Amanda says

I was disappointed to find that these stories are just episodes of the show in written form. Or vice versa -- I saw the episodes first. Now don't get me wrong, I grew up reading episodes of Star Trek in book form without seeing the episodes first so I am capable of enjoying it, but ehh. Ozman is obsessed with the story of Kevin Meets Cranky, wherein Cranky blames all his problems on Kevin and Kevin is such a doormat starved for attention that he doesn't mind and almost gets in trouble for helping.

Anyway, it's a good collection to read to the kiddies though.

We read it at bedtime every night it was home with us from the library.
