D.W. Flips!

Marc Brown

D.W. Flips! Marc Brown

He's been on the scene in your stores and selling in big numbers for almost twenty-five years: Arthur, the bestselling aardvark. Now his Emmy award-winning, number-one rated children's TV show, Arthur, has catapulted his book sales to new heights. Arthur has sold in the past, continues to sell in record numbers in the present, and Now Little, Brown offers a fantastic promotion to make sure Arthur and D.W. will be star performers this fall and always. The promotion features an eye-catching display, extensive print and television advertising, and lots of prizes for booksellers and customers, too.

Arthur's been around for almost twenty-five years, and if he's going anywhere, it's up -- in sales and in the ratings! Stay tuned to Little, Brown for more adventures from loveable Arthur, his sister, D.W., and their pals, for now and always.

From Reader Review D.W. Flips! for online ebook

Bobbie says

itss about how d.w thought she was a pro at doing flips and she had to practice casue she messed up

Service Room 12 says

The book was funny and fun to read because it had funny characters. By Humberto

Cana says

Mommy says: Cana picked this one out herself, and both kids always love the D.W. books. In this tale, D.W. learns a good lesson about being a know-it-all and practicing!

Ashlyn Barker says

Young children will enjoy the relatable story of practicing something over and over until you master it. I liked this book and would keep it in the classroom.

Hannah says

D.W. Flips! is a very easy book for children to read. I think it has a very good moral to the story. Not everything comes easy, you must practice in order to get better. Even though she wanted to be in a higher level gymnastics class, she did not have the skills because she had not even learned the basics. The pictures are definitely help tell the story. The text is not the main focus, but for a beginning reader the text shouldn't be too overwhelming. I grew up watching Arthur and reading the books so I would definitely recommend any book by Marc Brown.

Theresa says

good early reader, using text to relate to the television show

Ashlee Hatch says

This is such a cherished book of my childhood! I was so obsessed with it as 3-5 year old!

Gizelle says

D.W. Flips! Is based on the television show. In this story, D.W. is starting a gymnastics class where she knows she will do everything in the first try. When the coach shows how to do a forward roll, D.W. thought she had this in the bag. As it turned out, D.W. wasn't so successful so her first time. The coach tells the class to practice all that they can until they meet again next week. Throughout her week, D.W. practiced her forward roll anywhere she can. The laundry room, the store, and even in the dining room. Back in class, she volunteered to show what she has accomplished, impressing the class and her coach. The moral of the story is that practice makes perfect.

The author used many dialogue throughout the book to give each character their own personality. The tone throughout the book was very cheerful and positive even when D.W. messed up her first time doing a forward roll. Children from any age can enjoy the book, especially if they have seen the television show. The illustrations in the book are very detailed and can give the kids many things to look at and show more of the story than the text. Some pictures show mild humor with D.W.'s parents having their eyes wide open when D.W. tries to practice around them, knocking things over.

Vicki says

This book describes how practice, practice, practice really pays off! Great for teaching kids perseverance.

Chrystal says

My girls tried out her moves.

Justin Castillo says

So sweet and easy for those learning to practice.

Kerry says

Read with my 4yo daughter. It's a board book. Probably better for 2-3yo.

Sweet's Family Bookshelves says

My 7 year old LOVES Arthur and loves his little sister D.W.

Kirsten Mellin says

My oldest is going to start Gymnastics soon, so I got this book as a kind of pre-class preparation. We really enjoyed following D.W. through her gymnastics class and her practice outside of class to be ready for the next class. I also felt like this story was a great way to explain how to follow the coach's instructions in class and how to practice in order to accomplish new things. It was a very simple fun story to read, and I would have to say we all enjoyed it very much!

Dolly says

D.W. learns, practices and then demonstrates forward rolls. Nothing much to it, but I figured our girls would enjoy seeing the girls in a class.
