Smuggler's Treasure Robert Elmer

Berlin, spring 1989. Life is good in West Germany, and even the Cold War seems to be thawing in the warmer weather. As Liesl works on a class project about the history of the wall, she stumbles onto a startling secret no one will talk about. Will she ever learn the whole story?

Tarissa says

A fantastic ending to a compelling series! In fact, I think this one might be the best of the trilogy. With the third generation of kids, we again experience Berlin with the Wall still up, diving the city into two.

It is now 1989. Riots are breaking out more frequently. *President Reagan's beseeching words ring continually in everyone's ears.*

Smuggler's Treasure has a good deal of historical details, political intrigue, and... the story is complete with a family secret to boot (making reading to be fun, educational, and mysterious!).

13-year-old Liesl has a school paper to write on the Wall, and doesn't want hers to sound just like all the other students' papers. She needs a personal story, and finds one closer to home than she thought possible. As it turns out, her family has been duped for two generations, and she takes it upon herself to reunite the missing pieces of her family -- against the backdrop of an important moment in German history.

The walls must come done.

I would recommend it for middle-graders and up.

Eileen says

The third book in the series was as good as the first and second. This book brought the story to a conclusion and didn't leave you waiting to see what happened. Very good series.
