The Arrangement 2 Abby Weeks

If you enjoyed the first installment in the series then you are going to love this. Find out what happens to April next, as she is forced to negotiate her new position within the arrangement. Not only does this story illustrate in graphic detail the encounters that April enjoys at the mysterious Lace Cat lingerie emporium, but it also shows how she is forced to navigate her position among the powerful wives of the arrangement.

It's time you found out what all the fuss is about and got in deep and hot with April Masterson and the mysterious arrangement that she has been forced to become part of.

Rochelle says

Another hot read. I liked this one as more of the story evolves.

Meleka Taylor says

Now all the cards are placed on the table. When a woman knows what type of relationship she is having with a man, whether it be a one night stand, short term, long term, whenever I'm in town type of relationship, it is easier for her to accept what it is and her role in it. April knows what she is doing is all about business. She is all about the security of her and her children. She even realizes that her relationship with Walter was all about security. She is moving on to the next best thing. Walter by myself could only provide a meager living. But with the partners the sky's the limit and she is going to capitalize on that. It ain't like she is a spring chicken; this ain't her first time around the block. She has to use what she's got to get what she wants.

Why can't women in a book come together? All these women are all in the same predicament no matter of she was first or last. They are all prostituting themselves for a living. They are like crabs in a barrel pulling each other down. Kit and the other ladies should be building her up to make a life for herself and gain independence instead of tearing her down.

April is coming to a point where she is concerned about keeping the other men and women happy and neglecting herself. That's what you would call charity. Business is not about charity but about supplying a product for a commanding demand and getting a profit to benefit yourself and your life. Hope April can get a backbone and demand what she wants. Let's see what happens next.

Dawn Crosley says

This series went down hill in a big hurry. The 1st book was quite steamy, this one was not as good in my opinion. Read the entire series because I was curious enough to know how the story would end. Not a series I would recommend.

Mary Mooney says

I received a copy from the author for my honest review, so here it is. This story keeps getting steamier and steamier. April is still trying to figure out what is happening with the Arrangement with the partners. When the wives invite her to go shopping and it turns out the wives take April to a lingerie shop and choose outfits for her. She is not happy with some of them and when she voices her concerns to Walter, he tells her she is replaceable and there are many other women out there to take her place. Can April continue with the arrangement with the partners and their wives? Will she be able to provide the service at a client meeting coming up? Walter tells her she has to do anything to help win the clients over. Great series so far, looking can't wait for part 3.

Gina Hawk says

These books are not for the faint of heart, or the innocent....

but that being said, they are quick & **ADDICTIVE!**

Maria Costantino says

I was disturbed by The Arrangement that April has gotten herself into but also intrigued to find out how she handles it. Don't like her husband at all his an Ass so it Kitty the queen bee.

Eva Luna says

Weeks continues her saga with the same fast pace and shocking storyline that we've been introduced to earlier in the series. The story comes alive with the vivid descriptions and intricate detail that this author puts forth. I also appreciate how there is an actual story leading this tale forward, rather than simply stacking racy scene upon erotic encounter to meet a page count.

By this point in the series I'm really coming to dislike the main character's husband. His character and sense of self-worth is becoming quite clear through the author's writing but he's a less than nice individual and is the type of individual I wouldn't give the time of day. The main character herself is also starting to find her place in the new world that she's found herself in. The struggle between what she wants and what is expected of her is beginning to shine through.

Mike Mansell says

Another great chapter in this great authors book series. Abby tells a great story that keeps you wanting to read more.

Stefanie says

Just when I thought April had gained some kind of control, the wives and her husband show her who has all the power. Kit the queen bee is a work of art....the way she humiliated April I'm sure she will think twice of ever questioning anything else that's said. Kit definitely put her in her place. Can't wait to read the next book.

LastBreath says

April Masterton finally begins to understand the exact boundaries of The Arrangement. In part 1 she was placed on the billiard table for the mens inspection. She readily accepts her duties, ensuring that the life of luxury she desperately wants is secure.

In part 2 she realizes her duties include satisfying whatever Kit Kingsley wants as well. A humiliating experience that solidifies her compatibility with the Partners wives. Independence is taboo; obedience is the only way.

But the faster she sinks into this new life, the more she loses part of herself. Is she strong enough to weather this storm?

This short read features - fetish, f/m, F/f/m, f/f, DP and group sex.

Rebecca Gorton says

After reading 1, you cant wait to read 2. Now on to 3, this really keeps you going.. Just wish I could download them all at once.. so much easier that way.. But happy reading... :)

Tina says

I was disturbed by The Arrangement that April has gotten herself into but also intrigued to find out how she handles it.

Teresa Albin says

This one left me breathless

Learning the ways of the wives, the Queen Wife teaching April just what the pecking order is. The way Walter threatens April. Let's just say this book had me on edge. And I don't mean in a bad way. The sex scenes are way hot. I am so ready for the next installment.

Jonel Boyko says

Weeks continues her saga with the same fast pace and shocking storyline that we've been introduced to earlier in the series. The story comes alive with the vivid descriptions and intricate detail that this author puts forth. I also appreciate how there is an actual story leading this tale forward, rather than simply stacking racy scene upon erotic encounter to meet a page count.

By this point in the series I'm really coming to dislike the main character's husband. His character and sense of self-worth is becoming quite clear through the author's writing but he's a less than nice individual and is the type of individual I wouldn't give the time of day. The main character herself is also starting to find her place in the new world that she's found herself in. The struggle between what she wants and what is expected of her is beginning to shine through.

Please note that I received this novel free of charge from the author in exchange for an honest review.

Carissa Tucker says

ohhh my hot!!

ohhh my hot!!

it really was good definitely wasn't expecting kit. lol but great can't wait to read next one. I wonder how she is gonna be in the rest!
