## From Reader Review Last Call for online ebook

### Kirsten says

I couldn't believe that the killer was Scott! But it's like that saying, "Keep your friends close and your enemies closer". From what's happened in the previous books, you would never have suspected Scott to be the killer. But that's why he was always so understanding with Kirsten. He didn't seem that upset about Sam's death like everyone else was. It blew my mind!

### Amanda says

I loved the entire trilogy. it was up to date and a very fast paced read

---

### Geli says

I completely LOVED reading this trilogy. Getting to the last few pages of the third book I had to stop myself from reading ahead. My friends and I read this series together and had our own theories of who the killer might be and when it was finally revealed we were shocked. Reading these books is a complete thrill ride. Now knowing the outcome I am so going to read it again. I say everyone should add this trilogy to their collection

### Dustpuppy says

Don't bother.

### Justin says

I knew what was going to happen nearing the end but I was still loving the possibilities of what it could be

---

### Amber says

This was an overall thrilling series. It was different from what I usually read, but none the less, it was amazing!

### Elizabeth says

I don't remember enough about this book to write a full review. But I read this series probably about 2 or 3 years ago. And I was in LOVE with it. I'm writing this review on the third one because I couldn't find the

third one to buy anywhere or my local library. And so I kind of just gave up and figured I wouldn't be able to read it. Now-a-days, I would search forever to find the book, but let's be honest, it would have been on Amazon (and it is...)

But I went to the library with my cousin, and I FOUND IT. But she told me she would rather me not bring it home just in case I wouldn't see her for her to return her. So I ended up finishing it that night at her house. I had to stay up all night, but it is SUCH a good series that it was really no problem whatsoever. I just remember thinking that this series had changed my life, but looking back on it, that was probably a bit ridiculous. It really is a great series though, and I'm totes gonna do a re-read soon.
