Lakeside Peril Lenora Worth

ENEMY WATERS

Chloe Conrad suspects foul play in the plane crash that killed her sister—and she's determined to hire private investigator Hunter Lawson to prove it. But convincing the former Special Forces operative to help isn't easy, especially since he blames her family for his sister's death. Hunter sees something familiar in Chloe's hunt for justice—and he can't leave her unprotected when he realizes the killer's switched focus to her. As they search for clues, he's beginning to wonder if his enemy's daughter could be the person who helps him heal from his painful past. But neither of them will have a future unless they find a way to unravel the twisted conspiracy that threatens both their lives...

Pam says

Lakeside Peril is a Men of Millbrooke Lake book by Lenora Worth. It is a Love inspired suspense by Harlequin. It is just a little slow starting out; but gets very interesting and the action picks up as you read. You find yourself trying to figure out what is going on before Chloe and Hunter figure it out. Chloe Conrad of Oklahoma goes to Florida to get Hunter Lawson, a former Special Forces operative, to help her find out who killed her sister Laura and why. Hunter resists because he has had enough of the Oklahoma Conrad's to last a lifetime. His sister married Chloe's stepbrother and it caused her death. He had been the only one interested in finding out who caused her death and didn't rest until Chloe's stepbrother was in prison. It didn't help in his grief; but staying out of Oklahoma was a priority of his. Now Chloe had come to beg him to help her which meant going back. Could he help her if he decided to? Would he help?

Cathy Cermele says

Wow! What a great and fast paced story Lakeside Perils turned out to be. I wasn't sure what to expect because this was a series that I was unfamiliar with and this was the first book that I've read by Lenora Worth. I can say that I think this book can easily be read as a stand-alone and I will be reading more books by Ms. Worth. Her character development and writing are superb. I loved Chloe and I loved Hunter. Together they were perfect as they worked to find clues that will help them heal and move forward with their lives. This has the perfect amount of suspense to keep you in the edge of your seat. If you like an action-packed story, this is one I recommend.

Nancy says

Such a struggle 2 finish! I have read LW's romances and enjoyed them but this I did not like. What plot? Made no sense and the romance was so not believable! And probably I should just avoid this Love Inspired Suspense series as I suspect their requirements r what's irking me most.

Alisha says

3.9

Janis Kay says

That kept me second guessing every turn!

What I had an issue with is not only the title, but the cover itself. It's supremely misleading! I honestly thought this was happening at a lake house or somewhere with a lake...nope. So, please be advised that - while this story is really really good- you should not pay any attention to neither title nor cover.

Harlequin Books says

Miniseries: Men of Millbrook Lake

Jasmine says

Exciting adventure! Thrilling romance! Terrifying danger! What a fun read!

Pam Graber says

This series has been great. It went back and forth between the Love Inspired line and the LI Suspense books which was an interesting approach. I was glad to see that the dark, brooding Hunter got his own story. While this was a series, you don't have to have read the rest for this Lakeside Peril to draw you in. The suspense in this one was fantastic! I definitely recommend!

Jennifer says

Lenora Worth is always turning out great books and Lakeside Peril was super good! Highly recommend!

Janet says

3+ stars

Debbie says

Wish I could give it 4 1/2 stars. This is the first book I have read from this author and I really enjoyed it a lot. She kept you interested from the first page to the last. I could not put it down. This book I had read in about a day. Chloe is determined to find out who killed her sister. While she is trying to figure it out herself she finds she can't do this alone so she goes looking for a PI. She goes looking for Hunter Lawson but he isn't interested since he thinks her family is the reason his sister is dead. It has you from the first page to the last. A very fast read.

Becky Lee says

Disappointed. I didn't feel connected to Hunter like I did in the other books.

There were some continuity issues that spoiled the story for me. After one where I couldn't figure out how a character could walk out of a room when they were in a car, I had to put the book down for a while.

Kimberly says

I've always enjoyed this author and this book lives up to my expectations...really enjoyed it!

Laura Cook says

The first part of this book had me a bit confused. All the information seemed to be random. It got better about halfway through.

However, I felt the "love" connection came out of nowhere. All of the sudden they were wanting to kiss the other and thinking about the future. I didn't think the characters meshed well and there was so little information on Hunter. He was really a mystery throughout the book. He did a lot of grunting.

Some of the ending was a surprise but the crooks were not. Had it down at the hospital scene.

The ending seemed abrupt and the HEA was just tossed in there. Didn't feel complete.

I felt like I pushed myself to the end of the book and then was horribly disappointed.
