Getting Lucky Maggie Adams

Lawrence “Lucky” Coalson is on the track of the arsonist that torched his older brother’s construction company. The clues have led him to the Mississippi Flame Casino, in Las Vegas, Nevada.

Taking a job as a bouncer there, he hopes to find a connection or even the arsonist. What he finds is a blonde bombshell in a bit of trouble, so like the alpha male he is, Lucky comes to the rescue.

But what happens in Vegas is about to follow him home – and no one is prepared for the consequences.

"Left me cold"

Another episode in the 'create a steamy series' genre. Complete with a recipe list. She did this. Tick. He did that. Tick. They did it together. Double Tick. You get the picture. If this floats your boat then dive in. Whatever happened to believable characters, plausible story lines and leaving something to the imagination?

Rec'd an ARC for an honest review: Got to give it up to our minx Maggie Adams, she can write sex scenes like watching porn only with a plot. Have handy a change of knickers, your panties are going to be twisted and soaked.

Great short read

This book is a great read. It keeps you wanting more. I wish it would not have ended the way it did.

This is my first read by this author and I now realize there is some books that come before it which I think I will be purchasing to understand this one a little better. But I thoroughly enjoyed reading Getting Lucky. It was hot and steamy, quite the read and again I've had this on my kindle for a while and it was the blurb that intrigued me plus the cover. I wish it was a little longer but it was a good quick read.

I received this OMG seduction novella for free to give my True and Honest Review

Maggie has gone and done it AGAIN.

We're seeing Lucky working at the Mississippi Flame where he meets the ever so sexy hard arse manager

Claudia.

He feels like he NEEDS to protect her though Sam's Seal Mate Noah is telling him to steer away as they don't know IF She had ANYTHING to do with the arson, but Lucky doesn't think so and all he wants he realizes is to marry her, but has she GOT ANYTHING To DO WITH THE ARSON..... there is SO much going on and intensity in such a short book, but oh so worth it and I REALLY Can't wait to see what happens next and see what Claudia is up to even IF she is up to anything

I received a copy of 'Getting Lucky' in exchange for my honest review.

Having finished reading 'Getting Lucky' today.... I was surprised at how quickly I was drawn into the lives of the Coalson brothers again, it's been a few months since I read the first 3 books of the series. I highly recommend you read the "Tempered Steel" series in chronological order, the storyline follows through from book 1 & you wouldn't want to miss out on what happens prior to this novella.

I love how all the brothers are getting there own books, it's Lucky's turn in this novella 'Getting Lucky' although I feel like we may get his own full novel too. Lucky is on the prowl, well not for a lady at first, but for information, which leads him to Vegas & taking on a job as a bouncer at a casino..... Oh my what a ride this was, I was lost in the pages & then BAM I'd finished. What a finish! I'm not sure how Lucky & the Coalson's are going to pull through when things come to light. Maggie has me HOOKED & I can't wait to read the next book in the "Tempered Steel" series.

Lawrence 'Lucky ' Carlton comes to Vegas to follow a lead on who is behind the vandalism and arson attacks on the family construction company. He takes a job as a bouncer in a rundown casino owned by the man suspected to be involved.

Lucky falls for Claudia the bartender and manager of the casino. He marries her without knowing if he can trust her. *Getting Lucky* ends with a cliffhanger, which I dislike.

What a great novella to get my motor revved up for Maggie Adams next installment in her Tempered Steel series. Lucky is on a mission but he gets distracted by a busty blonde! What a man! This was a fun and very hot addition, it will have your toes curling.

Maggie Adams never disappoints with her quick wit and saucy banter. I can't wait until November to see what is up with the yummy Coalson brothers.

Favorite Quotes:

It sure wasn't a place where winner came to win; it was more like where losers came to end it.

My Review:

With a considerable departure for the main story, I found Getting Lucky a bit of erotic side candy and a short distraction with a quick novella that details brother Lucky's naughty adventures in Vegas. The Bunyan sized bumpkin fell quickly and he fell hard, but did he fall for an act? I'm not sure... I'm hoping not. However, it ends abruptly with a wicked cliffhanger that would normally have me stamping my little foot and streaming blue clouds, but since I already have the next installment waiting on my kindle - I'm not blasting steam out of my ears as would be my norm.

I fell in love with this series from the first book. Each book builds the suspense and brings you one step closer to finding out who is behind the attacks on Coalson Construction. Lucky Coalson is sent to Vegas to follow a lead about who is behind the accidents. Getting a job in a casino thought to be involved, Lucky meets the manager Claudia. He finds himself wanting her in a bad way. Claudia tries to brush him off but she is unable to. As Lucky gets closer to answers, Claudia is afraid her secret will come out.

Another great book in the series. I know it was a novella, but it was much too short. Yet it is not the end of Lucky and Claudia's story. The suspense is building and things are heating up in more ways than one. Looking forward to the next book. I really need answers.

Wow

What a book! can't wait to read the rest an amazing read! Full of shockers as the book progresses well worth adding to your to read list

Teri says

This was a quick read highly erotic no real depth too short and no real story to go with it. They meet chemistry is high wham bam done. As this author gets more into the series she gets more in touch with the erotic side and less with the story that it should enhance. In all the stories the men are dominant and expecting their women to be subs in the bedroom. ho hum

Deb says

Miz Maggie does it again! Not sure how, but each new book she writes gets even better than the previous 5 star read! She keeps raising the bar on hot & steamy romantic suspense in contemporary fiction ;)... But make sure you have A/C, a fire extinguisher & a cooler of an ice-cold drinks handy when you read this one!! A fun sexy novella that portrays love, family unity, good friends, and smoldering hot sexy scenes with drama and suspense for a multi-genre must read! ... Oh, and a yummy recipe from the story is included :)

I love that it's a spin-off, kind of side story related to her previous books in the awesome Tempered Steel series :) Always different plots and never a boring story-line will keep the reader engaged and the pages turning, plus great attention to detail & developed characters that you would like to meet, if only they were real :)

By now, you will realize that I never write spoilers, as there are always plenty of other recaps to watch out for ;) ... Even though I was given an advanced reader copy in exchange for an honest review, I will still buy this for in my, "MUST KEEP to READ AGAIN One Day" folder :D lol ...

So mark your calendar & add this to your must read and TBR list now! ... After it's released, please help support another wonderful Indie Author with your purchase and honest review :D
