Tempting the Badman Hayley Faiman

At five years old, Inessa Kozlova is exposed to the dangerous power a badman wields. Now, twenty years later, she's convinced that a badman is the last thing she wants in her bed. Strong, beautiful, and independent, she's determined to live the life she wants on her own terms. Yet, from the moment she lays eyes on her Bratva lover, her heart demands otherwise.

Dominik Markov owes his life to the Bratva. Having grown up in prison, he associates his ties to the mafia with liberty. Embracing his freedom, he takes all that life has to offer—including all the women he can get. Known as the Bratva playboy, settling down is not his idea of happiness, and love is a mystery he wishes not to solve.

It doesn't take long for Inessa to learn that the power of love is more dangerous than that of any man, and she's no match against her feelings for Dominik. Yet, it's Dominik who is brought to his knees—tempted by the only woman who has ever made him want more. Discovering that the cost of more is surrender, he must decide what kind of badman he really is—and if the woman who tempts his heart is worth it.

**** Recommended for readers 18+ due to language, violence, and sexual content**

Tempting the Badman

Oh boy...ok first let me say I did like the book, but I wanted to murder Dominik so many times lmao. There were so many times when he was just an idiot and didn't explain things when it would have solved the problem.

Cheryl Norris says

Hayley has done it again. I love her Russian Badmen and Dominik is no different. Compared to the others, Nik is more closed off, he knows what he wants, but isn't sure the best way to go about getting what he wants. Inessa loves him and has loved him pretty much from the time they met, but Dominik isn't sure what love is or what it means. He didn't come from the best circumstances, he didn't grow up experiencing love, so how can he know what it is? As with most couples there are multiple road blocks and barriers in their way to their HEA, but I loved the journey of this couple. Given how they started their relationship and how anti-Russian Bratva Inessa was, they had their work cut out for them.

If you have read the precious books in this series, you will not be disappointed in this book. To me, each book gets better and better. 5 stars for Tempting the Badman.

Jennifer Pierson says

Inessa Kazlova is exposed to the brutal badman at five years old, and it's something that has stayed with her. And twenty years later, she knows that a badman is the last thing she'll ever want in her life. Inessa is proud, beautiful, successful, and independent who lives life on her own terms. And even though she now has a Bratva lover, she still does everything she can to keep it on her own terms, no matter how many feelings have developed. Dominik Markov is loyal to the Bratva, as they saved his life when he was young and dumb. Now he's worked his way up the ranks, not to mention, all the woman he has had in his bed. He's convinced that he will never love anyone, so when he gets offered a contracted marriage as a young man, he signed it, but has never actually married the woman. However, one of his lovers, Inessa, decides that she doesn't want to sleep with him anymore, he decides she will be his whether she wants to be or not, as she's somehow wormed her way under his skin. But will the price of making her his be too high to pay?

Well my girl crush here has knocked another grand slam out of the park with Tempting the Badman! I know she's brilliant, but how in the hell she keeps upping the ante with each book she puts out, is simply AMAZING! Plus, no one pulls out all of my girly girl emotions in such dramatic fashion like Hayley Faiman does! I ran the gamut of emotions throughout this intensely explosive story! My rage obviously comes out in force when these Bratva men try to change their ways, as I'm always ready to kick them in the junk. Then my angst level gets high, because I end up feeling the strong woman's, in this case Inessa, feelings like they're my own. Anyway, you get the picture. Hayley Faiman diabolically brilliant writing style, once again, held me in my seat, heart racing cover to cover. Her evil twists and turns had the dogs barking when my loud f-bombs dropped throughout. Super steamy, FIERY FLAMES of sexy scene goodness pretty much set my whole panty drawer on fire, and there were well placed humorous moments that got me laughing. It doesn't

matter what she comes out with next, I'm going to be super excited! HIGHLY HIGHLY HIGHLY RECOMMEND!

4.5 stars

Another Mafia hit. Add in steamy times and a hot Russian and it is like a festus dream. I'm so glad I found this series.

Tammy Cole says

I loved these two so much! Dominick is the ultimate Badman. He's not the sweetest of these men but when he falls for Innessa everything changes. I think these two are seriously meant for each other. I fall more in love with this series as I read. I can't wait to read more.

5 Stars

Hayley has had me hooked from the beginning. Being able to bring a character from their lowest possible place, to having hope for a better life is amazing. Allowing a character to be bad, but still ensure the goodness within them is a great talent.

When unthinkable things happen, life changes for young Innessa. When you love someone, but despise what they stand for, one must make a choice, but sometimes, there really is no choice. Innessa wants nothing to do with the life of the Bratva, but circumstances have a way of changing your path. Living her life as she chooses, Innessa makes sure she lives her life as she wants. Her relationships are on her terms. Keeping herself at a distance, her current relationship is intense and satisfying but she does not get emotionally attached, although she could easily do so.

Dominic knows when not to push his relationship with Innessa, but Dominic doesn't realize Innessa's connection to the Bratva, until it's almost too late. Dominic must undo the future he signed up for. His future was set up when he was a teenager, but that future does not include Innessa.

Both characters find their own paths toward what they really want and what they can have. I love how the men are powerful and ruthless but also committed to the women they love and they make sure they feel their love.

Espresso-Girls Just Wanna Have Books ; A Mafia Romance says

I want more!!! I NEED MORE!!! Ermagawd! Dominik is EPIC!

Ok so don't panic. There is a bit of confusion in the beginning of the book. Around twelve percent you're like "aha"! So that's why.....

Dominik is a total caveman with prehistoric tendencies. He has no clue how to treat a woman or be in a relationship with a woman outside of physical intimacy. Your reaction to things coming out of his mouth range from serious eye rolls to laughing out loud! Inessa is definitely the other half of his soul. She has the patience of a saint which is imperative when dealing with Nik. Their relationship is dramatic, funny, and sooooo REAL! In addition to their storyline, their Bratva cell has a butt load of problems from the Irish mob to the Cartel. Seriously dramatic and graphic scenes thank the book gods!

This story NAILED every requirement for a five star read! TTB is a must read for mafia addicts. The story is part of a series but can be read as a standalone. The story doesn't end on a cliffy! It ends beautifully!

Five stars!

Carol says

Loved This Book!

Another great Bratva book! I loved that part of Nessa's background and childhood was provided in this book. This story picked up where book #4 left off. A captivating, passionate, romantic and sexy story. The Bratva men as always cherish, protect their women destroying their enemies and others that betray them. it is gratifying to see books that loop, weave and intertwine with each other, catching up with familiar characters and old allies, the Notorious Devils MC. It broadens the enjoyment of the storyline. We see the tumultuous relationship between Dominik and Nessa that makes their relationship so explosive. Nessa's patience and love healed Dominik allowing him to admit his love to give them their HEA. Ready for future Bratva books and the Notorious Devils new book.

Heather Thompson says

Wow

Another great book and a brilliant story line . Love the characters they are so real love this whole series thank you for being such a great writer

♥?Fantasy Land Blog Book Reviewer♥? says

Dom is a jerk, plan, and simple. But he can be redeemed.. He just needs the right woman.

Nessa wants nothing to do with the mob. And Dom is all mob. But their chemistry is so hot they burn each other.

Dom needs out of his arranged marriage and he is having a lot of fun with Nessa. And the only way out of his soon to be nuptials is to get Nessa pregnant or to find his fiancée screwing someone else.

Nessa is not big on either option. She wants to be left alone. But you don't always get what you want.

This is another great emotional rollercoaster by Hayley. ?

MischaS_ says

[She has to get pregnant because otherwise Dominik is supposed to marry someone else. But there are several loopholes. a) Dominik can get someone else pregnant

K.S. Rochell says

This Badman make me weak in the knees!! Who doesn't love sexy wicked alpha??? This book was beyond amazing I just can't get enough of Hayley amazing Books she is so talented get ready for another perfect addition to the badman series!

Kelly Fountain says

Dominick and Inessa, just like the others, did not disappoint. Another great mafia story from Hayley. We have plenty of hot scenes, threats of death and having to fight for your man. Can't wait to continue on with this series.

Sara says

AHHHH so good!!

Maureen Shirley says

DOMinated

Yet another tantalizing page turner in this Badman series! Despite wanting to read about their baby being born there's no doubt this hardcore yet sensual Badman will be front and center. Nik and Inessa's story is as steamy and sexually charged as his Bratva Brothers.
