cooperated. Stranded on the side of the road left her feeling as if her great adventure was over before it had even began. Little did she know, it was really just the beginning of her greatest adventure yet.

Kathy says

Going my Way equals Samantha Chase doing it again. She has given us characters that we can relate to and fall in love with. Dylan lives in a small town and has small town values. Chloe hasn't always had it so easy and when a bit of bad luck hits her once again she finds herself in Sapphire Falls with no where to stay and no way to get to her destination. Then she meets Dylan and the other neighbors of Sapphire Falls and begins to think that just maybe her life could be different. Just maybe people are not always mean and treat people badly. Just maybe people really do care and help each other out like great neighbors she has always dreamed of really could. Can Chloe break down some of her walls and let people into her life? Can Dylan open his heart and let someone in? Dylan knows not everyone is ready for a lifestyle like he wants to live but he really wants a happily ever after. But he doesn't even know how to begin. This is the story of two individuals and all the family and friends around them. It will take you on a journey of home town living. But can Chloe really live in the lifestyle that is Sapphire Falls? And can Dylan open his heart and convince her that a life in Sapphire Falls may be just what she needs? I fell in love with these characters and can't wait for the next installment in the Sapphire Falls series. Thanks Samantha Chase for giving us yet again another wonderful story.

Bev Sten says

When you find your boyfriend cheating on you what would you do? Pack everything you own into your rickety classic Mustang and head west. When said Mustang dies a clanking smokey death on the side of nowhere in the pouring rain then what? Such was Cloe Holland's delemma.

Dylan Maxwell, on a rare vacation from the only car repair shop in Sapphire Falls, that he also happened to own, comes upon a mirage, or so he think. Getting closer he sees it is not and stops. Thus changing the best laid plans of Cloe Holland and Dylan Maxwell. Sometimes in life you just have to go where it takes you.

And apparently Sapphire Falls is it.

Samantha Chase's Sapphire Falls Kindle World Novella is about not having your life written in stone.

Sometimes the things that are right for you come to you when you least expect it. Another awesome story from my favorite go to author.

Christina Finizio says

Highly recommend!!

Loved this story, I am a sucker for a happily ever after. I loved the Sapphire Falls series to begin with but with Samantha's spin and words, it made it that much better. I totally recommend Chloe and Dylan's story.

Bette Hansen says

A wonderfully fun, sexy read that meshes perfectly with the Sapphire Falls series. Chloe is down on her luck and more than ready to start a new life in Oregon. She's on her way when her car decides to die right outside of Sapphire Falls. Lucky for her a mechanic in shining armor comes by when he does. Town mechanic

Dylan may have noticed that perfect car first but it didn't take him long to also see that gorgeous figure laying across the hood. Never did he expect his perfectly organized world to get to scrambled as it did when Chloe came into his life. Now he has to figure out how to keep her there!

A great quick read that will definitely leave you smiling. I highly recommend this one.

Meghan says

Cute as can be

I don't think I quit smiling the entire book. Chloe and Dylan are adorable and quite perfect for each other. The town of Sapphire Falls sounds small and a perfect place to live. The relationships and caring that everyone exhibited was lovely and humorous. As with the other SC books I have read I love that I am drawn into the world and characters immediately. Through her words I feel as though I am in Sapphire Falls and part of the group helping with the festival and watching them fall in love.

This is a quick and cute read. I loved seeing a new place and characters and look forward to spending more time in Sapphire Falls!

JoDeen says

I Love Samantha Chase Books so as usually when I got my chance to read this book I did not hesitate I loved! Going My Way ? By Samantha Chase

Going My way is A sapphire falls Kindle worlds novel which means it takes place in the Sapphire Falls worlds. In this book we follow Chloe and Dylan . Chloe at the beginning of this story is not having this best day right now , she has just left her ex boyfriend and she has packed up to move across country but her car breaks down and Dylan who happens to be an amazing mechanic who owns an auto care business & lives in sapphire falls just happens to be driving that way and saw her in the rain with her car .This is were the story really pics up lol he carries her back to Sapphire falls and over the process of fixing the car they fall in love and that was a beautiful to see . I love the way that Samantha Chase writes her romance its sweet , swoon worthy , romantic and very sexy and this is exactly how I would describe the romance between Chloe and Dylan I was absolutely thrilled with were we left them at the end of this book .I love the whole small town setting of Sapphire falls .Its just wonderful ! I would love to visit (seriously I would lol) Between the Sweet fluffy romance , the fantastic cast of character and the beautiful setting of Sapphire Falls .Samantha chase created a fantastic story.

Going My way is fantastic novella its Romantic , Sweet, Funny Story and it was just a pleasure to read . If Samantha wants to write more about Chloe and Dylan you know there Wedding , birth of first child , 20th Wedding Anniversary I would totally be behind this lol .If you love all these things in your books I suggest you get a copy when it comes out May 19 ,2016

Eileen says

Going My Way by Samantha Chase is part of the Sapphire Falls Kindle World release. It's a stranger helping another stranger story. A woman, Chloe Holland, is travelling across country to get away from a cheating boyfriend, now ex-boyfriend, when her classic car breaks down on a deserted country road. Fortunately for her Dylan Maxwell, Sapphire Falls' master mechanic and garage owner comes upon her. Being a caring man, Dylan gets her car towed to Sapphire Falls, offers her a place to stay, and provides a job for her in his garage. Now Chloe just needs to figure out whether she wants to go as planned or stay with Dylan and the town that loves her.

This was a fun and entertaining story with loveable characters that you want to support and cheer on hoping for that happy ending. The characters were well written and complex. The story line was riveting and kept my attention to the very end. I genuinely enjoyed reading this book and had trouble putting this book down, reading it in one day. I highly recommend this book to other readers.

I received an ARC of this book in exchange for a fair and honest review.

Alima Livzletlivz says

Samantha Chase seems to be traveling all over the map from Hope Falls to Sapphire Falls, weaving her romance and love as she takes her readers into small towns where warmth, support and friendship is regarded with high respect and everyone looks out for everyone, never mind if you are a newbie in the town.

And who can vouch for all that better than Chloe Holland. Leaving a life of betrayal behind to start fresh, finding herself stranded on the deserted roads of Nebraska was not in her plan and neither was getting rescued by the charming Dylan Maxwell! But then gods of nature seem to have a different plan for Chloe and Dylan, and bringing them under one roof is reason enough to explore the lightening that struck their hearts.

With Dylan fixing her car, Chloe's hurt seems to be on the mend. As Chloe starts falling for the charm of Sapphire Falls, hope springs in her heart with a fresh start with Dylan. With the entire town of Sapphire Falls behind them, Dylan and Chloe just fit perfectly with each other and life's finally going their way.

"Going My Way" is another short and sweet love story, that brings to light there are good people in this world with kind hearts; that friendship and family is laced with honesty, integrity and care. With so many tender moments of love and care, dialogues that bring chuckles, and actions that keep our faith in humanity, "Going My Way" has definitely gone all the way to my heart as another charismatic read from Samantha Chase.

Received an ARC for an honest review.

Dana Tillack says

Oh, my goodness, I absolutely love this book!! It has the right amount of chemistry, hotness and love. I could go on and on and on. I have to say short books are usually not my favorite. This one had me hooked from the first page to the last. I never thought it felt rushed like I do most shorter books It just felt right.

Pam says

Wish my mechanic looked like that! Dylan is on his way back to Sapphire Falls after a trip when he encounters a classic car parked on the side of the road & the woman laying across the hood in the rain. Being a nice guy, he stops to help her & after a lot of conversation in pouring down rain ends up taking her & the car home with him. Chloe was on her way to the west coast when her car breaks down. That's all she needed on top of a cheating boyfriend & leaving a dead end job.

Samantha Chase has driven right into the heart of Sapphire Falls & written a wonderful sweet, sexy, funny, emotional story. How does it deserve all this praise? The chemistry between Chloe & Dylan is hot & love at first sight type. The way he takes care of her is so sweet. Their exchanges and the banter between the Sapphire Falls characters is so funny I found myself laughing & smiling at the pictures developing in my mind. Chloe's breakdowns & lack of trust are so emotional you feel for her. Basically, at the end of the story, I felt like I knew everything about them and their story and like they are my best friends! This is a perfect addition to Erin's Sapphire Falls world & the way Samantha incorporated the characters from the original books makes it seem like it was meant to be. Absolutely loved it!

KimberlyDawn says

Going My Way was a quick and enjoyable read. Dylan and Chloe just might find what they each are in search of. This is definitely one you don't want to miss.

Isha Coleman says

Just when all seems to be rolling along fine you come to a fork in the road. Life throws a curve ball. What do you do to get your life back on track? Chloe is having one of those moments. It takes a cheating boyfriend, a handsome stranger and a broken down car to point her in the right direction. Dylan is living his dream. He runs a successful business doing what he loves but his life feels incomplete. Will getting caught in a storm give him the answers he seeks? Going My Way proves why Samantha Chase stories are habit forming. Her blend of deliciously flirty stories are pleasurable works of art. Her stories bring laughter to the heart.

IrishdaisylovesRomance says

Oh wow what a sweet sexy read!! I loved the banter and joking between Dylan and Chloe, it was nice and light. This was a quick read and I could not put it down, it captured me right from the beginning, it made me laugh as Chloe got to know some of the local women Hailey and Phoebe and there was a pretty funny scene outside the Come Again that you don't want to miss!!! Dylan is a 30yr old who has his whole life put together - steady business, good friends and a nice home where Chloe is the opposite she's packed up all her belonging into her car, left her hometown and is a little lost. Put these two together and you would think it's a

disaster, but, Samantha Chase being the awesome writer she is totally makes this work and made it an enjoyable light sweet and easy read

Janis says

Sweet

Another great book by Samantha. I love all my visits to Sapphire Falls. Highly recommend. Well done again. Very cool

Abby says

****Received an ARC in exchange for an honest review.****

"Going My Way?" is written by Samantha Chase, and it is part of Erin Nicholas' *A Sapphire Falls Kindle World Novella* series. It can be read as a stand-alone novella. It features Chloe Holland and Dylan Blake.

Chloe didn't really think it through when she caught her ex-boyfriend cheating on her. She packed up her bags to travel cross-country, but she left her car charger at home. Problem is, she's stranded on the side of the road, and it's raining. Who will be able to help her?

Dylan prides himself in being the best mechanic of Sapphire Falls. When he first sees Chloe stranded in her vintage Mustang with the hood open, he thought he was seeing a mirage. They may not be Sapphire Falls, but he goes the extra mile in helping her.

Chloe's car is a classic, so it's going to take a few days to repair it. She doesn't have extra cash on her, so Dylan offers her a job at his repair shop to compensate. Meanwhile, the people of Sapphire Falls are starting to notice the attraction between Chloe and Dylan.

Chloe and Dylan were hot! I really enjoyed their banter as well! My only wish is that "Going My Way?" wasn't just a novella, but a full-length novel! Samantha Chase did a wonderful job!
