A swift, funny little story about unlikely allies battling a common foe. Listening to Felicia Day's enthusiastic narration was a genuine pleasure (she does voices! I love when narrators do voices! [except for Jim Dale's Hermoine, that was just insulting, or John McDonough doing ANY female voice, as he always sounds like a crack-addicted clown in a helium tent....but I digress]). It kind of reminds me of the cool babysitter reading your favorite book right before bedtime, but you want to pick a good long book so bedtime will be later, and she doesn't mind. Yeah, listening to Felicia Day is something like that. And this would be a good book for the cool babysitter to read! Not a lot of gore (sure, a sliced hamstring, but that's standard in kiddie-lit nowadays, right?) and there's even a good moral about setting aside differences for a common cause, or something. Anyway, had fun, enjoyed the story, and the narration made it better. Highly recommended.

Jane Higginson says

Love listening to Felicia day she reads with such enthusiasm and uses different voices/accents making it lots of fun to listen too.

Desmond says

Great short story adds a little more to the characters by seeing their beginnings.

William says

Felicia Day did a good job Narrating this story.

Salvatore's first short story in the Forgotten Realms world is a nice journey about Bruenor Battlehammer.

Pretty much his origin story talking about how he went out with a band of Dwarves and showing his leadership into defeating the following Ettin they stumbled across.

It's a nice addition into the legend of Bruenor.

Scott says

Excellent narration by Felecia Day. She does a wonderful job doing various voices of characters within this short story which made this enjoyable.

Hitzuji says

I really enjoyed it. It's my favorite so far of the series. I loved how Felicia made different voices for all the characters (very helpfull since some of the names mixed in my brain). It was funny how the goblins' voices were a little like Gollum's.

David Syzdek says

Very enjoyable story.
