Forbidden Attraction S.R. Watson

Siobhan Gallagher has just started her senior year at the University of Southern California. She has her best friend and her boyfriend of five years by her side. As the countdown to graduation begins, her world comes crashing down when her boyfriend confesses that he has cheated on her. Her past has shown that love is volatile, but she had hoped that this time would be different. Siobhan becomes a cynic - doubting the existence of love. She vows to never give her heart to another.

In walks Professor Michaels. He is a sexy billionaire playboy who limits his encounters to one night, maybe two. His jaded past and multitude of secrets shapes his aversion to love and relationships. He makes no promises of forever. Offers no apologies for his preference for variety. When he first meets Siobhan, the attraction is mutually instantaneous. He knows she is supposed to be off limits, but he has never denied himself of something he wanted.

Siobhan and Professor Michaels share the same sardonic outlook on love. What happens when these two paths cross? If they give into this forbidden attraction, can they both come out on the other side unscathed?

Absolutely Amazing!!!

So Shiv got on my nerves a few time. To me she was weak and let people get to her to fast. I guess to naive. Liam was just an asshole and selfish. Grayson or should I say Professor was just hmmm HOT and SEXY!! lol if you like HOT Alpha man then Grayson is your guy. I really enjoy this book and I'm desperately be waiting for the next book.

Ruth says

This is a kind of FSOG meets Gabriel's Inferno....(which happen to be two of my fave books). But those books are better than this one. Young college student falls for her professor..so they agree to an "arrangement" . However, as in most of these cases, the student tends to fall in love very, very quickly. There is drama, heart break, and some pretty good sex. The dialogue is a bit cheesy at times, but I'm going to over look that. This does end in a cliffhanger. I will be moving on to book 2

Marie says

Yes! I'm a sucker for the young college girl hooking up with college professor stories and this one is pretty steamy I must say...

Meet Shiv (short for Siobhan) USC Junior is from Texas...boyfriend is the quarterback...bad breakup...hooks up with (ultra rich) professor named Grayson who is a sex fiend...his inbetween girlfriend causes angst...quarterback wants her back after testing the waters.....yada yada yada

I did enjoy it though....sequel coming in the fall - dang!

The Blurp:

Siobhan Gallagher has just started her senior year at the University of Southern California. She has her best friend and her boyfriend of five years by her side. As the countdown to graduation begins, her world comes crashing down when her boyfriend confesses that he has cheated on her. Her past has shown that love is volatile, but she had hoped that this time would be different. Siobhan becomes a cynic - doubting the existence of love. She vows to never give her heart to another.

In walks Professor Michaels. He is a sexy billionaire playboy who limits his encounters to one night, maybe two. His jaded past and multitude of secrets shapes his aversion to love and relationships. He makes no promises of forever. Offers no apologies for his preference for variety. When he first meets Siobhan, the

attraction is mutually instantaneous. He knows she is supposed to be off limits, but he has never denied himself of something he wanted.

Siobhan and Professor Michaels share the same sardonic outlook on love. What happens when these two paths cross? If they give into this forbidden attraction, can they both come out on the other side unscathed?

Sibohan is starting her senior year. She's got an amazing best friend, **Jordan** and a boyfriend of 5 years, **Liam**. But what a piece of shit. He cheats. They break up. Tells herself to focus on studies. Guess who the teacher is? Exactly. **Mr. Grayson Michaels**

He's everything from. Hot. Sexy. Brooding. Domineering. Handsome. And what not.

It's lust at first sight for Shiv. The lust was mutual. But still he's the hot professor ONLY [Psst..Just for a while. Lol.]

Shiv goes out to a friend's place. And to my own guilty pleasures, Grayson was her new friend brother.

The lust between them is very much evident. It was dripping down my kindle.

Few encounters and none can deny the urge to act upon the lust. They enter into an arrangement. Knowing very well the relationship is forbidden.

The hero is a professor. He's filthy rich. Did I mention a playboy too?

Of course. I loved it. What's not to love. The guy was like a dream come true. Wet dream kind of.

Grayson managed to give me goose bumps at like every page. The forbidden element was very different here than the other books I've read about the same sort of forbidden relationships. Their relationship was not exactly romantically based. Grayson wanted her. Shiv wanted him. **But with no strings attached.** Their relationship was mostly forbidden in Grayson's mind.

I wanted more insight on Grayson's mind. But I guess that was the part of the mystery here.

But as they say, ***A person is not exactly as what we see them to be?Right.***

There are still some mysteries that are bothering me. But I guess I will have to wait.

I really loved this book.I will desperately waiting for the next book. S.R. Watson did an amazing job. **I want the next book now. SERIOUSLY**

Donna Porter says

This book contains a lot of explicit sexual scenes so this book may not be for everyone. Siobhan(Shiv) was starting her senior year at college. She lives with her best friend, Jordan in her condo. Shiv has been dating Liam and been his girlfriend for five years. All three of them went off to college so they could all be together. Shiv thinks Liam has been acting strange for two weeks. He wants to meet her for tea and when they meet he blares out that he slept with someone else. Shiv is crushed and she runs out of the shop and gets a cab home. Jordan lets her brude for a few days but thats it. In Shiv's one class she has with Liam their new professor is a very handsome man. His name is Greyson Michaels and she makes eye contact with him as well as most of the girls in the class. After Liam breaks up with Shiv he starts parading his new girl in her face at class. She is so upset one day and runs into Greyson and he drops all his papers. As they are picking them up he whispers in her ear don't let him know your upset and see you cry. After that day she runs into him a few times. He lets her know he is interested in her but just for bed time fun nothing else. They have to keep it a secret so he doesn't lose his job. They start a weekend only relationship of sex only. She promises herself she will not lose her heart but the longer it goes on the more invested she gets. She keeps running into his ex and she always says they are still together. This is an unusual story and it is very interesting but it doesn't end with this book there is still so much more to find out. you will not be able to put this one down

★★★★ 1/2! Forbidden Attraction, book 1 of 3. To rebound dumped & heartbroken college student agrees to a sexual fling with her sexy & enigmatic Professor!

“Damn. Looks like I am going to be your teacher on a whole different level. Let the depravity begin,” he smiles.”

Books in The Forbidden trilogy should be read in order:

Book 1: Forbidden Attraction

Book 2: Forbidden Love

Book 3: Untitled

Forbidden Attraction (book 1) opens up to USC college student **Siobhan Gallagher**, Shiv being **dumped by her boyfriend** of 5 years. To make matters worse he admits to cheating and quickly attaches himself to someone new plus he speaks freely about their boring sex life. **Shiv is heartbroken, embarrassed and self-conscious.**

Their painful **break up is observed** by their new wealthy, enigmatic and beyond sexy **Professor Grayson Michaels**. Shiv cannot help but be **smitten** by his classic good looks and imposing presence. But due to school's **strict non-fraternization policy** her attraction is indeed forbidden....

Away from school Shiv keeps running into Professor Michaels as she socializes his step sister. From the onset Professor Michaels **gives her mixed signals**; by parading beautiful women in front of her while letting her know he lusting after her. And he makes **no apologies for his non-committal and kinky ways** nor for **guarding his secrets**. Imagine Shiv surprise when first **he proposes an exclusive clandestine weekend affair.**

“I can be your rebound guy, but that’s it.”

And so their nothing-short-of **tempestuous affair** begins; A rollercoaster, even before it commences, with **set-backs, confusion, secrets, villains, lies, deceit and shockers** much thanks to the complex Professor Michaels, his mysterious past and women vying for his heart...

“Be warned that I like complete control. When you cross my threshold Friday evening, you are mine to do what I please.”

Eight words to describe **Professors Grayson Michaels**: **Enigmatic, jaded, blunt, charismatic, dominant, elusive, possessive and non-committal.**

Seven words to describe **Siobhan Gallagher, Shiv**: **Sweet, naïve, loyal, insecure, indecisive, sensitive and broken .**

Forbidden Attraction is **fast paced** keeping you on your toes. My only wish would have been for Grayson to be a few years older. Not surprisingly **it ends much like it reads – tumultuously!** *Not a cliffhanger* per se, rather at a time when you want to keep on reading. Needless to say I am very much looking forward to book 2, **Forbidden Love** for the **continuation** of their story!

Larger-than-life hero! **Forbidden** and **enticing** plot! **Mind-blowing** sex scenes! **Excellent debut** by S.R. Watson!

“He is raw and gritty with sex, but at the same time he gives me unparalleled pleasure.”

Damn!!!! It's a damn trilogy!!!!

SassyAsby (A.K.A. Mrs. Charlie Hunnam) says

This book..... I tried, I wanted to, but I couldn't! I was really excited to read this book. I love the teacher/student forbidden love dilemma but this book makes me never want to read this particular genre ever again!

Where do I begin; the heroine Siobhan. She was an annoying, weepy, incredibly insecure and just dumb. She follows her boyfriend to college only to get dumped. She totally falls apart and all you keep reading about constantly is her crying about something trivial. She keeps making "drunk" passes @ her professor and when he rebuffs her she falls completely apart....Again! There's one thing I cant stand and that's a weak bitch which Siobhan clearly is.

Then there is Professor Michaels. I hated him too. He didn't come off as sexy, confident or enticing @ all. He came off like a creepy old perv who sleeps with his pretty, naïve and/or gullible female students. That spells "past your prime" LOSER to me!

Also, I just didn't feel a fire or a connection between Siobhan and the professor and I felt no connection to them as the reader. I didn't care about them and I really wanted to.

Next on my "Why I hate this book" list is the writing. The writing is extremely simplistic, rushed and oh so predictable. When I read a book I want/expect the author to paint a picture for me that's detailed enough for me to feel like I'm there with the characters, experiencing the story with them. This book did no such thing. A good book should be an entertaining escape for the reader. This book made me want to escape and find

another book to read. I actually dreaded the idea of having to finish this book. I absolutely HATE not finishing a book once I begin to read it, but life is too short and I didn't feel like wasting anymore time.

Most importantly: Sex. I love me some sex in my books!! I gotta have it and it better be good (just like in real life, LOL!!!). Make it hot, raw, kinky and frequent! Sometimes I only continue to read some books because I know some hot steamy sex is coming my way. Not the case with this book. Oh no! Since I only got to page 82, the one and only sex scene I read was brief and disappointing. After that there was no way I was going to continue to torture myself by turning another page! The sex scene was completely rushed and lacked any kind of heat. How dreadful!

Lastly, Professor Michaels turns out to be wealthy. How original. How predictable. Oh my God this has been done to death! The old story of the wealthy older man who teaches the "virginal" younger character how to give and receive sexual pleasure. I'm so over this. ***Newsflash*** WE NEED A NEW TYPE OF HERO!!!!!! I'm so tired of this same old story. Do all us readers a favor and put this tired cliché of a love story out of its misery!

To conclude my review: yes, I hated this book, but I don't think the author is untalented or unable to write a good book. I just think the storytelling could've been much better than this. Much better. There was nothing fresh, unique or exciting about this story. Would I give this author another chance? Probably not, but I'm just one person and thank God for that because if I ran the world this book would be.....let's just say there would be one less book wasting space on the book shelf. Happy Reading

I received an ARC in exchange for an honest review. Thank you!!

Forbidden Attraction kind of fell into some typical clichés of this genre and NA reads. But, it still was a sensual and entertaining read. I guess, you could sum this story up as: girl (Siobhan) is in a long-term relationship with guy and thinks that he's the love of her life. Guy cheats on girl, girl is heartbroken while guy is off parading with his "slore." And then girl by luck of fate catches the eye of college professor (and he for her) and he propositions her for a relationship of sex only and nothing more. But of course, some drama occurs as the girl finds herself falling for her professor and then his old flame shows her evil face and causes trouble.

My thoughts: **Forbidden Attraction** is like your normal taboo romances where usually one partner is off-limits except in this one, both are: professors and their students cannot be involved. Well, this book covers both points.

With Siobhan and Professor Michaels hitting forbidden territory, it's only matter before the shoe drops and everything comes pouring out and not in a good way.

It's kind of a countdown to when everybody's going to find out about them and what will be the future for these two lovers? Are they meant to be or not?

I mean, with Professor Michaels coming off initially as "Don't expect anything else from me, it's just sex", you can only expect that of course that it is not going to be the case with Siobhan.

It's obvious that even with his shady and sketchy exterior that this facade of his is beginning to crack and he's starting to feel something for Siobhan. But, with his ex and his secrets threatening to tear them apart, it's just a matter of when sh*# hits the fan and where all the pieces fall.

I am now curious as to where the author is going to take book two as Siobhan and her Professor Michael's relationship, if you can call it that, is now at a standstill and a turning point. I can't wait to see what comes next! The ending nearly killed me! Aahh!! *cries*

I was given this for an honest review.. I have to say I was absolutely surprised by this book. Honestly I do not always enjoy the Teacher/student romances. But this was hot, sexy, and panty melting like you would not even believe.

This is the story of Grayson and Sibohan. Sive had moved away from home to follow her boyfriend Liam to the college of his choice. All went very smoothly for a couple years until Liam decides the Sive is holding him back and of course cheats on her and breaks up with her. She is forced to figure it all out without him. Then she meets Grayson and instant freaking hot attraction. Only problem is that He is her teacher.

This was one of those books that I had a real hard time putting down. Once I was engrossed in the story I DID NOT want to leave it. This book is AMAZING and I simply cannot wait for the next one...

Intrigued and wanting to read more....sexiness and a mystery wrapped into one. I want a look inside Grayson's mind (a Grayson POV would be terrific). Guess I have to wait until November to find out what is around the corner for these two.
