I love this series..

I love the strong and intelligent characters that created here. Caled is strong, incredibly sexy and force to be reckoned with. Hadrian's beauty can not be compared...both inside and out. He is so innocent and misguided. Can no one help him controlling his powers.? He travels with an Elder and an apprentice and neither one of them could teach him some small magic that could at least protect him without drawing from life? Well anyway, I am done reading book 4 as well....truly a great series

That was...actually kind of pricey for its length.
Still, Hadrian and Caled...those two have got to be the biggest ironic cock-tease ever.
