wow this was HOT!

although it is my least favourite out of the books she has wrote but is still was amazing, i just love how over the top obsessive her hero's are.

and for some reason i actually really liked how the heroine's dad cut off contact with them, i always found it a bit unusual how the dad is so accepting in these types of books, so that was a pleasant surprise. :)

Candice has been lusting for her father's best friend. Logan saved his life in Iraq while Candice was just a fetus. When she was sixteen and her father was getting remarried, she was the maid of honor and Logan was the best man. They danced together and all she could think about was bedding the tattooed stud. When she went off to college, she made sure it was close to Logan. Logan drove her to her dorm and the whole ride killed him. He gave her his phone number and told her to call anytime.

Candice got arrested and she was afraid to call her father, so she called Logan who rushed to her rescue, looking at his tattoo of a piece of candy, his own personal dedication to Candice.

Candice saved herself for him, never being with another guy and she tells him she is all his. He is so alpha he tells her if he takes her cherry, he keeps her forever.

Does it happen, or does her father stop it from happening?

This a quick story about Candance and Logan. Candance is a 19 year old virgin and the daughter of Logan's best friend.

The general premise of this book is good. However, I found that the indecision on Logan's part gets redunant and unconfusing. It is unclear about Logan's intentions towards Candance. One minute he stops any interactions with her. The next, Logan is full speed ahead with declarations of forever. I understand he is supposed to be conflicted with having a relationship with Candance but, the way it is written it does flow evenly for me.

Once again, I liked the story but, I believe it could be tweaked to be even better.

LMAOOOOOOOOOOOOOOOOO!!!!

Right so sometimes i love to read trashy sex books because some of them can be quite fun and also all the seemingly fantastic sex (hello). Now, most of them like this one are just freaking hilarious with the way the whole sex fantasy plays out... I'm guessing seeing from all that i've read so far that the top fantasies for these authors are:

- Having a man that looks like serious beef cake. like you know those guys you see on Men's health magazine and like their muscles are just like well sculpted and you just want to throw yourself on them and go "take me"? yeah those kind

- Having a man who looks like a beef cake telling you he want's to plant his seed in you. Not sure what it is about babies, but damn these authors make their female characters lose their panties so fast when male MC goes "i want to plant my seed in you".

- Virgins.. You'd think with the whole liberation and all that having a virgin Female MC wouldn't be such a big deal. Boy, would you be so wrong. Apparently there's an appeal for that which is kind of weird now that i think about it, cos i doubt these books are marketed towards virgins. or are they?? or maybe they're trying to tell us men prefer virgins????????????

Painless first time sex... LOL i know, i know but ugh it would be nice if there's a pinch of reality in these books.. Ok so for this novel the female MC is a virgin and the male MC is apparently well equipped.. and for her first time the sex position they go with is the doggy style.. Not here to give sex ed but ummmmmmm that position for a first timer and he went in like wham!!! and not even a whimper LOL.. starting to question everything really..

Always Horny.. I mean is the ultimate fantasy always to have sex and not have conversations??.. Like i'm thinking that would probably cut into my novel reading time, or series watching time.. I mean even when they shower, they want to have sex.. weird....

Ahh yes the lack of goals for the female MC. Gotta admit there are days when i get up and i'm like i wish i was married to one super rich Alhaji or like Dangote or Zuckerberg or well just some rich dude so i never have to work again. but i mean c'mon every single one of their goals is to be barefoot and pregnant.

Flirting with statutory rape: Likeeeeeeeeeeeeeeeeeeeeeeeeeeeeeee, i meannnnnnnnnnnn.. This is a common enough thing dude is like some ancient age and he starts lusting after the girl when she's like 15 or something. i meannnnnnn likeeeeeeeeeeeeeeeeeeeee.

Anyways don't get your brain cells twisted, this book was ehheh okay. Right amount of trashy i guess.

This is Olivia T. Turner's first book but it's the last one I read and her writing has definitely improved with each book. I enjoyed this book but it wasn't my favorite one of hers so far. Candice is 19 years old, attending college out of state to be near the man she's crushing on. Her dad is ex-military and was very strict with her and he definitely wouldn't approve of her lusting after his friend. Logan Taylor saved Candy's dad from being taken prisoner by insurgents when they were in the military overseas. Since then they've been best

friends even though they live in different states. Candy gets arrested and instead of calling her father she calls Logan with her one phone call. Logan knows his friend would kill him if he knew the dirty things he wanted to do to his daughter but he's not sure he can stop especially when he sees her again for the first time in two years.

Candice deserves a real man.

A real man who will touch her properly. A real man who will treasure and treat her like the angel that she is. A real man like me.

Damn, that's hot! I love insta-love and insta-lust stories. They're ridiculously out of control and with that factor in mins, just so erotically charged.

This short insta-love story features and nineteen year old Candice and her daddy's very naughty best friend, Logan Taylor. When Candice gets arrested she decides to call Logan instead of her controlling Father. What ensues is a night neither of them will ever forget.

4/5

Hot fast safe read

- OTT alpha male
- insta love (when she's 16)
- H has celibate since she was 16 when he started having feelings for her.
- No mention of his sexual past at all, but not a virgin
- virgin h
- H was obsessed and possessive since she was 16
- no ow/ Drama
- Only pushing away till she was old enough
- HEA with epilogue 10 years later

On a side note I was disappointed that the h's dad just cut them off completely once he found out about them.... I kinda thought the whole point of "my dads best friend" was the dad having to figure out their new relationships with having his best friend and daughter together..... just my thoughts

Another steamy one!

Wow! Another hot, steamy safe read from this author. I am looking forward to what else she comes up with next.

- no cheating

-no ow/om drama -if he was with others after he first saw the heroine when she was 16, it's never mentioned. Only that he was obsessed with her.
-older man/younger woman - she is 19 but his age isn't mentioned
-no pushing away (he stayed away because she was younger and his best friend's daughter but once she was back in his life, he was with her)
-decent wrap up epilogue-10 years out

A One-bite Dad's Best Friend Story

Candice, in trouble, calls her longtime crush, Logan... and her dad's best friend handles everything from there.

I usually don't like stories where the plot has no real function other than to get to the steam, but Logan was so over-the-top, he matched Candice for emotionality (in a good way). So, take this as a bon mot; a nice taste, quick and one-bite.

5+++ Stars

I was so excited to read a book by Olivia T. Turner. And finally, I already did! I loved it! A perfect OTT hero and a likable heroine. I just hope she's a safe author because I'd love to read every book of hers.

The story is about Logan and Candice.

She got arrested and she's only allowed one phone call. She called Logan to bail her out of prison.

She has a crush on him since she was 16 but she thought he sees her as his best friend's daughter. What she didn't know is that he's obsessed with her. He wanted her for so long but she's too young and not yet legal at the time.

I love how protective he is to her. That he'll do anything to keep her safe.

And there's a nice epilogue. (view spoiler)

I really enjoyed this book. I devoured it in one sitting and wasn't once bored. I cannot wait to read Olivia T. Turner's next release. If you're looking for a fast paced steamy romance with an older alpha then you will enjoy this book. I liked both the hero and heroine and the sexual tension between them had sparks flying. I liked how alpha Logan is. After years of resisting temptation, he finally gave in to his need for Candice. I liked Candice and wanted her to finally get her man. I just wish this book were a little longer, I wanted more! This story is hot and the epilogue/ten year's later is just as hot! The storyline for this book is easy to follow and an enjoyable read.

When Candice is arrested for defending herself, she has only one person she is willing to call to bail her out. Knowing she cannot call her strict father, she calls his best friend Logan. Having had a crush on Logan for years she moved to a college near his home.

Logan has wanted Candice since he saw her at his best friends wedding. With the fact that she was too young and his best friends daughter, Logan never made a move on her. Thinking about Candice everyday and not claiming her as his is getting harder for him. When Logan receives a call off of Candice in the middle of the night saying she has been arrested he is quick to help. When Logan decides to take Candice back to his house, will he finally give in and claim her? Will Candice finally get her man?
