One of the best books I have ever read! The family just drew me in and touched my heart.

I like these clean Christian romances by Grace Livingston Hill; however, I will say that her good characters are almost too perfect and her bad ones horribly evil, which can make them amusing although that's not the intent.

Kristine Hansen says

I think this is one of my favorite books, simply because there is so much family to get to know. I love when Grace opens the doors and lets us see a group of siblings coming together, especially on behalf of a parent who needs so much for them to manage things for a little while. The thrifty spirit, the way they all work together to pull off the impossible is a delight. Yes, as usual, the world offers a certain amount of temptations, with a looming disaster. But all comes right in the end, and all that diligence and hard work, and of course unwavering faith (ok it wavers. But it steadies out in the end) is rewarded beyond measure.

Truly lovely book with hints of a double romance. Oh, I wish she had written more about the Challengers to

let us know what happens next!

My favorite parts were the details of life in the early 1930s. :)
