Exclusive Access Ava Lore

It's been a month since Rebecca took the job as babysitter to a rock star, and it hasn't been easy, but when Carter and Rebecca finally let down their guards and become friends, Carter takes it upon himself to match-make. Can Rebecca keep her interest in Kent under wraps with everyone watching, or will their chemistry explode into scandal?

Tracy says

This book was awesome too! The story just keeps getting better by each book Ava puts out! You are a great story teller and your character are awesome, sexy, erotic. Thanks again for a great book to read. I like to know when the next book will be out. I can't wait to read that one too!

djdavis~*Sivad*Sex Pocket says

Okay so clearly I have a problem! I got the first book in this series for free and then enjoyed it so much that I immediately bought and read book two an hour later. By then end of book two I realized I was hooked and now I've missed 'literally' the entire day reading half the series. I'm definitely hooked on the story. I'm sold hook, line, and sinker. I love Rebecca's twerky/somewhat sarcastic personality. How Kent is the brooding responsible martyr of the band. Carter, not just another pretty cokedout face. He's actually extremely talented and surprisingly caring.

I'm so happy that this story is so much more than hot sex. I mean don't get me wrong, the chemistry between Kent and Rebecca is HOT, but there's so much more to their connection. It only took me to book 3 to get to the depths of some if there issues, but it was worth it. Now I'll wait until tomorrow before I by the next book.

Jay says

love Rebecca, she's so down to earth & normal. the saying she's got from her parents make me laugh so hard!! mouse farts & sticking dicks in beehives lmao!!

love that Rebecca & Carter actually became friends in this one!

Jenn says

I'd forgotten how frustrated I become when reading multi-part novellas. I feel as if I'm being yanked out of the story just as I'm starting to really get into it. I do like the brother more now, but Kent is still an alpha-hole.

Shreya Kishore says

It was way better than the previous two books. There was some character building and some real plot this time around. I liked it. This story is different than the usual rock and roll books. There are lot of things that are opposite of cliché. There is slow build up of friendship and love. No instant love. There are some unoriginal twists but not many. It was entertaining at the least.

Cherie Phillips says

I'm really enjoying this series, I just wish the author had chosen to just wait and release a really good full length novel rather than four short stories because the story line is great and you just start to get into it and it's over.

Amanda says

Way to kill my hopes with this ending...
I am reading the next book as soon as I wake up in the morning if I can wait that long....
GAH.
I HATE Jason....just sayin'.

Liz says

Another brilliant instalment in this great serial. I love the characters, can't wait for more.

Mandy Saial says

I think this installment was my favorite .It was all raw emotion when Rebecca told Carter about her troubled past and then wrote the bands whole new album for her,as well as help get her and his brother together without caring what it would do to his career.

Call Me Cranky says

NOOOOOOOO!!! I thought this was the last one, but it wasn't and DAMN, what a cliffhanger! Thankfully, I won't have to wait a year before the next one comes out.

Deb Dee (autumn delaney) says

Funny. Sweet. Hot.

Jessica ?~ Book&Coffee Lover ~? says

All I can say right now after finishing this book = Super!
Why, Oh why did I leave this book so long on my Tbr shelf..I can just hit myself on the head for not reading

this sooner!

Hanna says

Well sh*t. I really hoped I could give this full five stars. But with that cliff-hanger ending, no way in hell! :D it was all going so well and I just loved everything and then booom, crash and bang..

Aman says

The story was light and interesting. Good read. The only con is that it was in parts. I don't like having to pay \$2.99 for each part, when if it was one book, I would've enjoyed it more and not felt like I was ripped off.

Lisa says

Agh!! Cliffhanger.....why why why. Just when Kent drops his guard it looks like the wheels have come off the cart. Poor Rebecca...can't even have a minute of happiness. Wonder how many rooms she will clean now. :)

Can't wait to see how the latest drama will effect the band and specfically Rebecca's relationship with the Band.
