Late Night with Andres Debra Anastasia

Rising-star blogger Milla Kierce knows she's arrived when she sees the swag basket in her dressing room on the night of her late-night television debut. But before she can bite into the muffin that symbolizes her success, gunfire echoes through the TV studio. She's just hidden herself (mostly in plain sight) when the door flings open. Instead of a gunman, there stands one of the world's most popular rock stars, Gage Daxson, looking for his own way out of danger.

Thrown together, they'll battle a venomous man seeking revenge and his own sexual pleasure, but they may never leave the building again. Distracted by fear, fame, and infamy, can these two somehow find their way to each other?

Equal parts horrifying and hilarious, Debra Anastasia's Late Night With Andres offers more than a few twists and turns—and, of course, enough heat to keep things interesting.

This was an amazing short story sprinkled with Debra's hilarious sense of humor. I'm not sure what I expected but I should have known. ;)

This short story was funny, serious, scary, and sexy. Oh and a little gross at times, but that's just Anastasia and her awesomeness.

#Greattits and #WTFTheDevilsFart were just a few highlights in the story but we should add

#BecauseCancerSucks

Because Debra wrote this to donate all her proceeds to fighting cancer.

Check it out, it's short and funny and you'll enjoy it! I did.

Desiree Gorman - A Love Affair With Books says

This is Debra Anastasia truly at her best! If you have the privilege of following her on Twitter, you will know that she has a way of saying things that will have you rolling on the floor laughing your ass off! Beyond entertaining, this novella will have you laughing, gasping from the drama and swooning from the sexy.

Just like Debra herself, Milla Kierce is snarky and funny. She is a talented blogger who has been booked on the Late Night With Andres talk show. She's finally getting it all, however, while waiting in the dressing room for her time to go on, a large amount of gunfire can be heard throughout the station. Just as she figures out where she wants to hide, a strange man bursts into the room to hide himself. This strange man is none other than rocker bad boy and heart throb Gage Daxson. Just as they think they have barricaded themselves in, the crazy gunman bursts in and takes them both hostage.

While all this is playing out, talk show host Andres is spying on them from the hidden camera he keeps hidden throughout the studio. When he realizes that this live feed can make his career, he begins streaming it live, thus throwing the whole social media and other media into a tail spin.

Late Night With Andres is an action packed story that entertains and sizzles from beginning to end. Read it to find out how Milla and Gage will try to outsmart the gunman and what role Andres is going to play in this entire scenario.

If you love a hilarious story and hate cancer as much as we do, 1-click this amazing gem. Its worth the money and your time. Debra Anastasia is a comedic genius!

AnnMarie says

OK so when a story starts out like this...

When security showed her to the dressing room, she nodded gracefully and closed the door. But once she knew she was out of sight, she commenced a butt-slapping, hair swinging dance of excitement and victory. She had no way of knowing she was being taped for the late night television show's bloopers reel. Not even a little hint. She added her pretend-I'm-a-drunk-stripper dance, complete with toe drags. Eventually, she petered out and chicken-danced over to her welcome packet the people from Late Night With Andres! had thoughtfully put on the coffee table.

And moves on to this...

He looked like the Devil's fart.

And then this...

#WTFThe DevilsFart

You are probably scratching your head right about now wondering what the blazes is going on, I know I was.

Totally not what I expected but then again, never expect the expected from Debra Anastasia silly rabbits.
points at self

As novella's go, Late Night with Andres was really a very good one. There were engaging main characters, secondary characters helping to drive the story, a main plot, and even a sub plot. Then we had a rocking his own agenda, morally repugnant TV host to balance the zaniness of the story line out.

And least not forget, the incomparable, Devil's Fart.

In my life I have never read a character like him, I didn't know whether to laugh or cry at his creation....hmm....I am going with laugh....pure belly flopping laughs.

Dark, slapstick funny, Debra at her craziest best. I do believe her cheese has finally slipped off her cracker.

And the ending...perfect...

His lips were perfect. And anytime she was able to take her eyes away from him, she had paradise laid out before her. In the nearby forest a host of night animals sang their songs. The surf's pounding was the perfect percussion, and Gage timed his thrusts with the beat here and there. They made love for hours, and when they were spent, Milla fell asleep with her head on his chest. He hummed a song, one of many he would write or her in the years to come.

As Debra would say...2 tits up on this great little story!!

Now remember, there is an amazing reason behind the zany story...

100% of the proceeds generated from sales the novella Late Night with Andres will be donated by Debra Anastasia, Omnific Publishing, and all the staff members involved, to assist in the battle against breast cancer.

Horribly funny

This book was so funny for all the wrong reasons. Debra Anastasia wove a very intricate tale with both suspense and hilarity. I couldn't help but to laugh out loud at the craziness that was Milla and Gages circumstance. I could have kept on reading. 5* for this one. I loved it!!!

Jennifer you were right, I loved it!!

This is the first book that can break me from my gloomy day this Sunday (December 1st 2013). Today I had some sad moments with my family and hear the news about Paul Walker passed away. Gloomy, gloomy Sunday.

So I need distraction from my sadness and grief and I took this book.
And I'm glad I wasn't mistaken by choosing this one.

It's original, dark and funny at the same time. The idea was so good.

And I found this book has so many "fucking" words inside, and the author made it so funny with that swearing things...

You should read this one. This book is funny, sweet, and hilarious...Recommended!

What can I say? Im still peeing in my pants, this is Debra at her best, it's the cheeky Debra I know and love,

who makes fun and tweets and shares rude thoughts while I'm drinking my wine , then hoping not to go to twitter jail. She's doing what she does best and thats making people laugh!!

Milla and Gage were thrown together unexpectedly in a hostage situation which took lots of twists and turns, at most of the turns I was laughing out loud like a crazy woman!

Gage was a singer with a reputation of being a bad boy, and he was sick of being famous, he hated the attention and was struggling in his existence. He wanted to be anonymous and that option was totally unavailable to him until he meets Milla.

Milla was a blogger with a cheeky snarky mouth, people asked her advice on her column and she was forthright in giving her honest opinion . Unfortunately this could get her into trouble, as you'll understand as the story unfolds. I thought she was sassy, she seemed to have little confidence until she got angry and the scenes that unfolded were hilarious.

"Don't look up my dress"

"Im trying to save our lives, not get a peek at your black panties" she punched his arm painfully.

"Did I guess right?" He smiled, trying to get her thinking rational thoughts. If he was going to have a chance of getting out of here alive, this girl needed to at least be a distraction.

"I don't remember what colour they are. I'm just trying not to pee in them."

Their captor was probably the funniest of them all, I envisaged a scruffy old dog with a perverted nature, dirty clothes and smelly breath, and yes I think it worked for me. Im giving him the knick name DF , every time I heard the DF come from Millas mouth once again my knickers needed changing..

This is a novella, I can't give anything much more away , I just want to say that this will make you laugh and cry for all the right reasons, Debra makes me laugh daily but this was a special treat. I was happy and lucky to receive this ARC , this cause is very close to my heart and why not support Cancer with laughter? I speak from experience and everyone needs laughter and light in their darkest days trying to fight this disease. Sufferers and carers alike!! Lets help Debra make someone smile and spread the word about LATE NIGHT WITH ANDRES.

They say laughter is the best medicine, it doesn't cure but it damn well helps and the money donated from the proceeds of this book will be well received.

Well done Debra, and Omnific Publishing.. You are stars. More than 5.. The sky's the limit!

What the fuck did I just read?

This book is awful and degrading, the story didn't make any sense and I finished it just to have the full rights to give an honest, unbiased rating.

I will have a full review up shortly, though I don't promise to leave out spoilers (here's not much to spoil, but..) or keep from using profanity.

Maybe fans of Debra Anastasia loved it more because they are, in truth, her fans. But I did not see any appeal in the story that would otherwise explain the high ratings. But I will leave it your own choice to read Late Night With Andres or not.

I've got a prosthetic baby toe. The bonus is I can take it off and put it on the table when I'm painting my nails. I'm a nineteen-digit wonder.

Late Night With Andres by Debra Anastasia is a novella that will surely grip your attention! Although it's a novella, this book will leave you wanting more!!!

Milla Kierce is a blogger who's about to appear on a late night talk show called Late Night With Andres. She's so excited and can't wait for her "big night". While everything seems to be going according the plan, all of a sudden gunfire erupts in the studio. Milla is in her dressing room and she figures that she should stay there. Suddenly a man comes into the room to hide from the gunman. Milla is so terror stricken that it takes her some time to recognise who the man is. Milla is staring at superstar singer Gage Daxson. They are both afraid, not knowing what is going to happen. Just when they think that they are going to survive, the gunman bursts in...

Late Night With Andres is a comedic novella bound to make you laugh. There are moments that it gets serious but it's mostly comedic. The story is full of action, suspense, cops that cannot stop swearing, romance and of course comedy. It will keep you laughing till the end and totally satisfied by it!

"If you touch anything I normally put in a bathing suit, I'll kill your nuts."

"You're charming."

The characters are realistic but at the same time understand that what's happening to them is one in a million chance. I really loved Gage's POV because it let us "see" who he really was and understand the constant pressure he was under.

The story is fast paced and very entertaining.

"Milla bad ass Kierce? Will you go on a date with me?" .

"Gage drag queen Daxson, I would love to."

I highly recommend this book. It's not only highly entertaining but proceeds from this book will go to the battle of breast cancer as well!!!

Are you serious?!

While I was reading this I thought I was going to pass out or something, in fact, I was trying to make

something to eat and read a line, my knees gave out and I started gasping for air on the floor, I laughed that much.

While reading Late Night with Andres, prepare yourself for a big time F Bomb drop and the biggest amount of shenanigans you've ever read in your life. This is Twitter Debra at her best.

I enjoyed this very much and, I'm not kidding, I started laughing since the very beginning.

Since is such a short read, I don't want to spoil it, but I'll say this, I HATED Andres lol

This novella is worth it for many reasons, but if you need them, I'll give you two:

1. Is really good and funny.
2. Will contribute to kick Cancer's sorry ass.

So go ahead, treat yourself to this great novella and be a part of this amazing cause!

Love and Rockets! M.

Her dress barely covered her mounds of desire.

Crap, don't say mounds of desire. No one thinks of tits that way.

It was truly unexpected and unpredictable!

What a book.

I LOVE Milla. She's a feisty heroine and smart-mouthed. Her wits made me bawled with laughter.

Gage is an AWESOME guy and I so love him. His no-nonsense talking paired with Milla's was combustible.

If I found him in his own band singing his heart out instead of reading him in the midst of danger, I'll be swooning over him even more *sigh*

The secondary characters were amazing even the villains grrr...I want to kill them myself hah:D

It has it all. Romance. Suspense. Action.Humor.and a little shocking drama that had me shouting "Nooooooo".

Great twist and turns in the story which was a page turner and an unputdownable read. I want more!!!

SUMMARY (50 words or less)

All around a cute, funny short story with spirit. This author is a lot of fun and it comes through in her writing. She took a serious situation and added humor and hotness. Not all can achieve this. There are a lot of laugh out loud moments. Solid read.

My Milla and Gage:

***Milla Kierce**, snarky blogger and rising star, is about to be featured on TV talkshow when unidentified madman starts shooting in the studio. But only when famous and sexy rock star **Gage Daxson** comes to hide in her dressroom, all the "fun" begins... Will they be able to escape alive?*

Written in multiple POV, main protagonists found themselves in quite serious situation. But no matter what dangerous circumstances characters were in, I laugh my pants off on some of the dialogues they were having.

This novella was such a pleasant surprise! Debra Anastasia came up with truly original and totally unexpected story. There was action, danger, funny moments as well as some heat. What is there not to love?

And who is Andres? Or The Devil's Fart? I'm sure you have asked this question yourself. If you want to know more about them, you will have to read this short story. And I promise, you won't regret it!

"Society's a classless whore."

As a fan of Debra Anastasia's writing, I feel that she has a flair for incorporating an intense read with her twisted humor (good thing). I find her writing to be one of a kind. I truly never know where she will take me page to page. She is truly unique!

This novella was **INTENSE**. Milla Kierce, a feisty blogger, is in her dressing room awaiting her televised interview on the famous talk show Late Night with Andres. A crazed gunman takes over the floor and starts shooting and entering rooms. When the gorgeous singer, Gage Daxson breaks into her dressing room to hide, these two quickly become acquainted as their lives hang in the balance.

I truly enjoyed this story. I thought it was something different. It was on the dark/heavy side and pointed out all the wrongs in social media today.

Although this isn't a traditional love story Gage and Milla fit the bill quite nicely.

My only criticism would be that it was too short and ended too quickly. I would have read a whole lot more about Gage and Milla.

This was a fantastic read that had me wanting to slap the heroine at times and hug her too. If you love to stalk Debra, this book will make your heart swoon. It's so totally her! If you're a little straight and don't have a swanky sense of humor...well, you just won't fit in with the it crowd. :) I laughed out loud so many times...and that black moment! OMG! Don't miss this read. And all the proceeds are going to a great cause. Do. Not. Pass. Up. This. Chance. At. Amazing. Fun!
