Dan says

A good story and message, unfortunately it seems rather made up.

Don Gubler says

Tom Brown is extraordinary and his writings have always caused me to marvel and wonder. He has insights into realities of life that most of us can't even guess at.

Green says

Some great nuggets of wisdom to be found in this book, with the latter half turning into a Tom Brown ego-fest. Both parts typical of the man.

Burkey says

tom has his critics, hell im one of them at times, but no amount of bickering will change that this book tells a truly passionate story, and may strike a chord....
